[57] CLAIM

The ornamental design for a water ski safety flag, as shown and described.

DESCRIPTION

FIG. 1 is a rear, top and right side perspective view of a water ski safety flag, with the flag in the retracted position, showing my new design;

FIG. 2 is a rear, top and right side perspective view of a water ski safety flag, with the flag in the extended position, showing my new design;

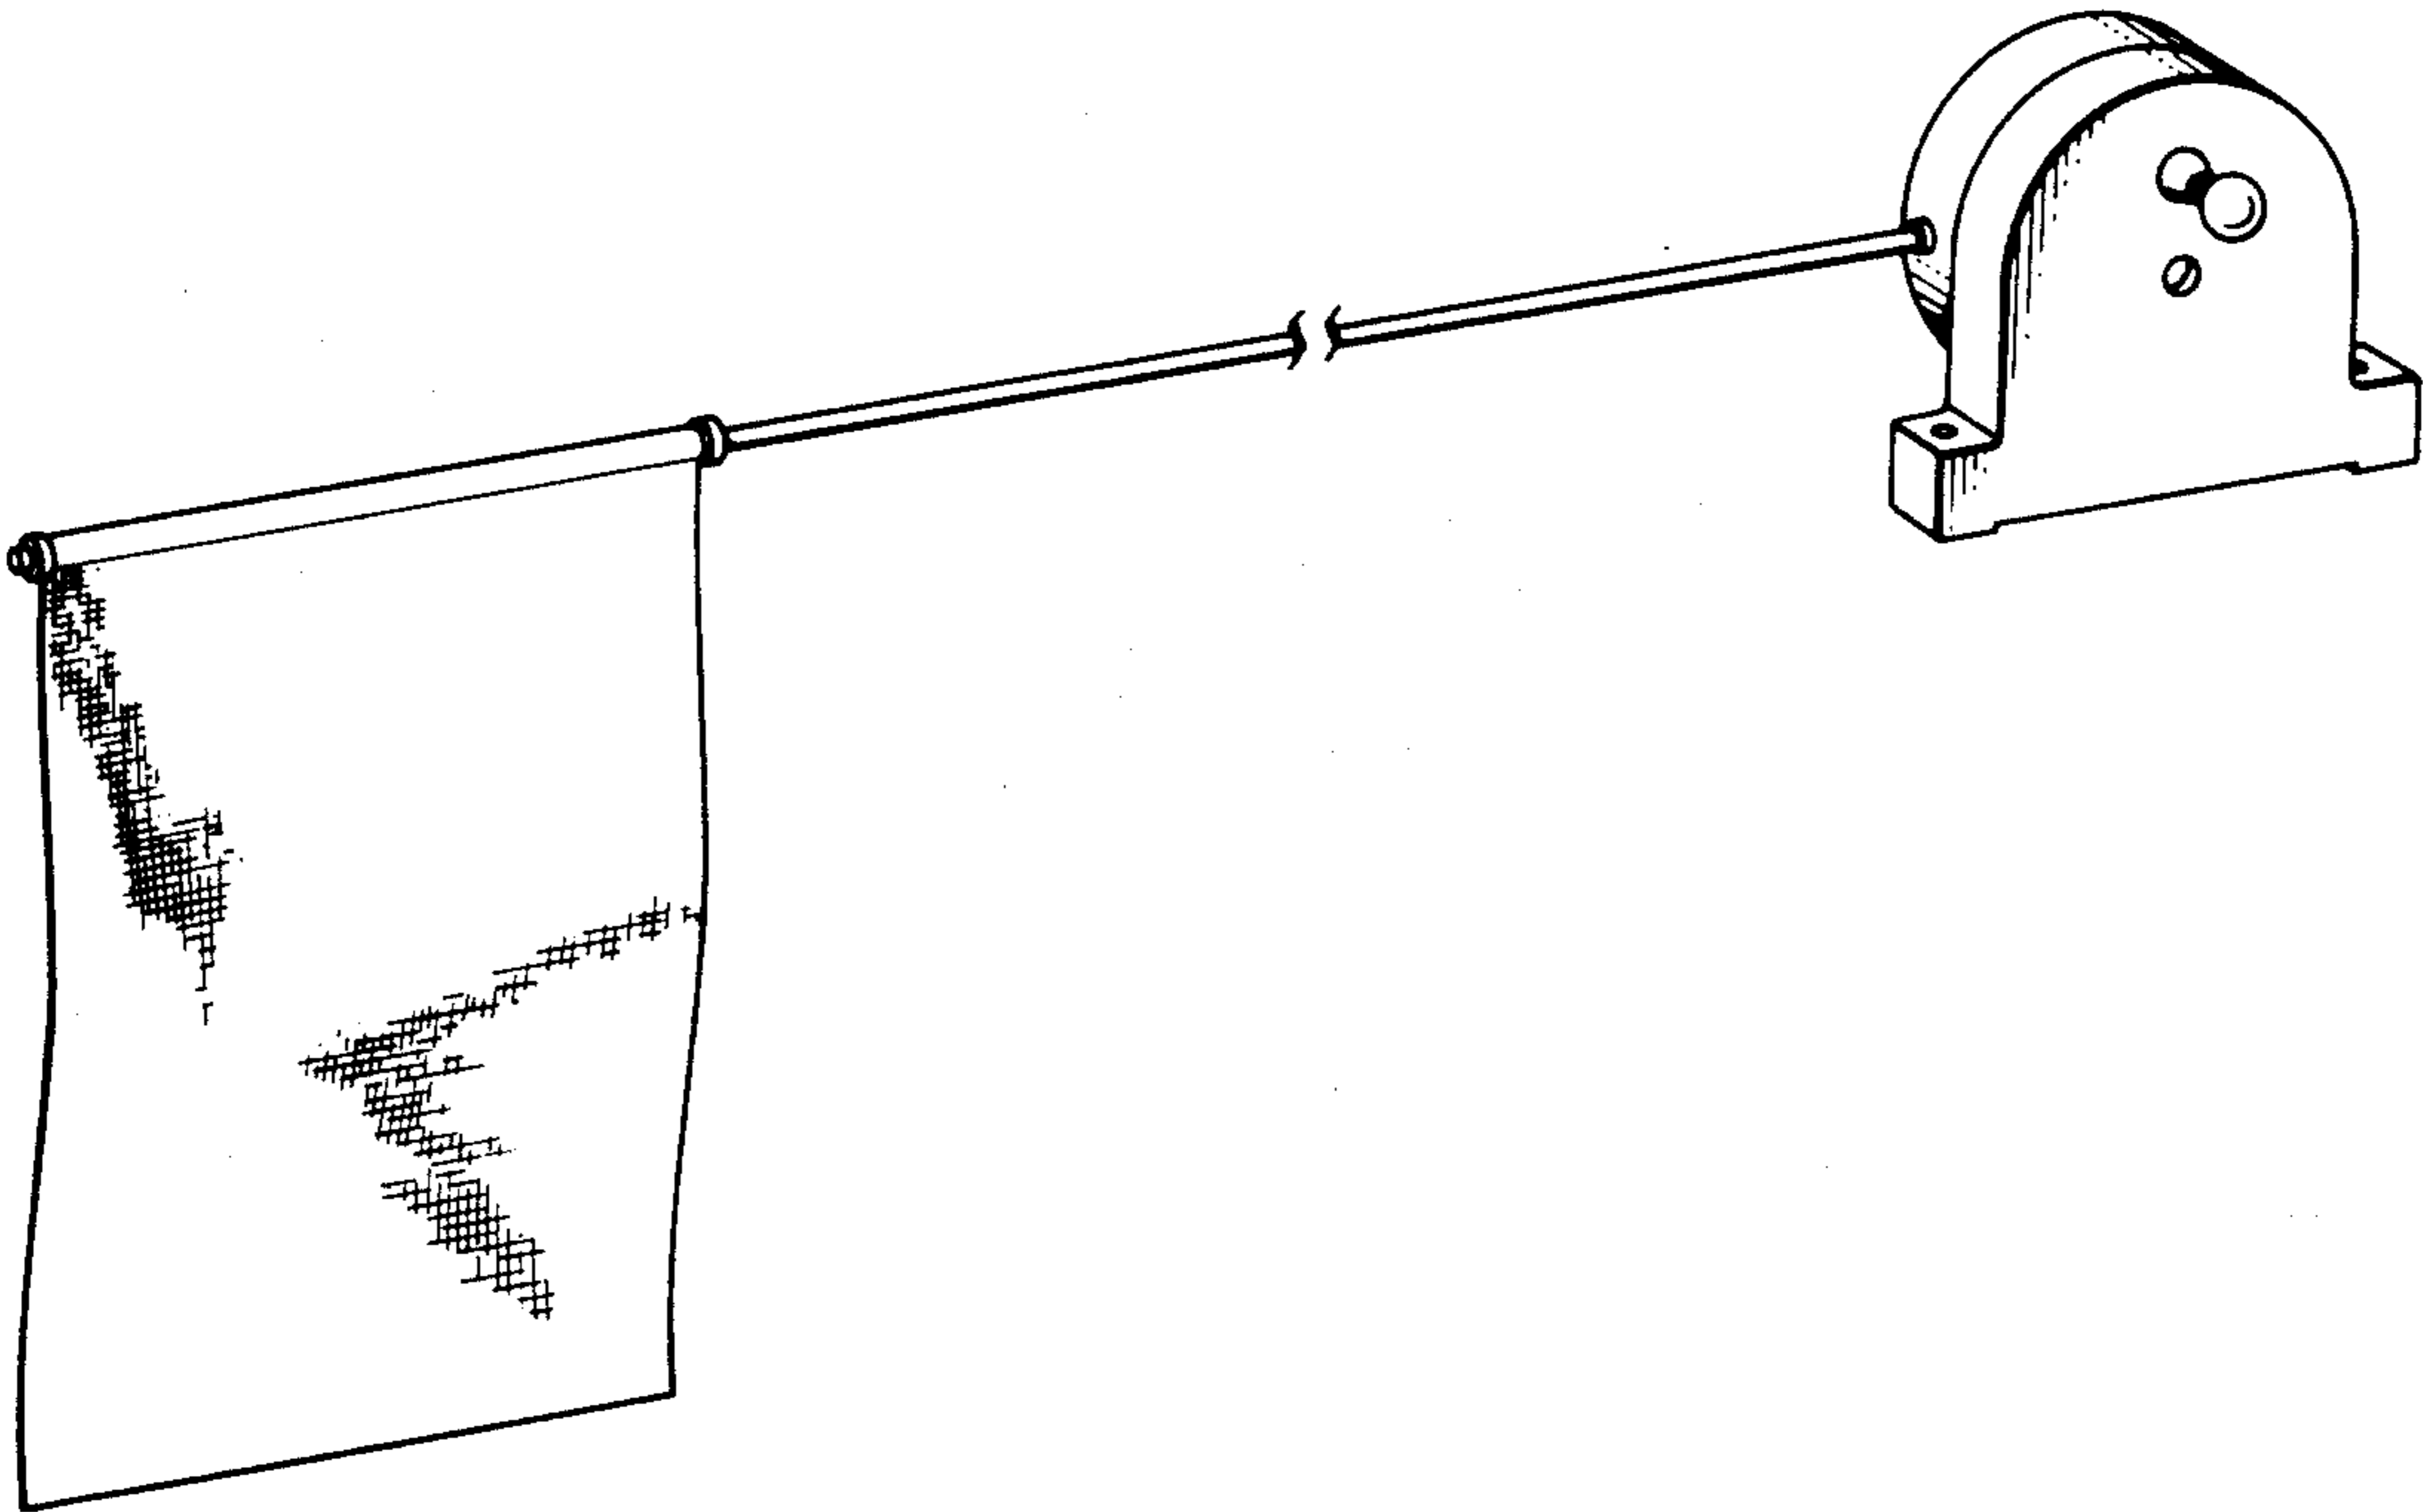

FIG. 3 is a top plan view, with the flag in the extended position, taken on the plane designated by line 3—3 of FIG. 2;

FIG. 4 is a right side elevational view, with the flag in the extended position and broken away;

FIG. 5 is a front elevational view, with the flag in the extended position and broken away, the rear being a mirror image thereof; and

FIG. 6 is a left side elevational view, with the flag in the extended position and broken away.

The flag is broken away in FIGS. 1 and 2 to indicate indeterminate length and is fragmentarily shown in FIGS. 3 through 6 for convenience of illustration.

