[57] CLAIM

The ornamental design for a combined cassette tape recorder and radio, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a combined cassette tape recorder and radio showing my new design;
FIG. 2 is a rear, bottom and left side perspective view;
FIG. 3 is a right side elevational view with the rear support in extended position.
FIG. 4 is a fragmentary front elevational view of the front right "door" with transparency shading on the "window", the bar at the bottom of the "door" and structure which exists above and on both sides of the "door" omitted for convenience of illustration.

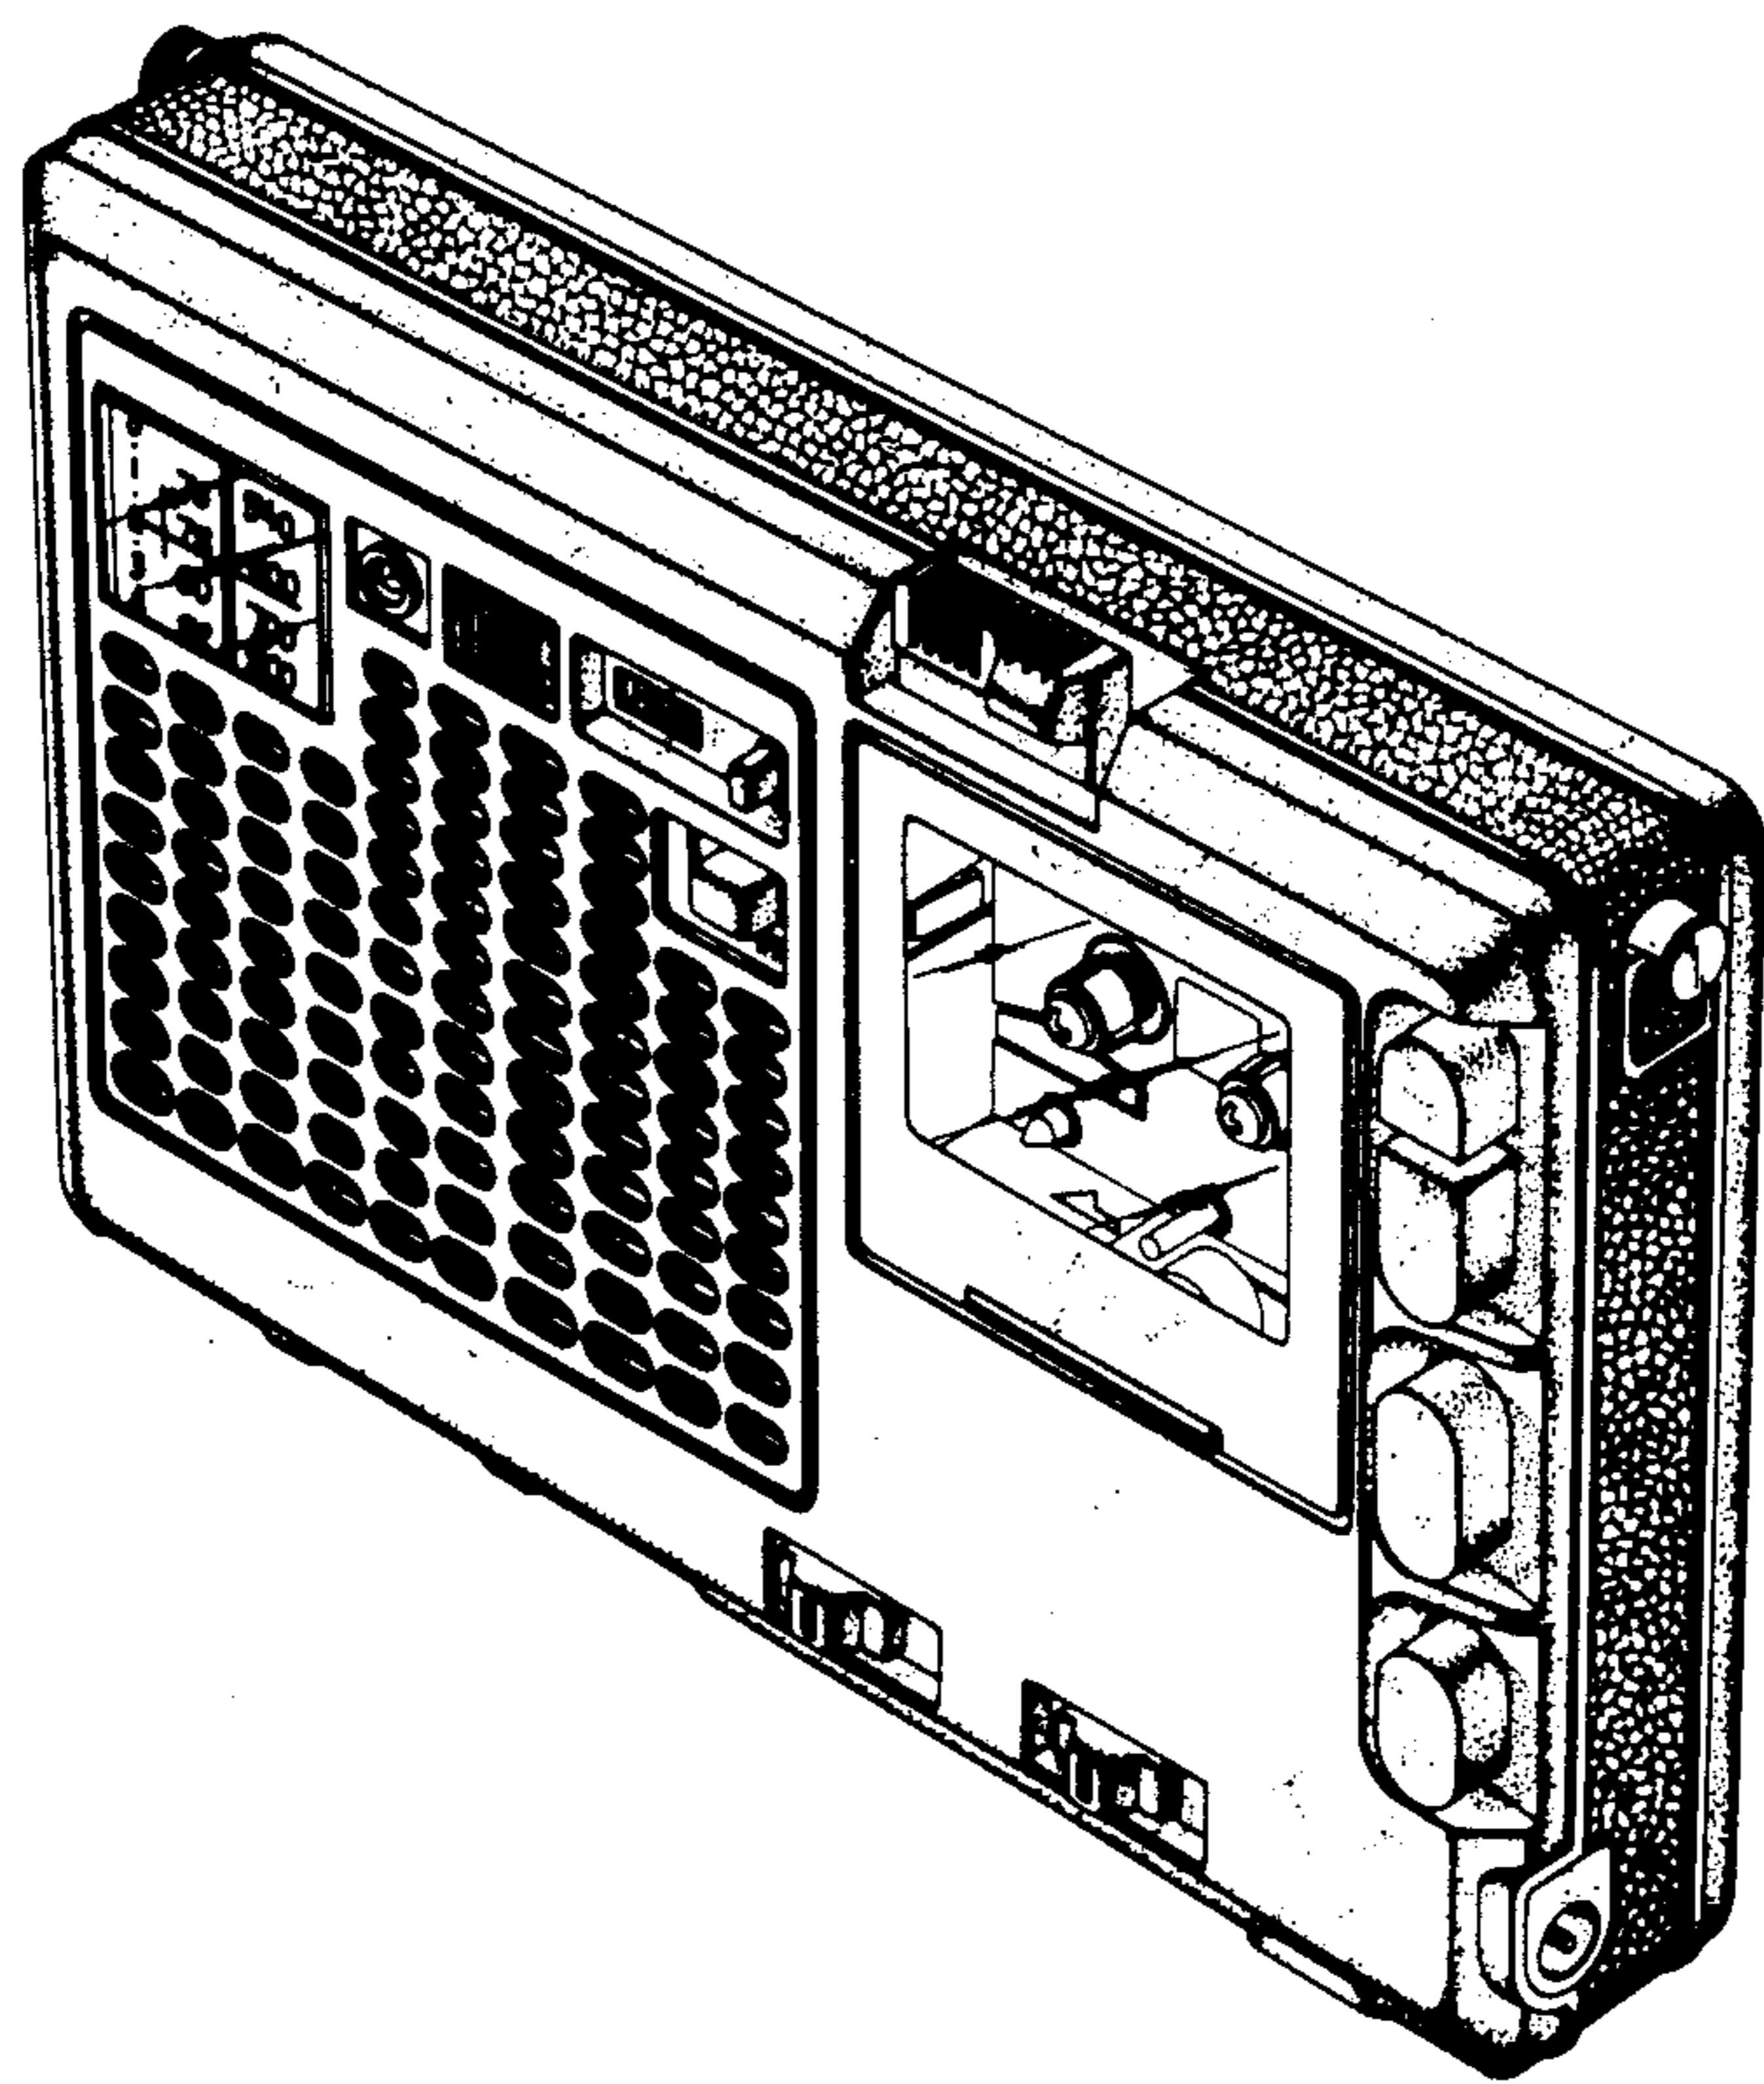

FIG. 1

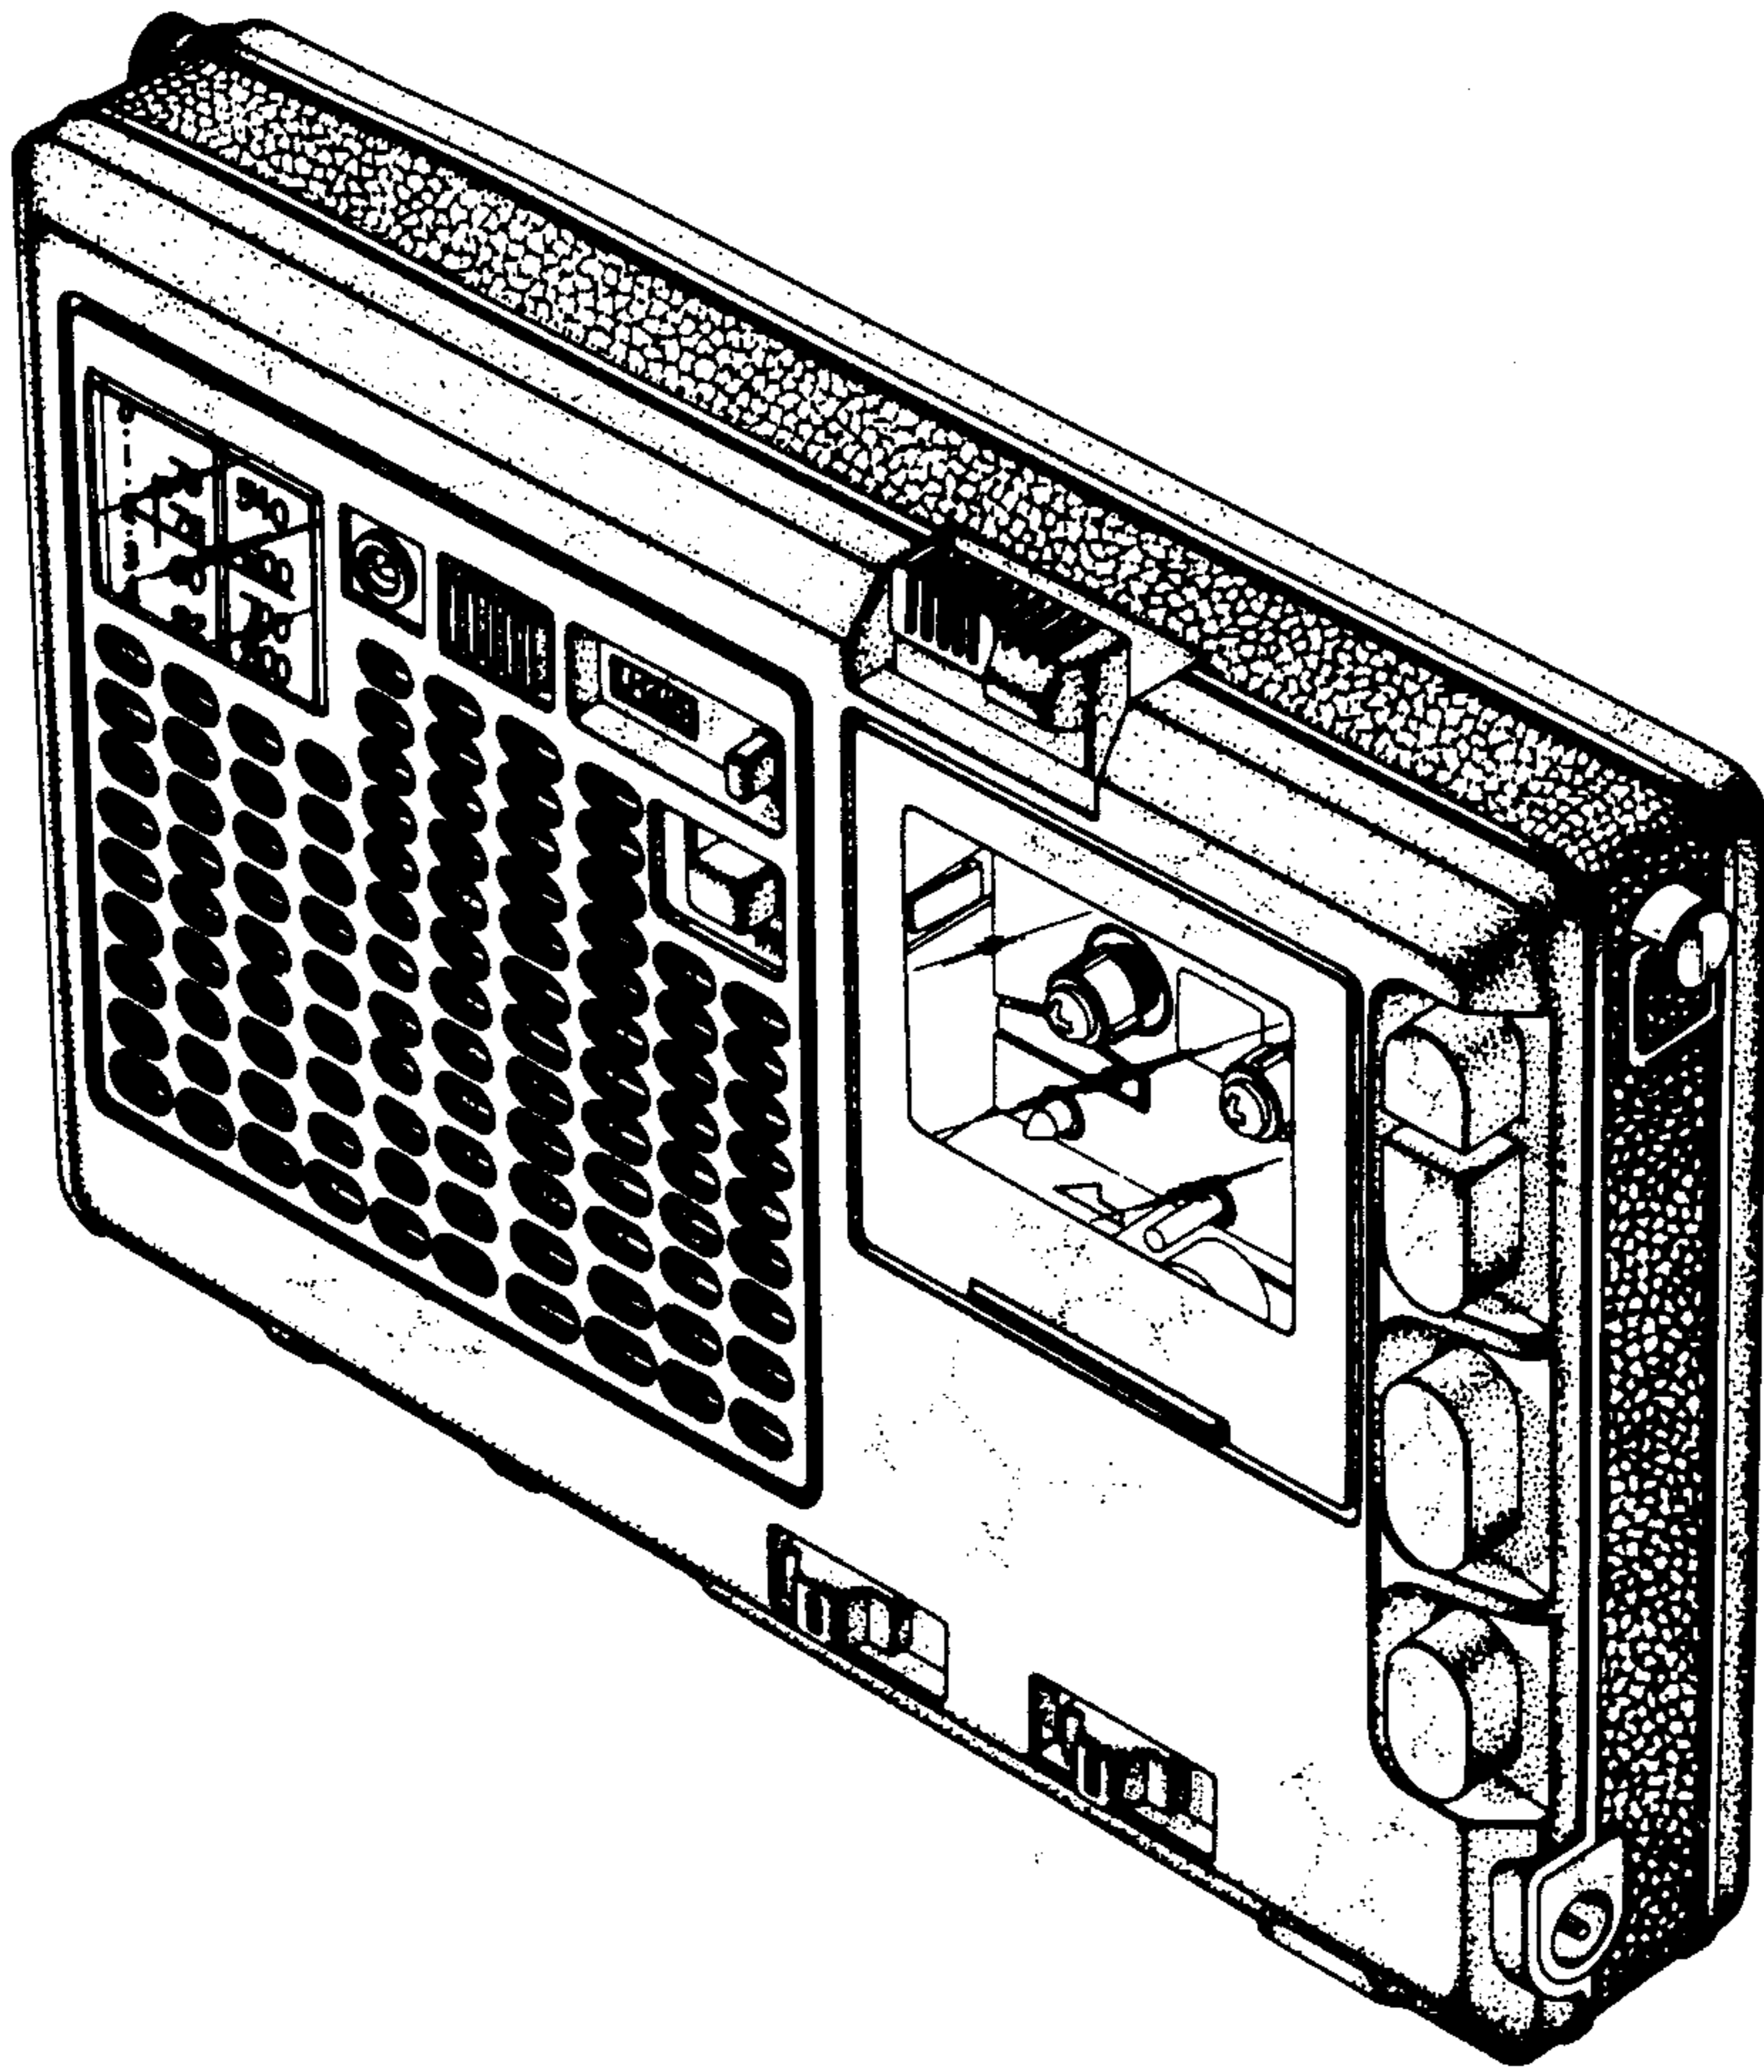

FIG. 2

