[57] CLAIM

The ornamental design for a rear discharge rotary lawn mower, substantially as shown and described.

## DESCRIPTION

FIG. 1 is a right side elevational view of a rear discharge rotary lawn mower showing our new design;

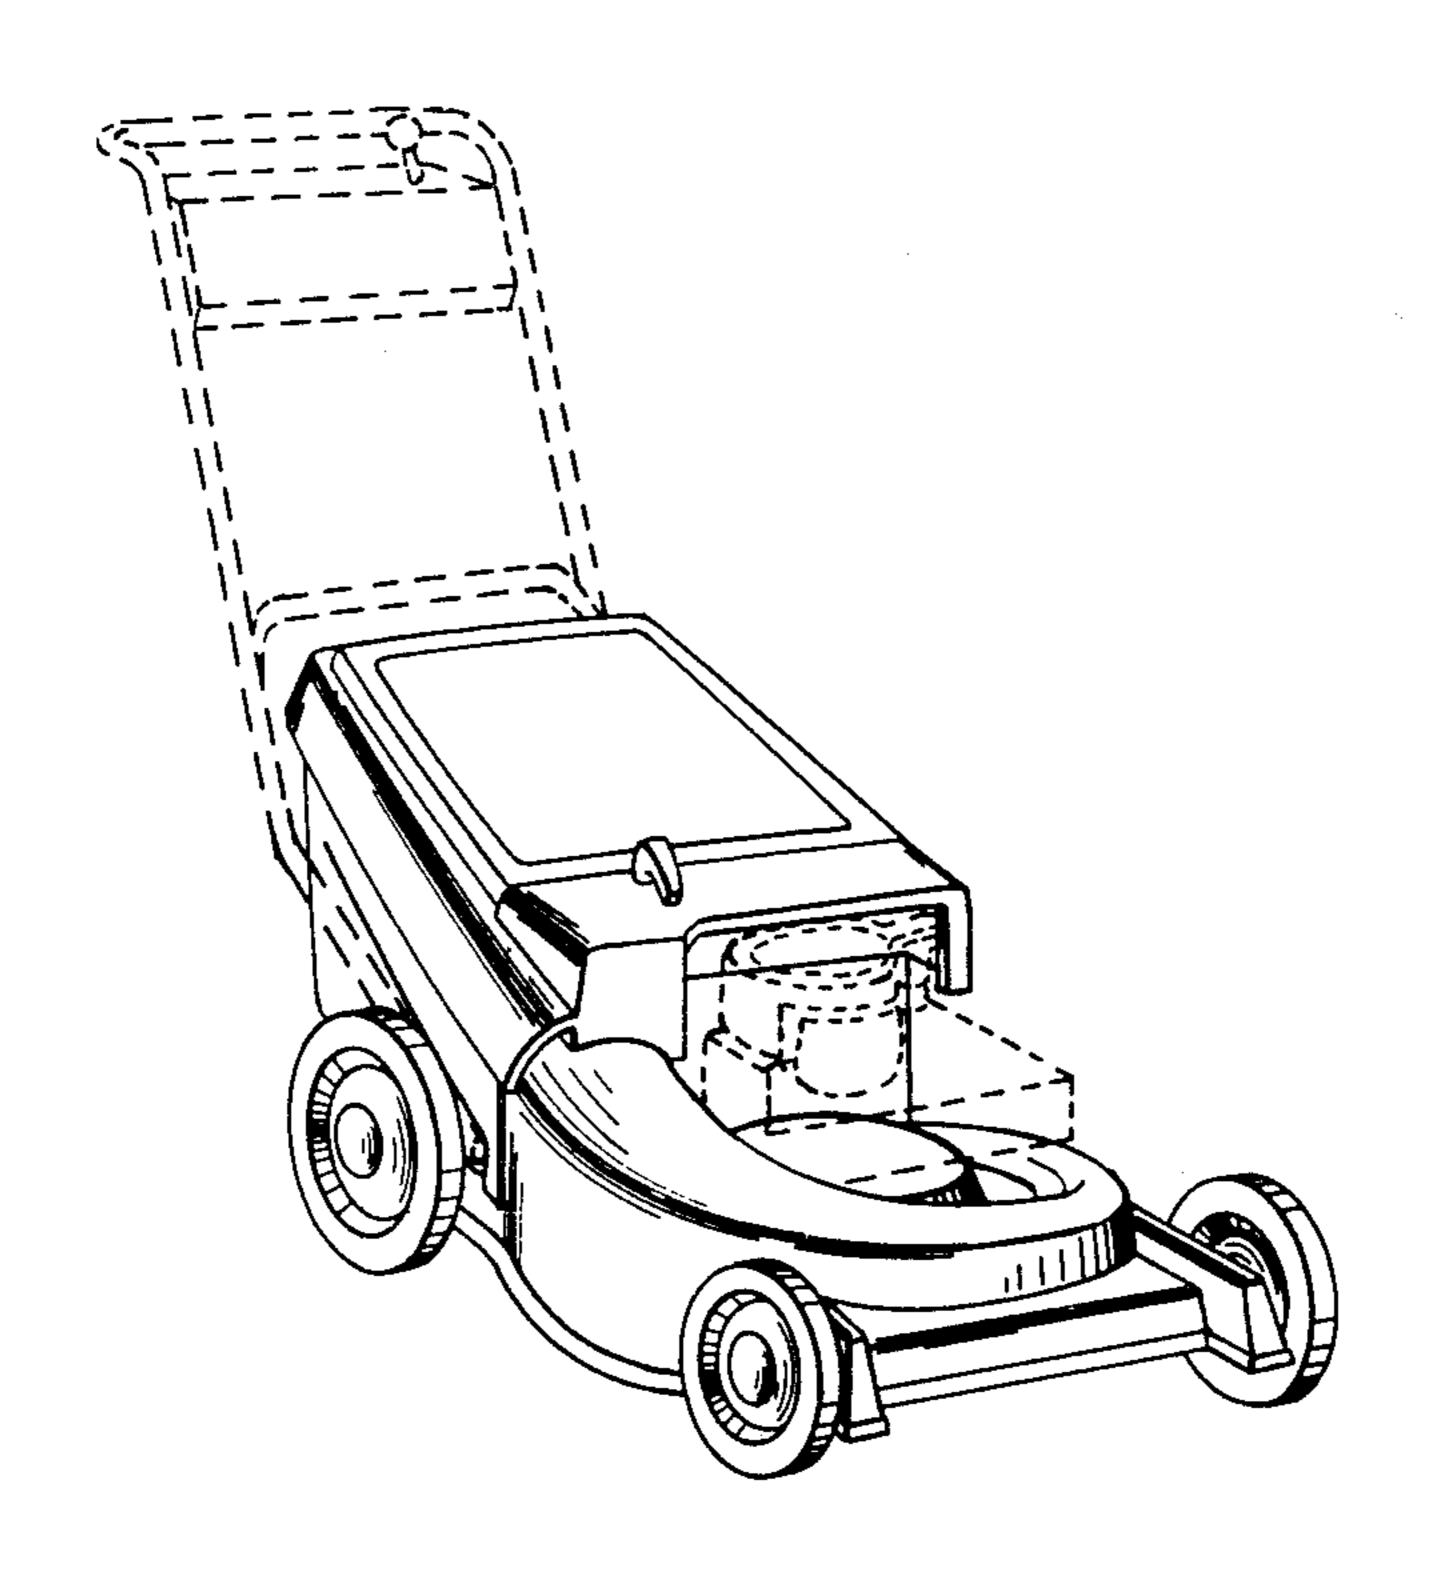

FIG. 2 is a left side elevational view thereof;