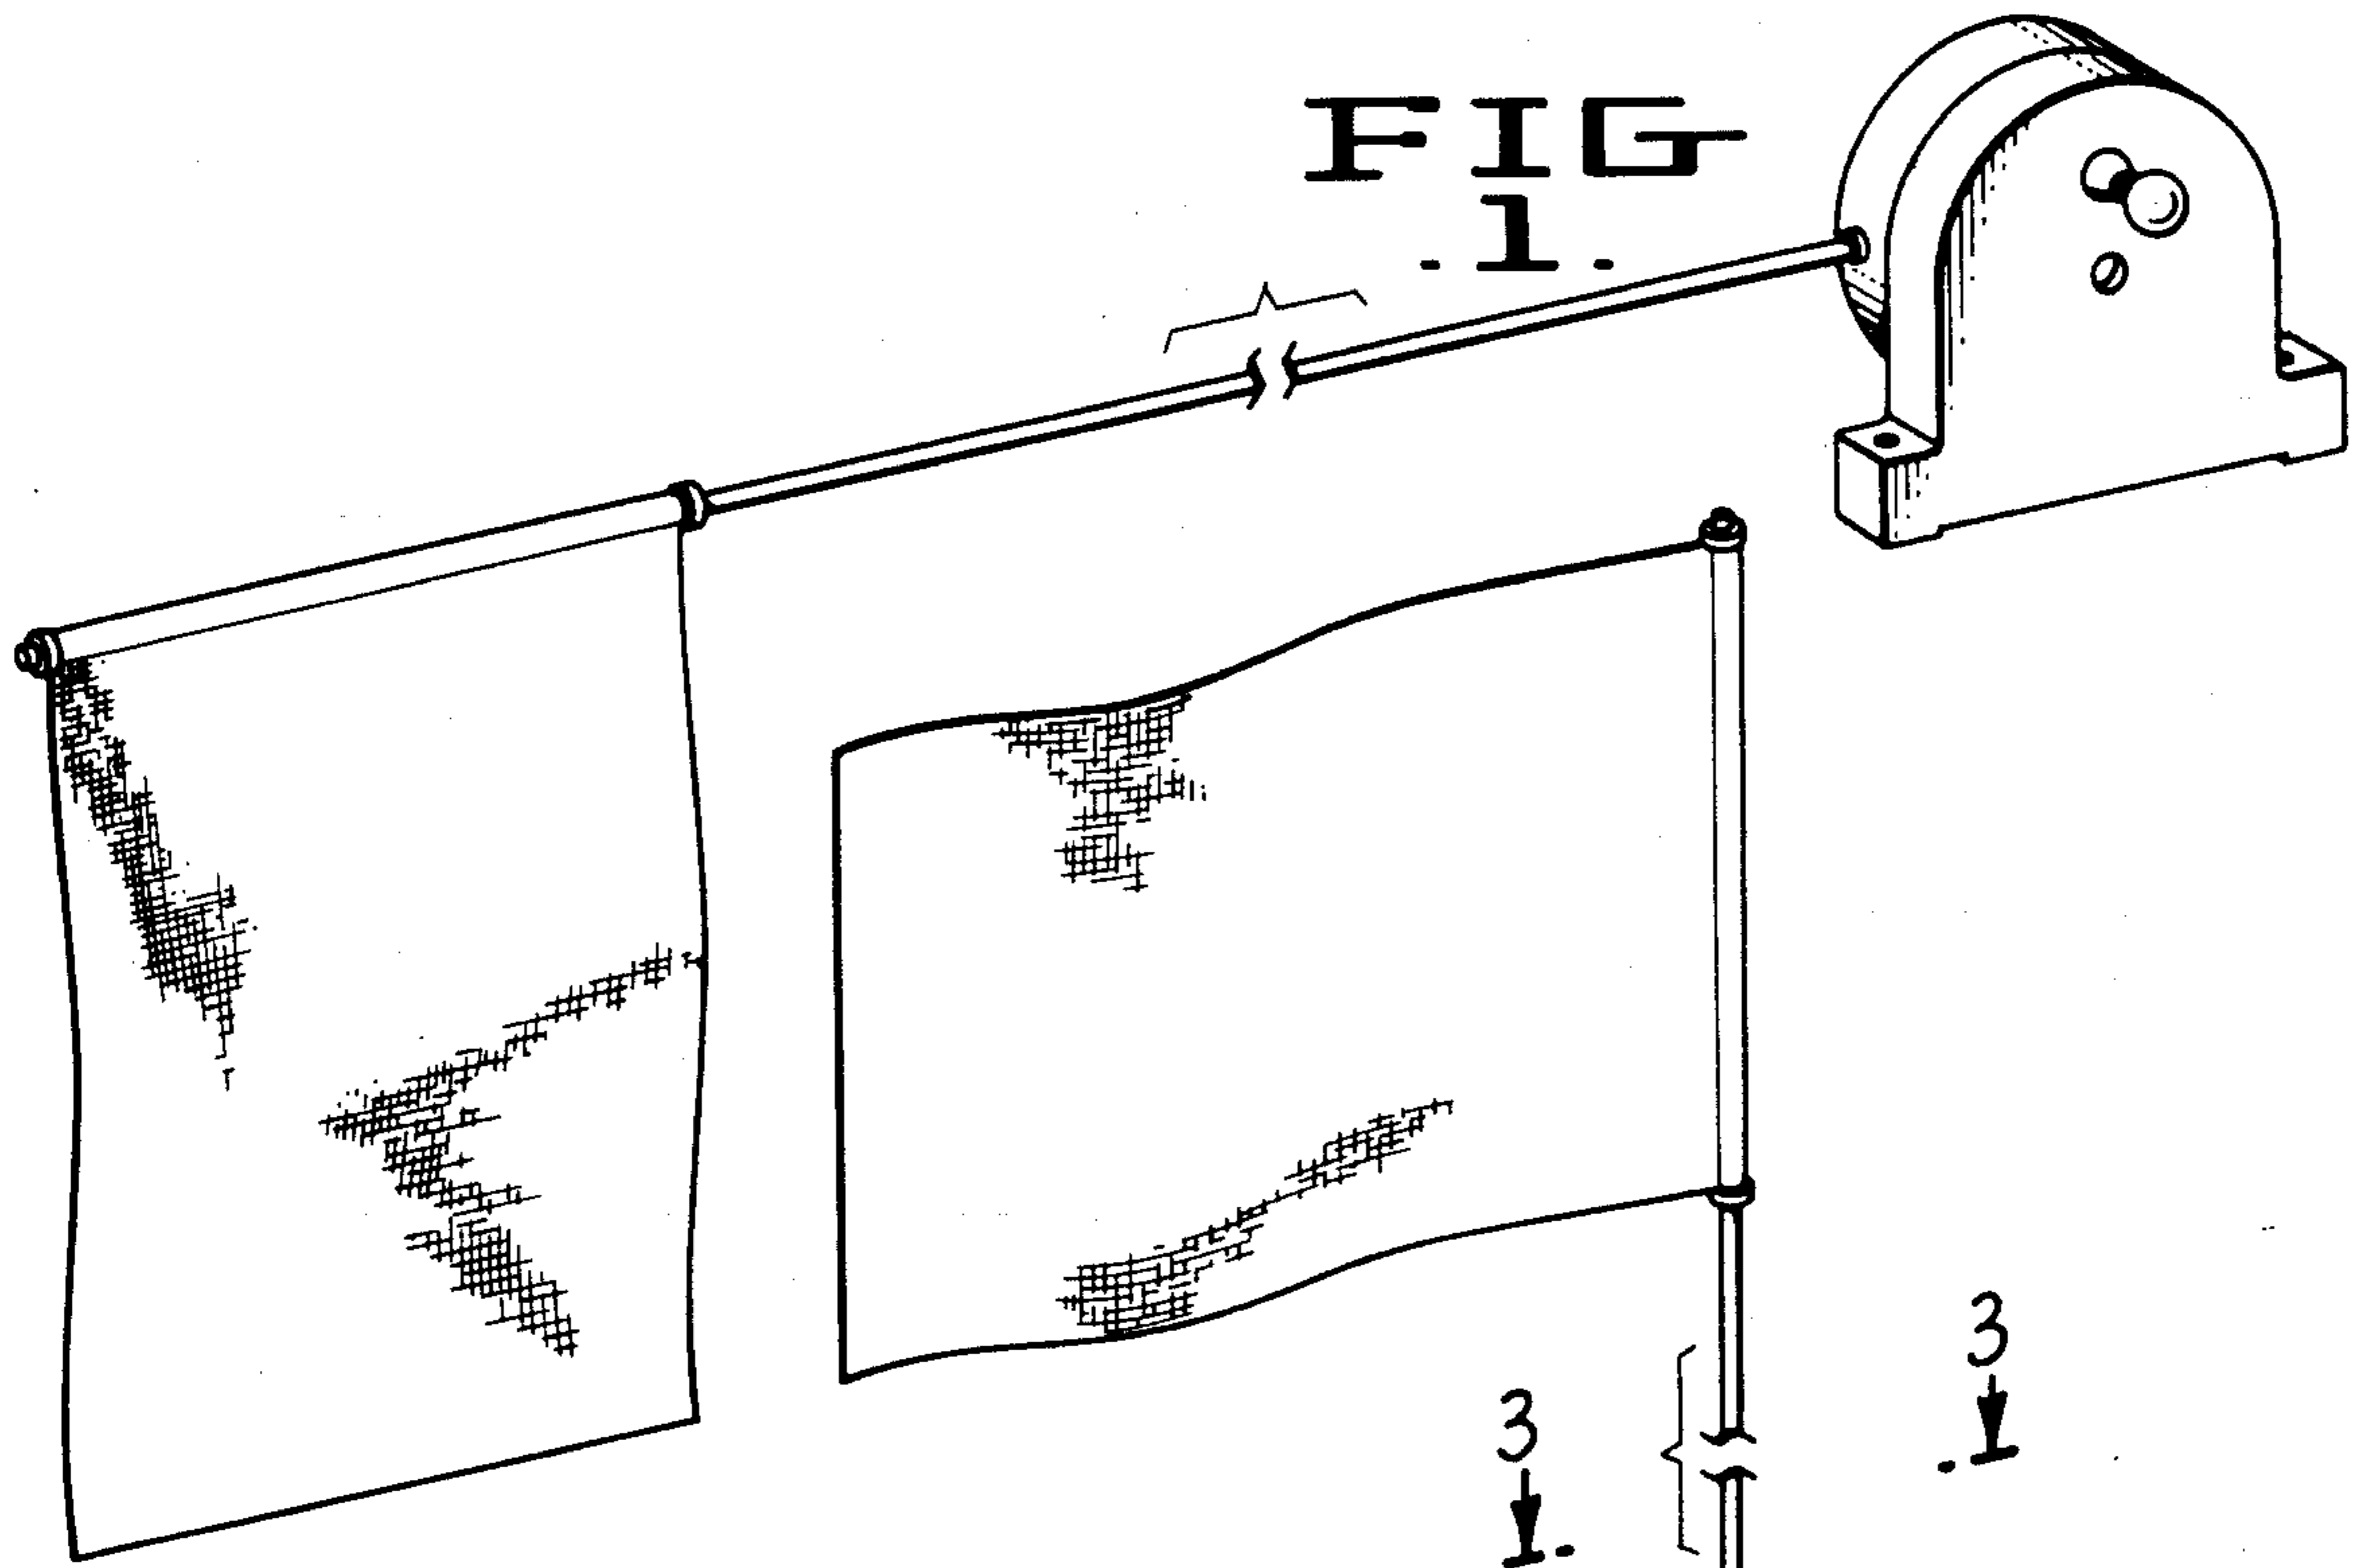

FIG. 2.

