[57] CLAIM

The ornamental design for a tool box for bicycles, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a tool box for bicycles showing my new design;
FIG. 2 is a front elevational view thereof looking in the direction of the arrows II—II in FIG. 1;
FIG. 3 is a top plan view thereof looking in the direction of the arrows III—III in FIG. 1;
FIG. 4 is a perspective view thereof in partially open condition; and
FIG. 5 is an enlarged fragmentary perspective view of the bracket portion thereof, it being understood that the remainder of the tool box has been omitted for convenience of illustration.
The side opposite to that shown in FIG. 1 is substantially a mirror image thereof and the bottom of the tool box is substantially flat and unornamented except for the hinge.
The broken lines shown in FIGS. 1 and 4 of the drawing are understood to be for illustrative purposes only.