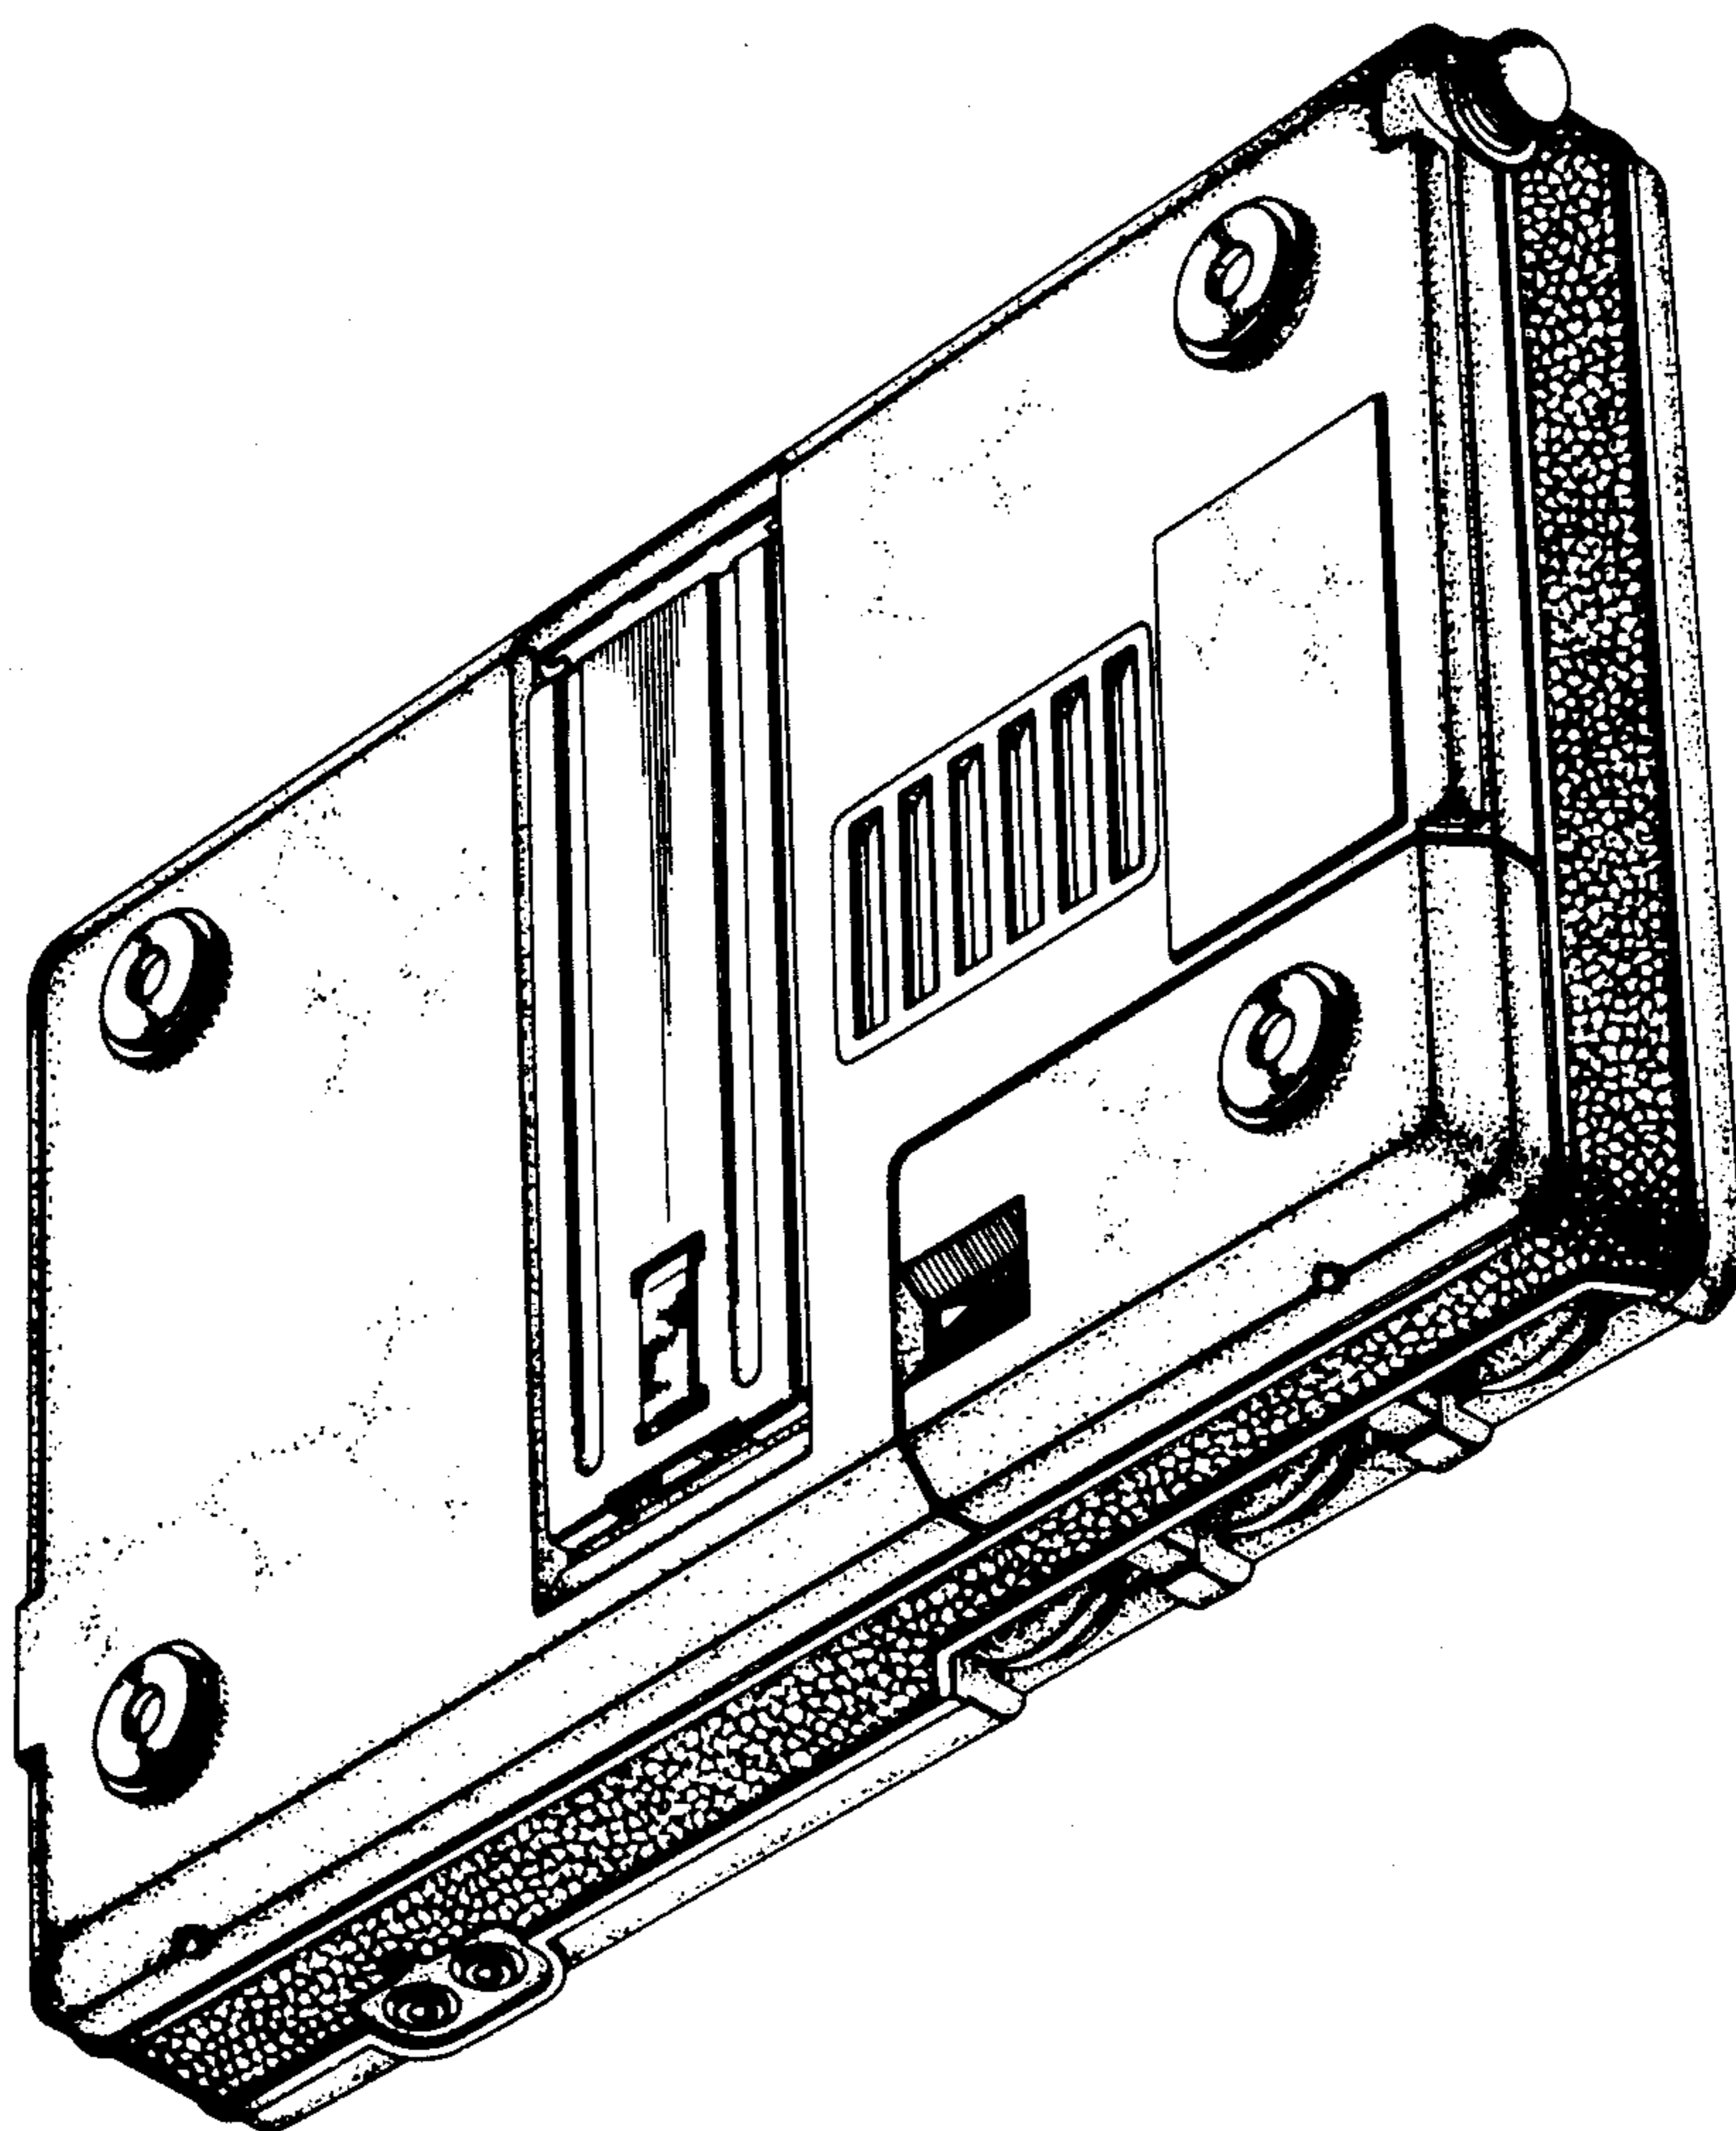

FIG. 3

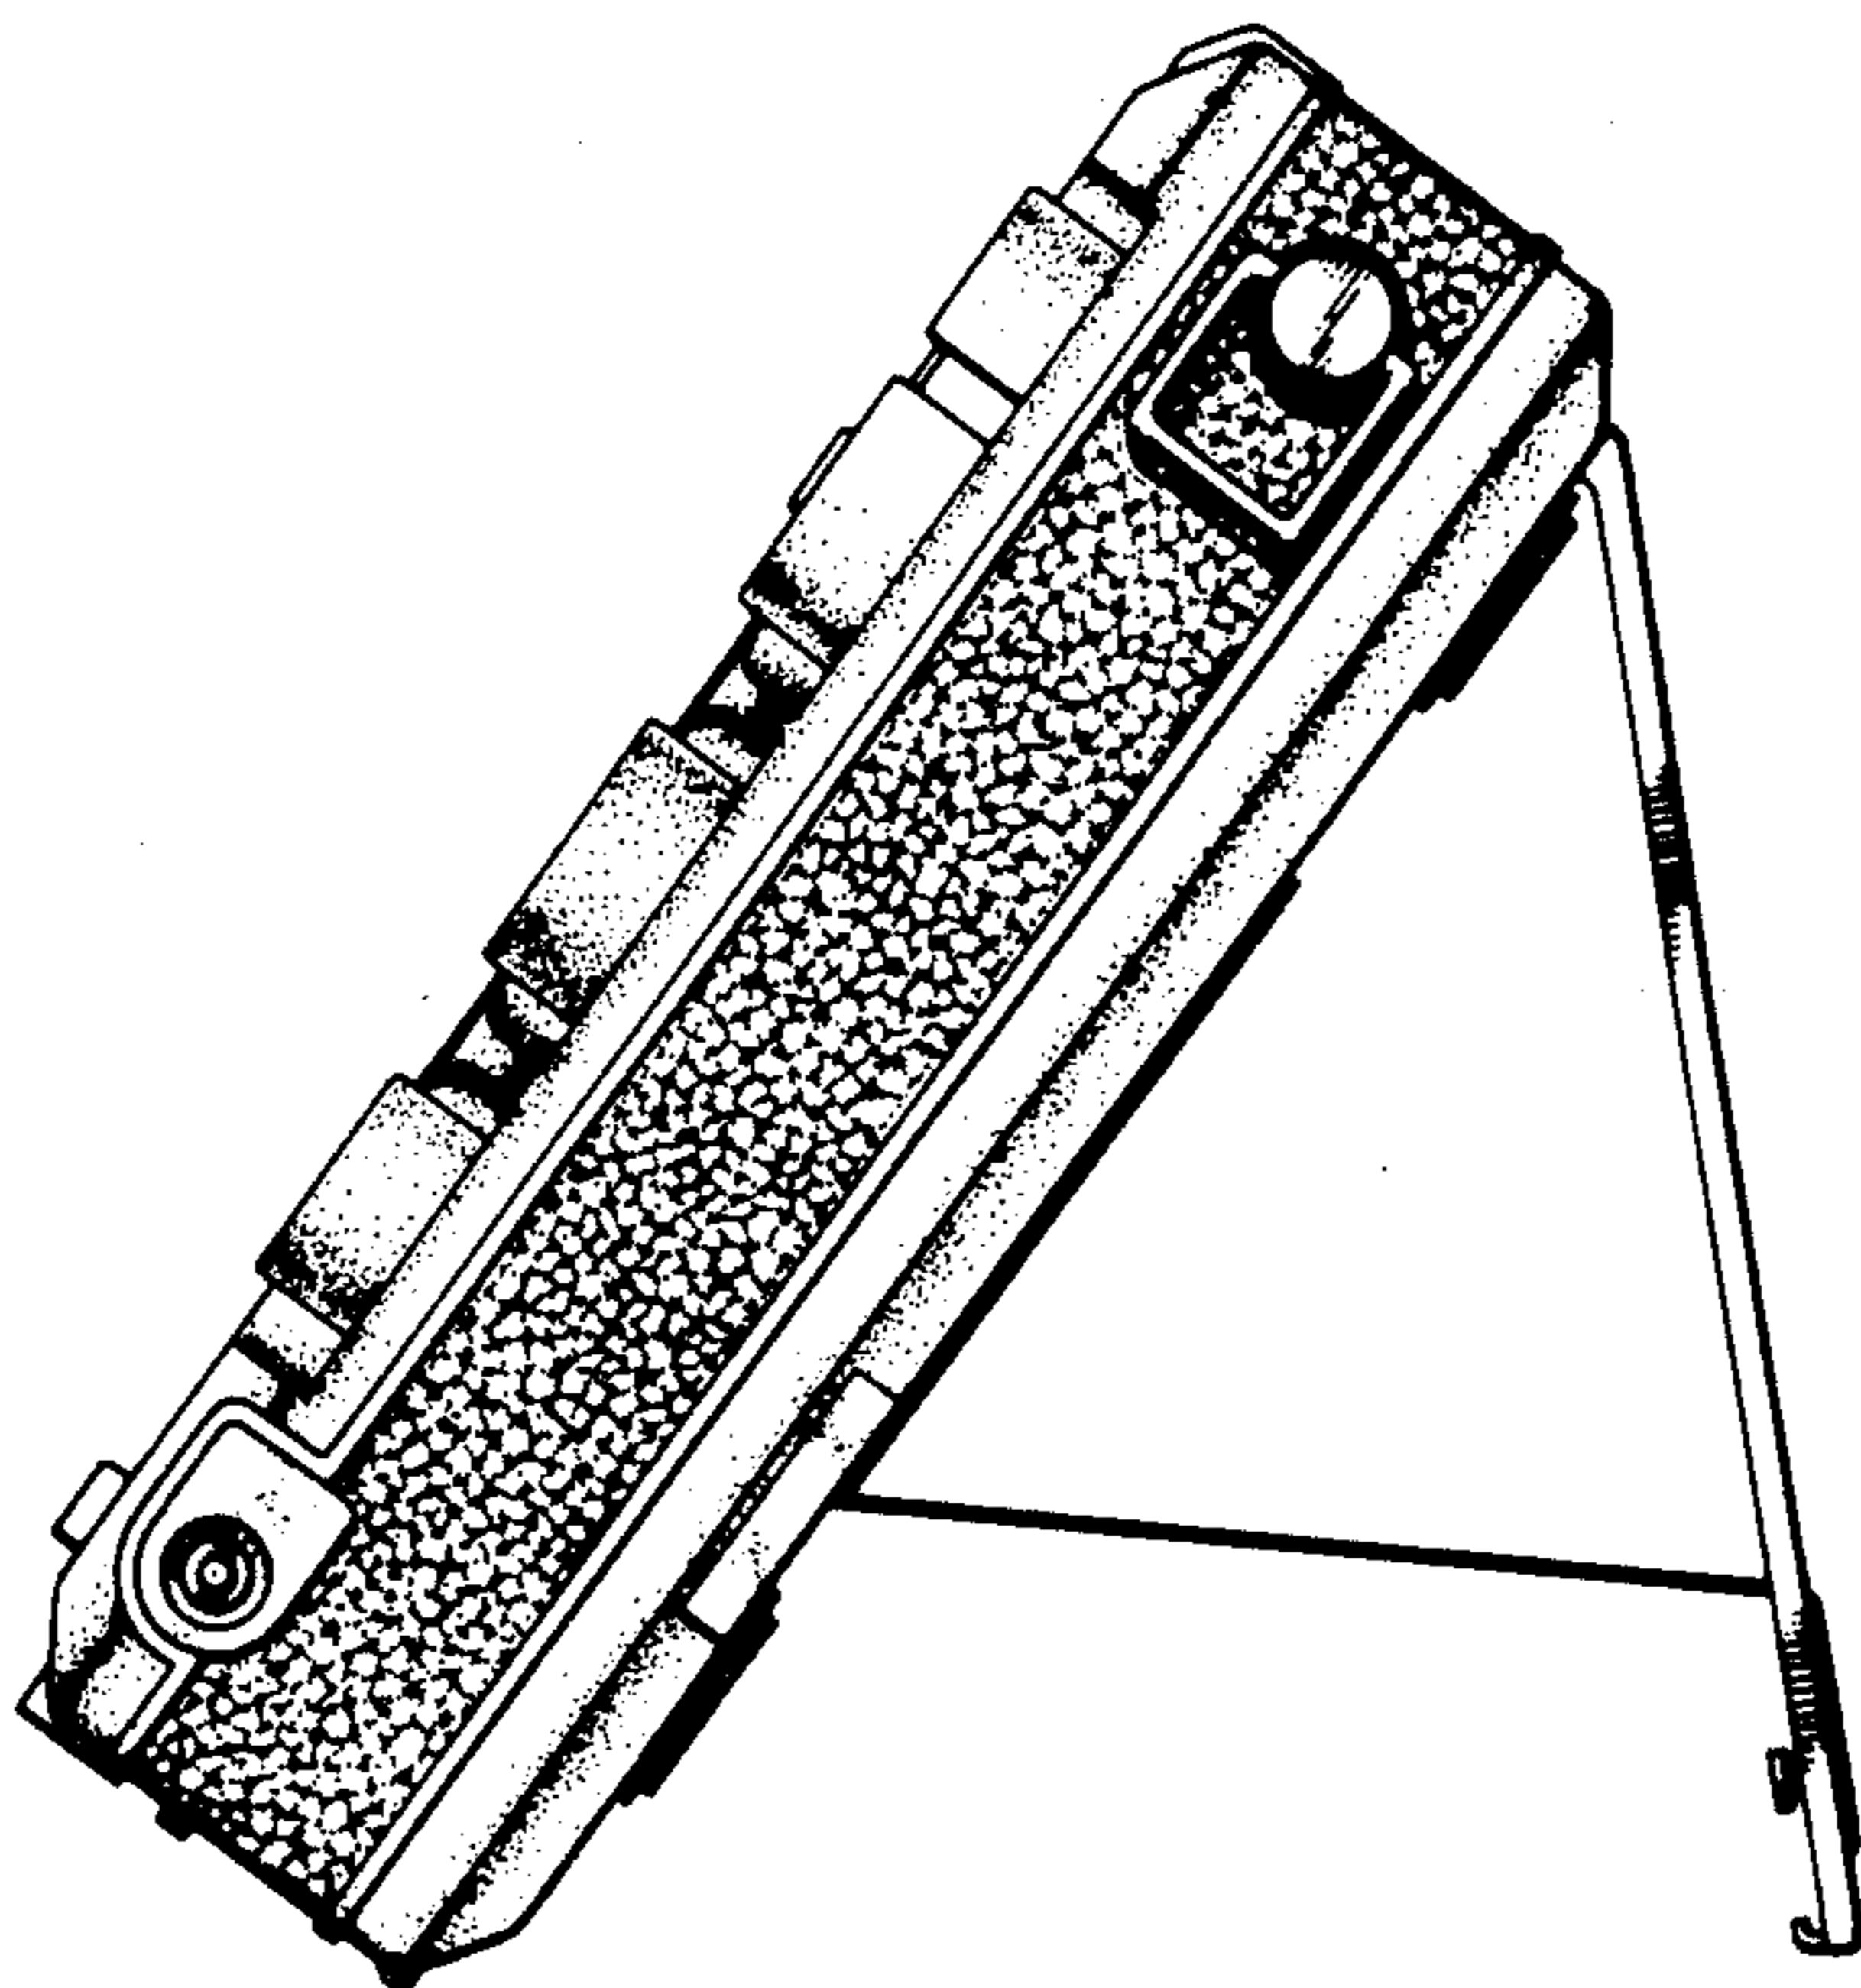

FIG. 4