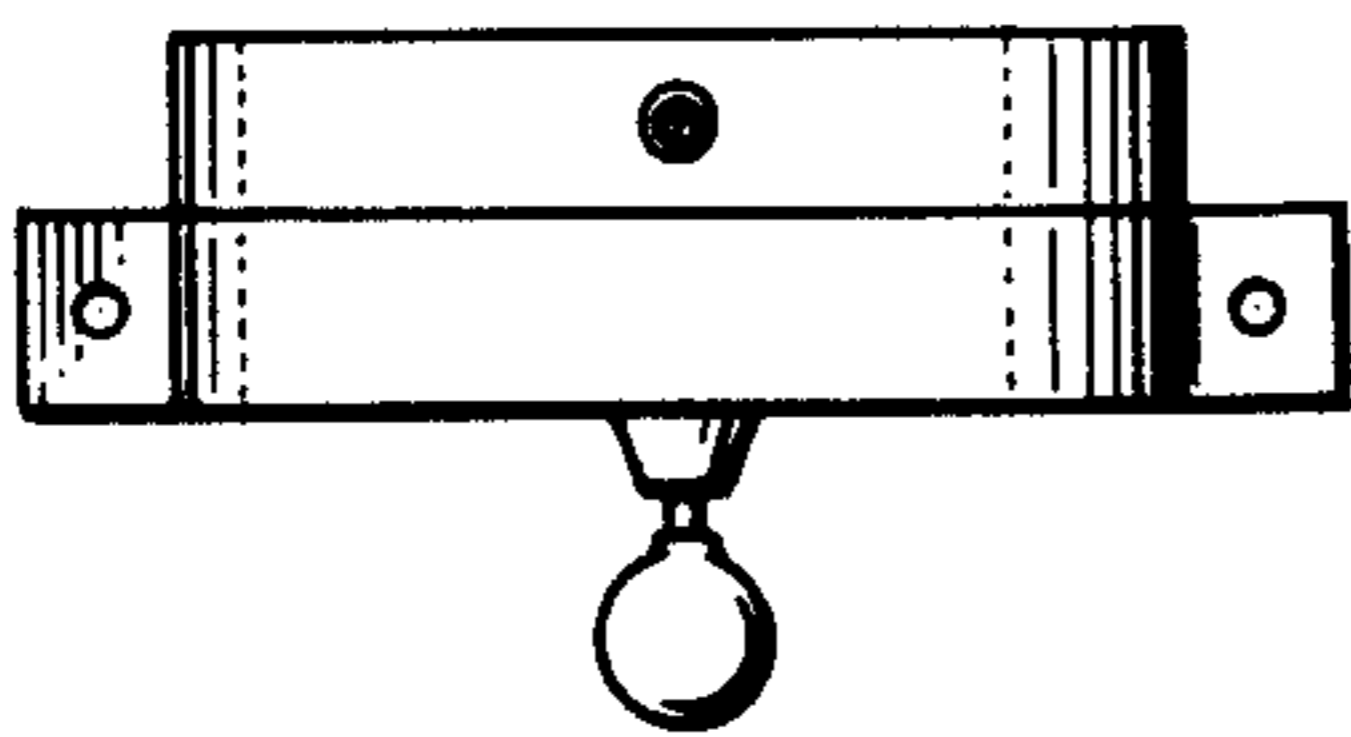

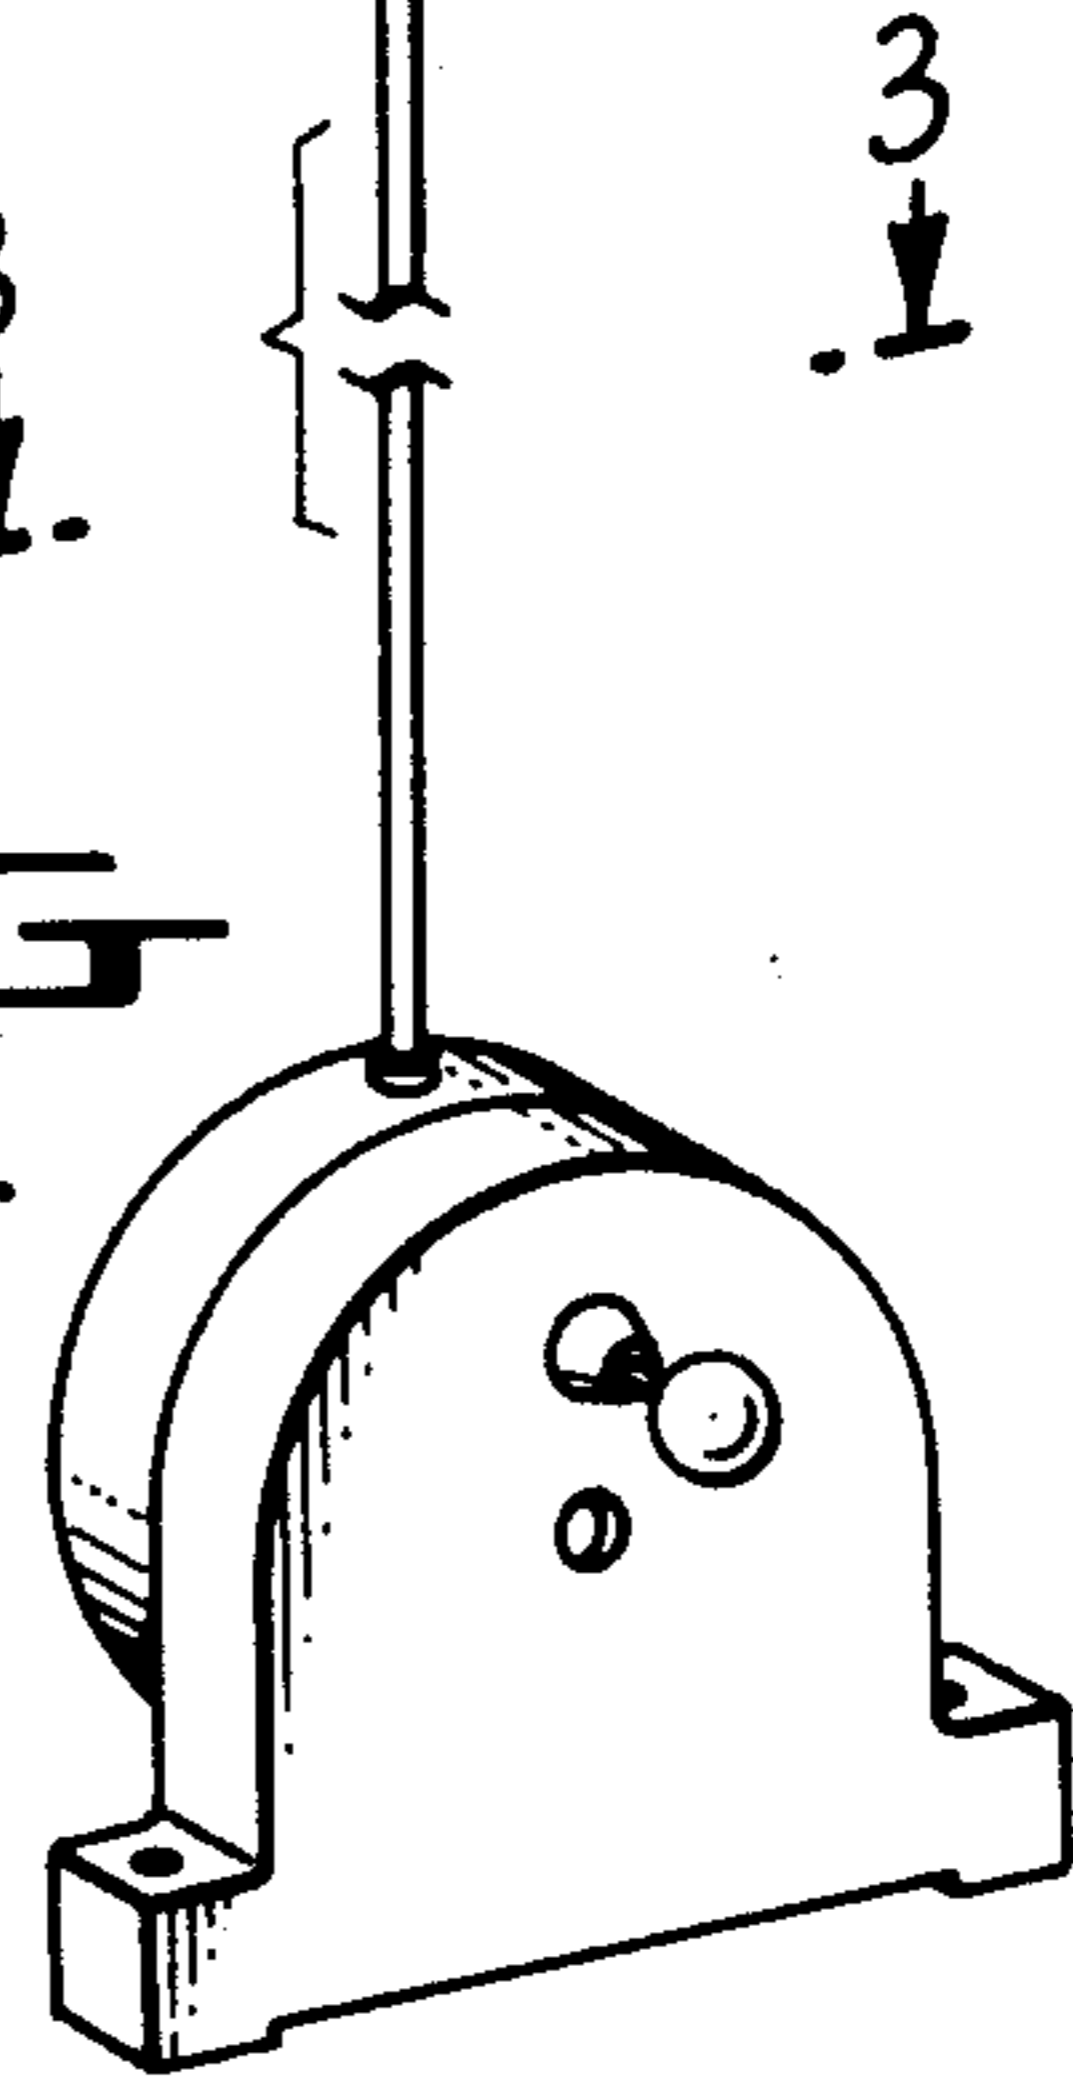

FIG. 3.

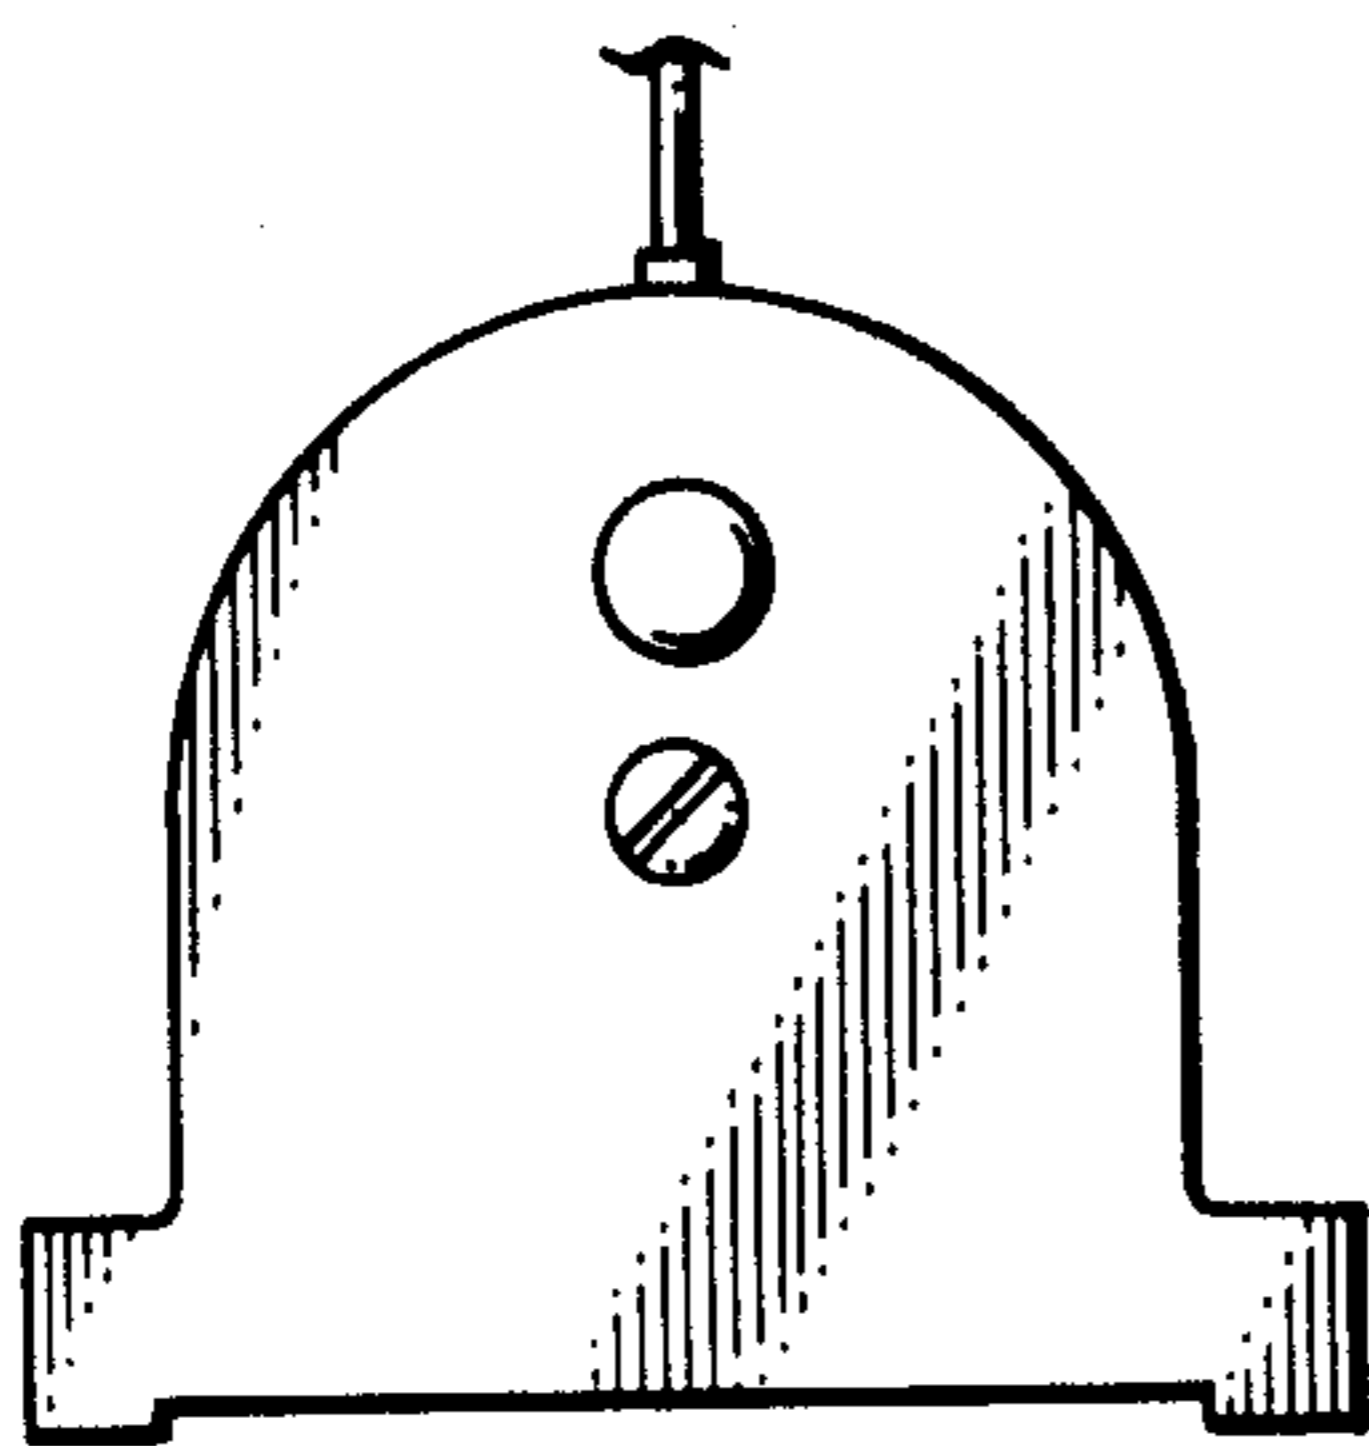

FIG. 4.

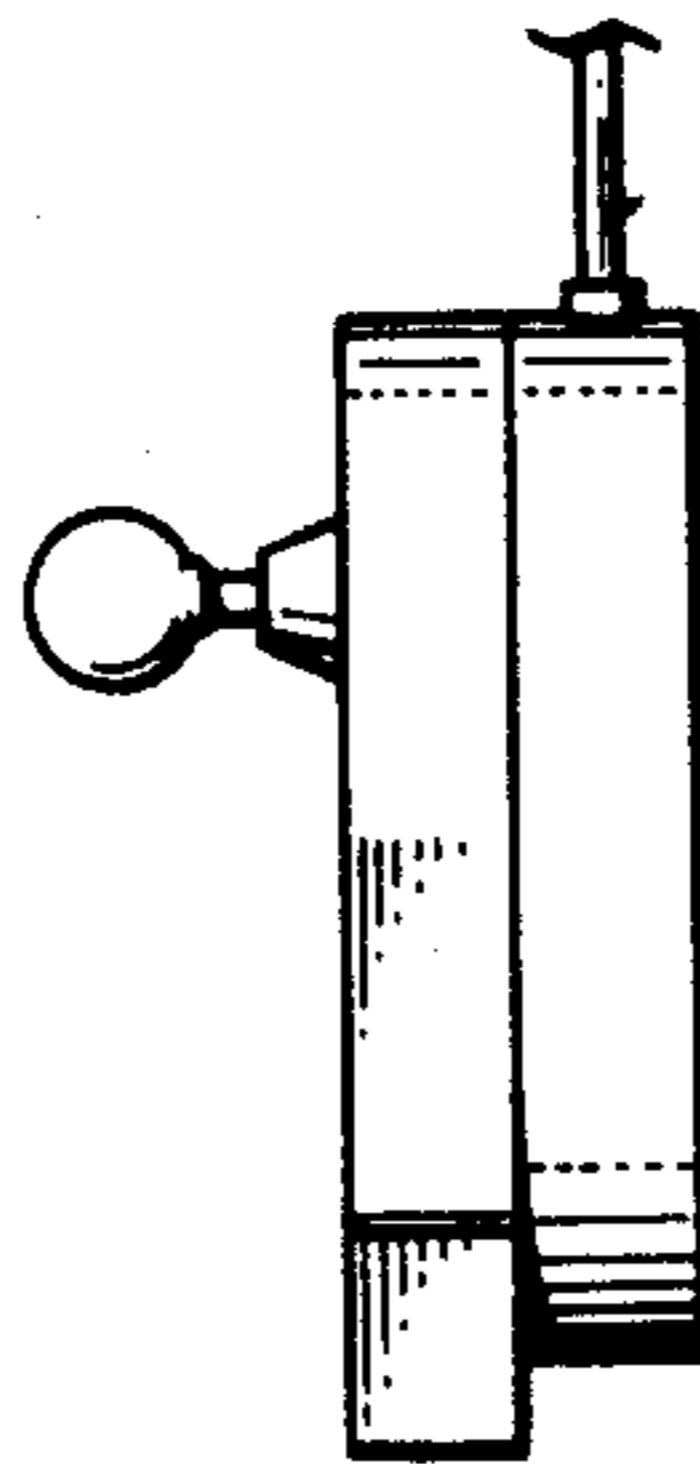

FIG. 5.

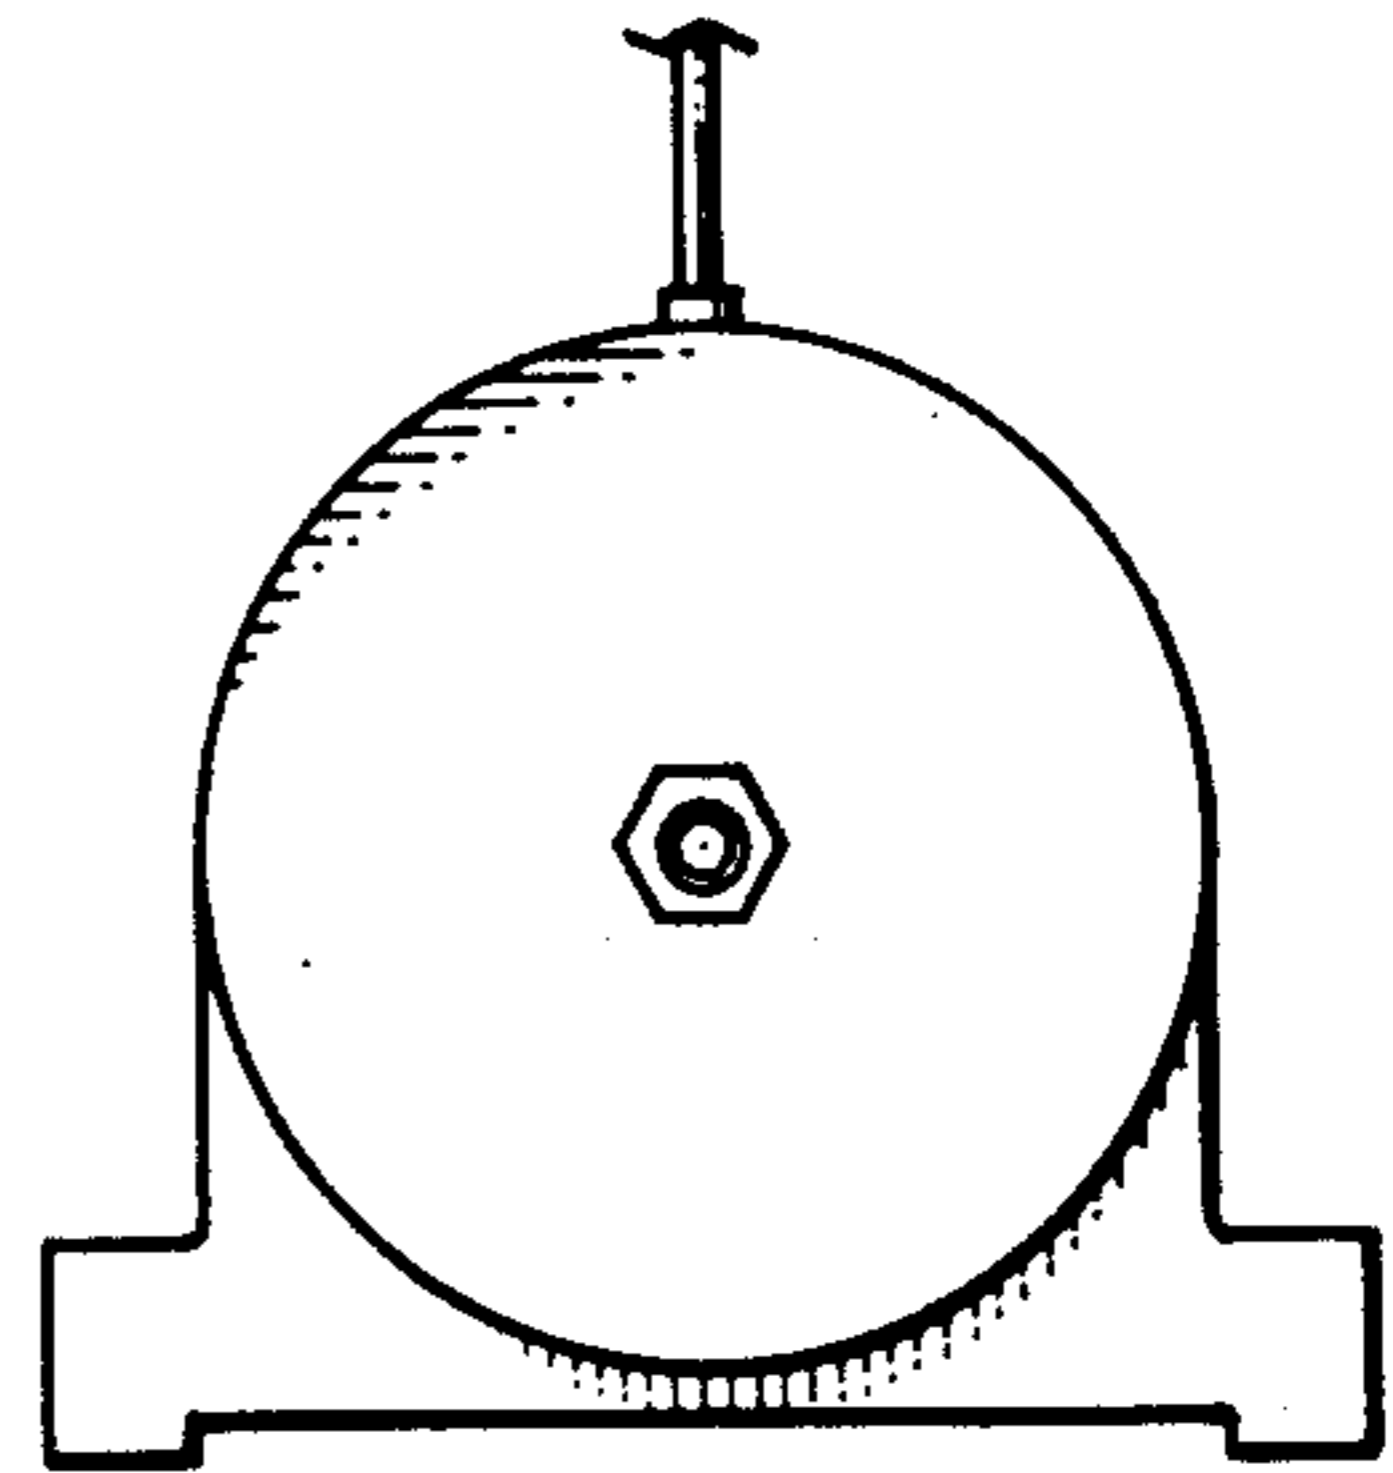

FIG. 6.