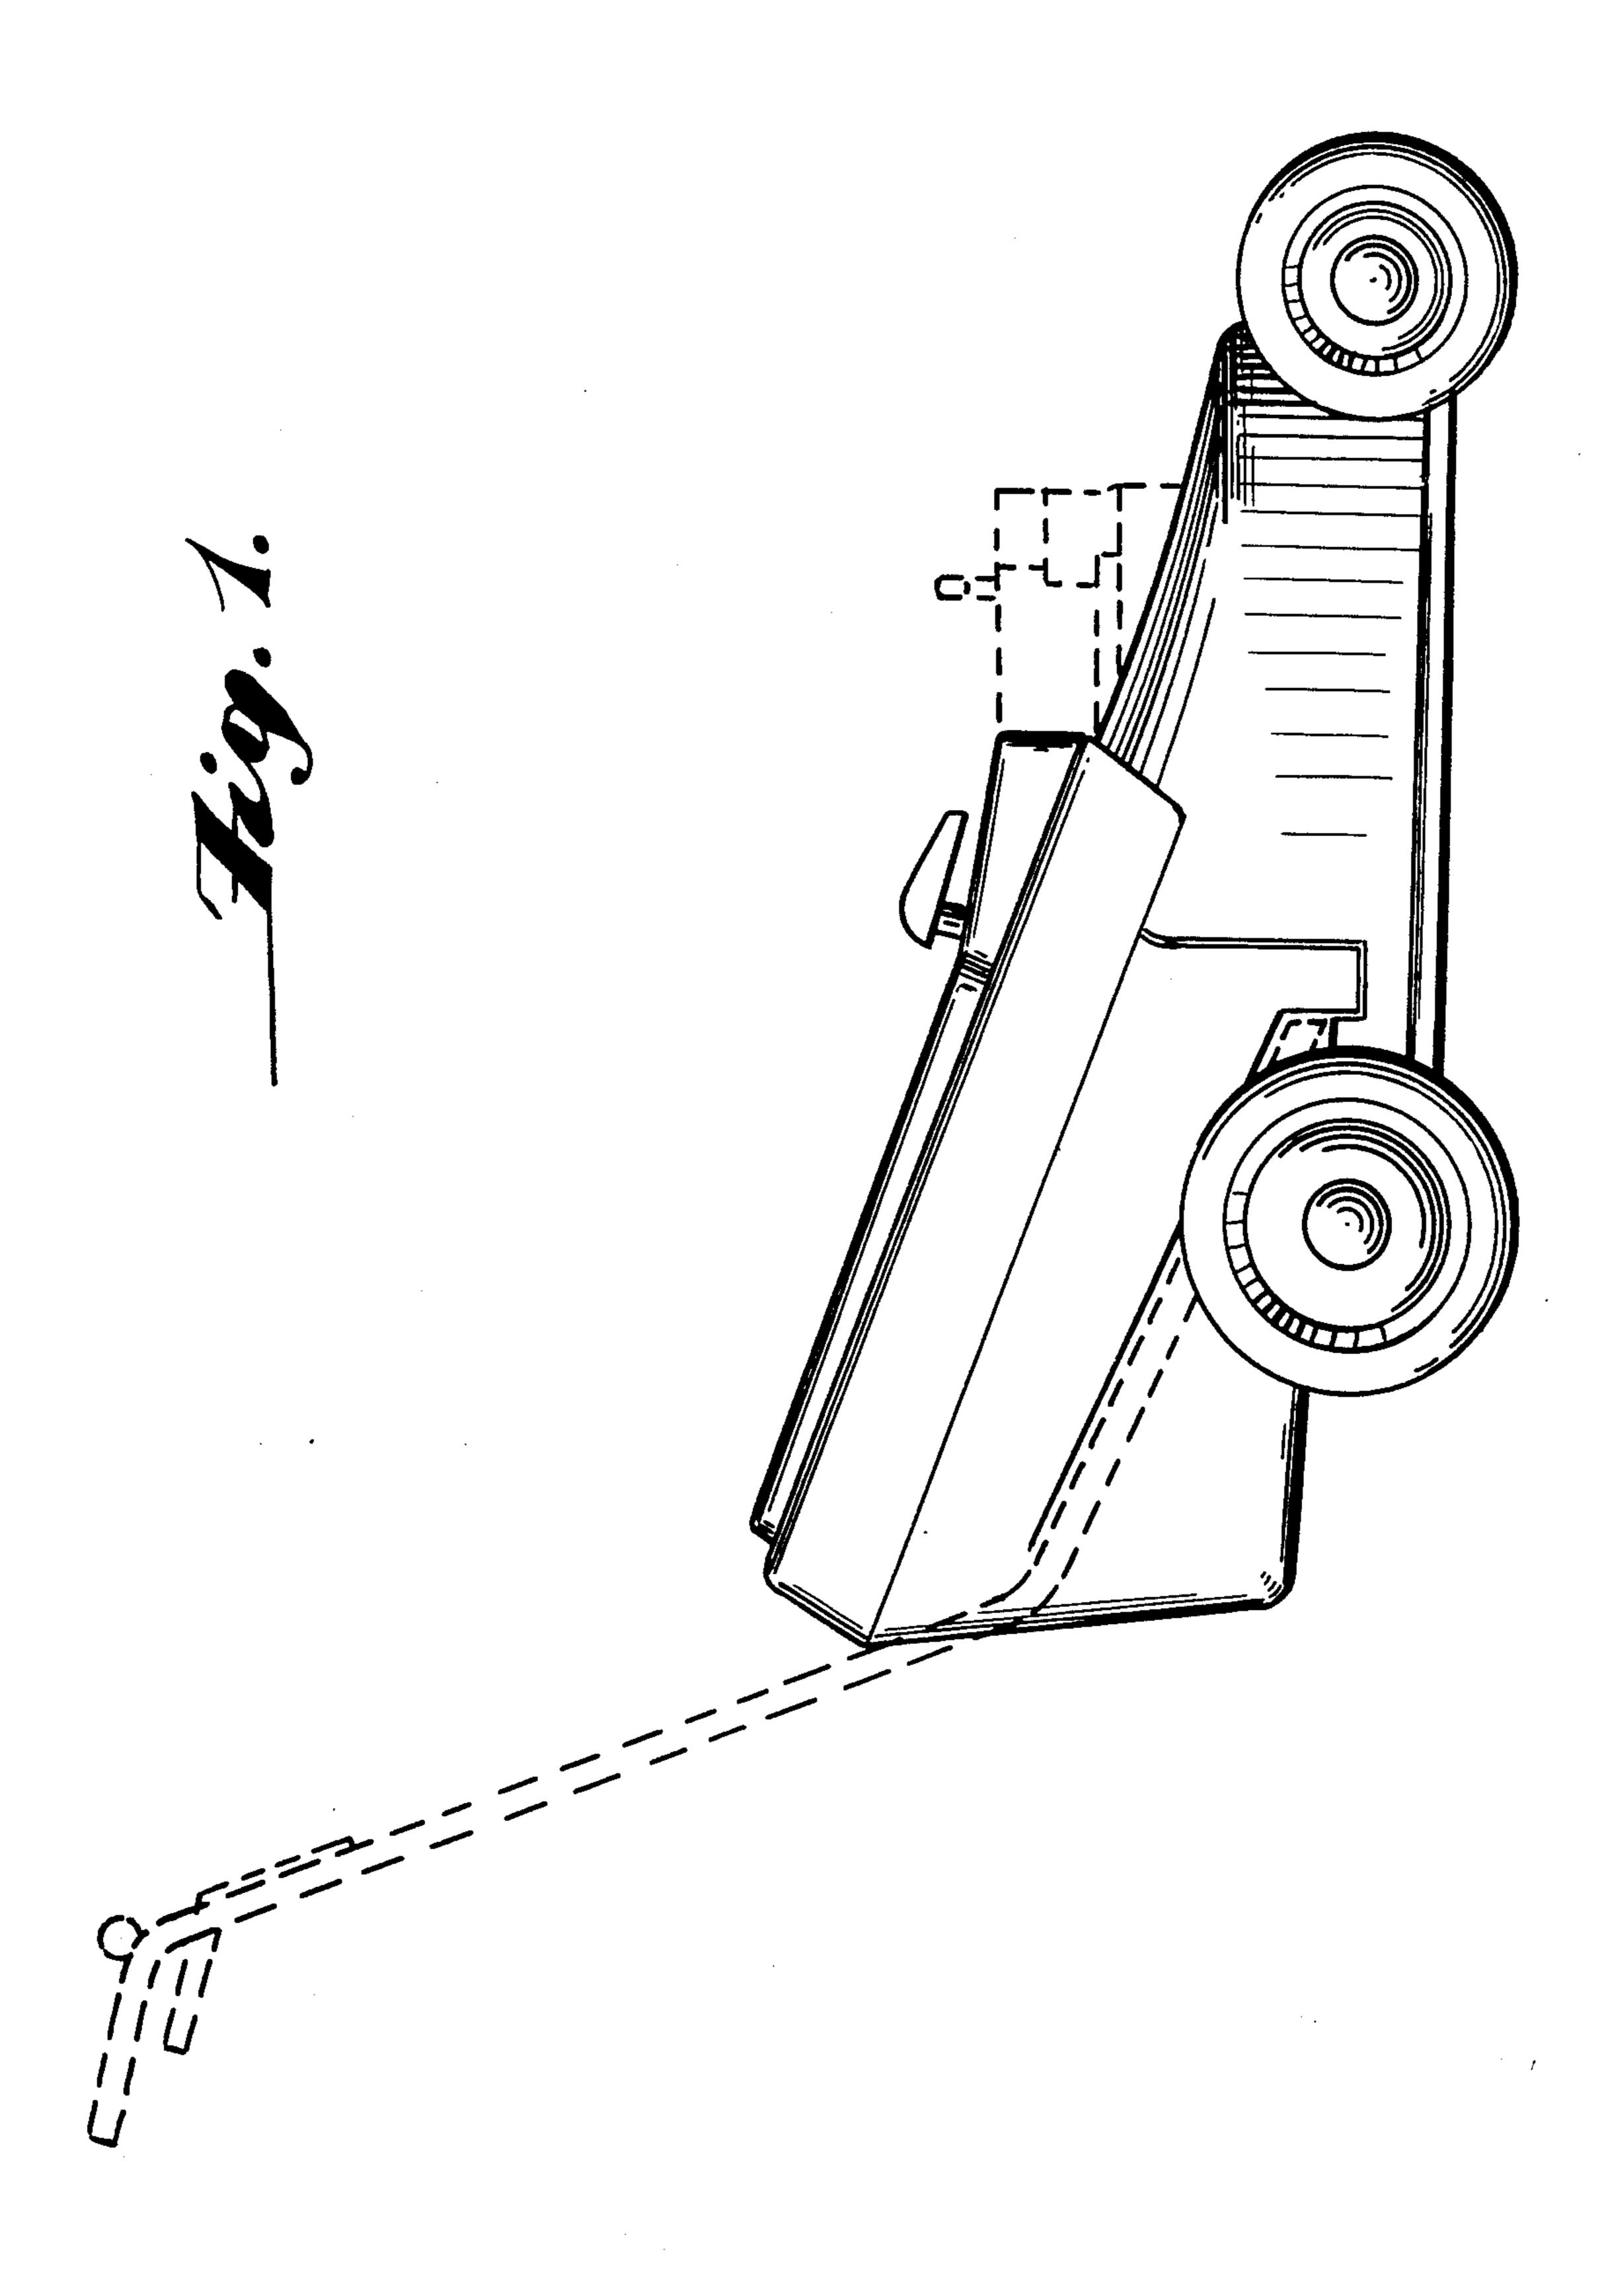

FIG. 3 is a rear elevational view thereof;

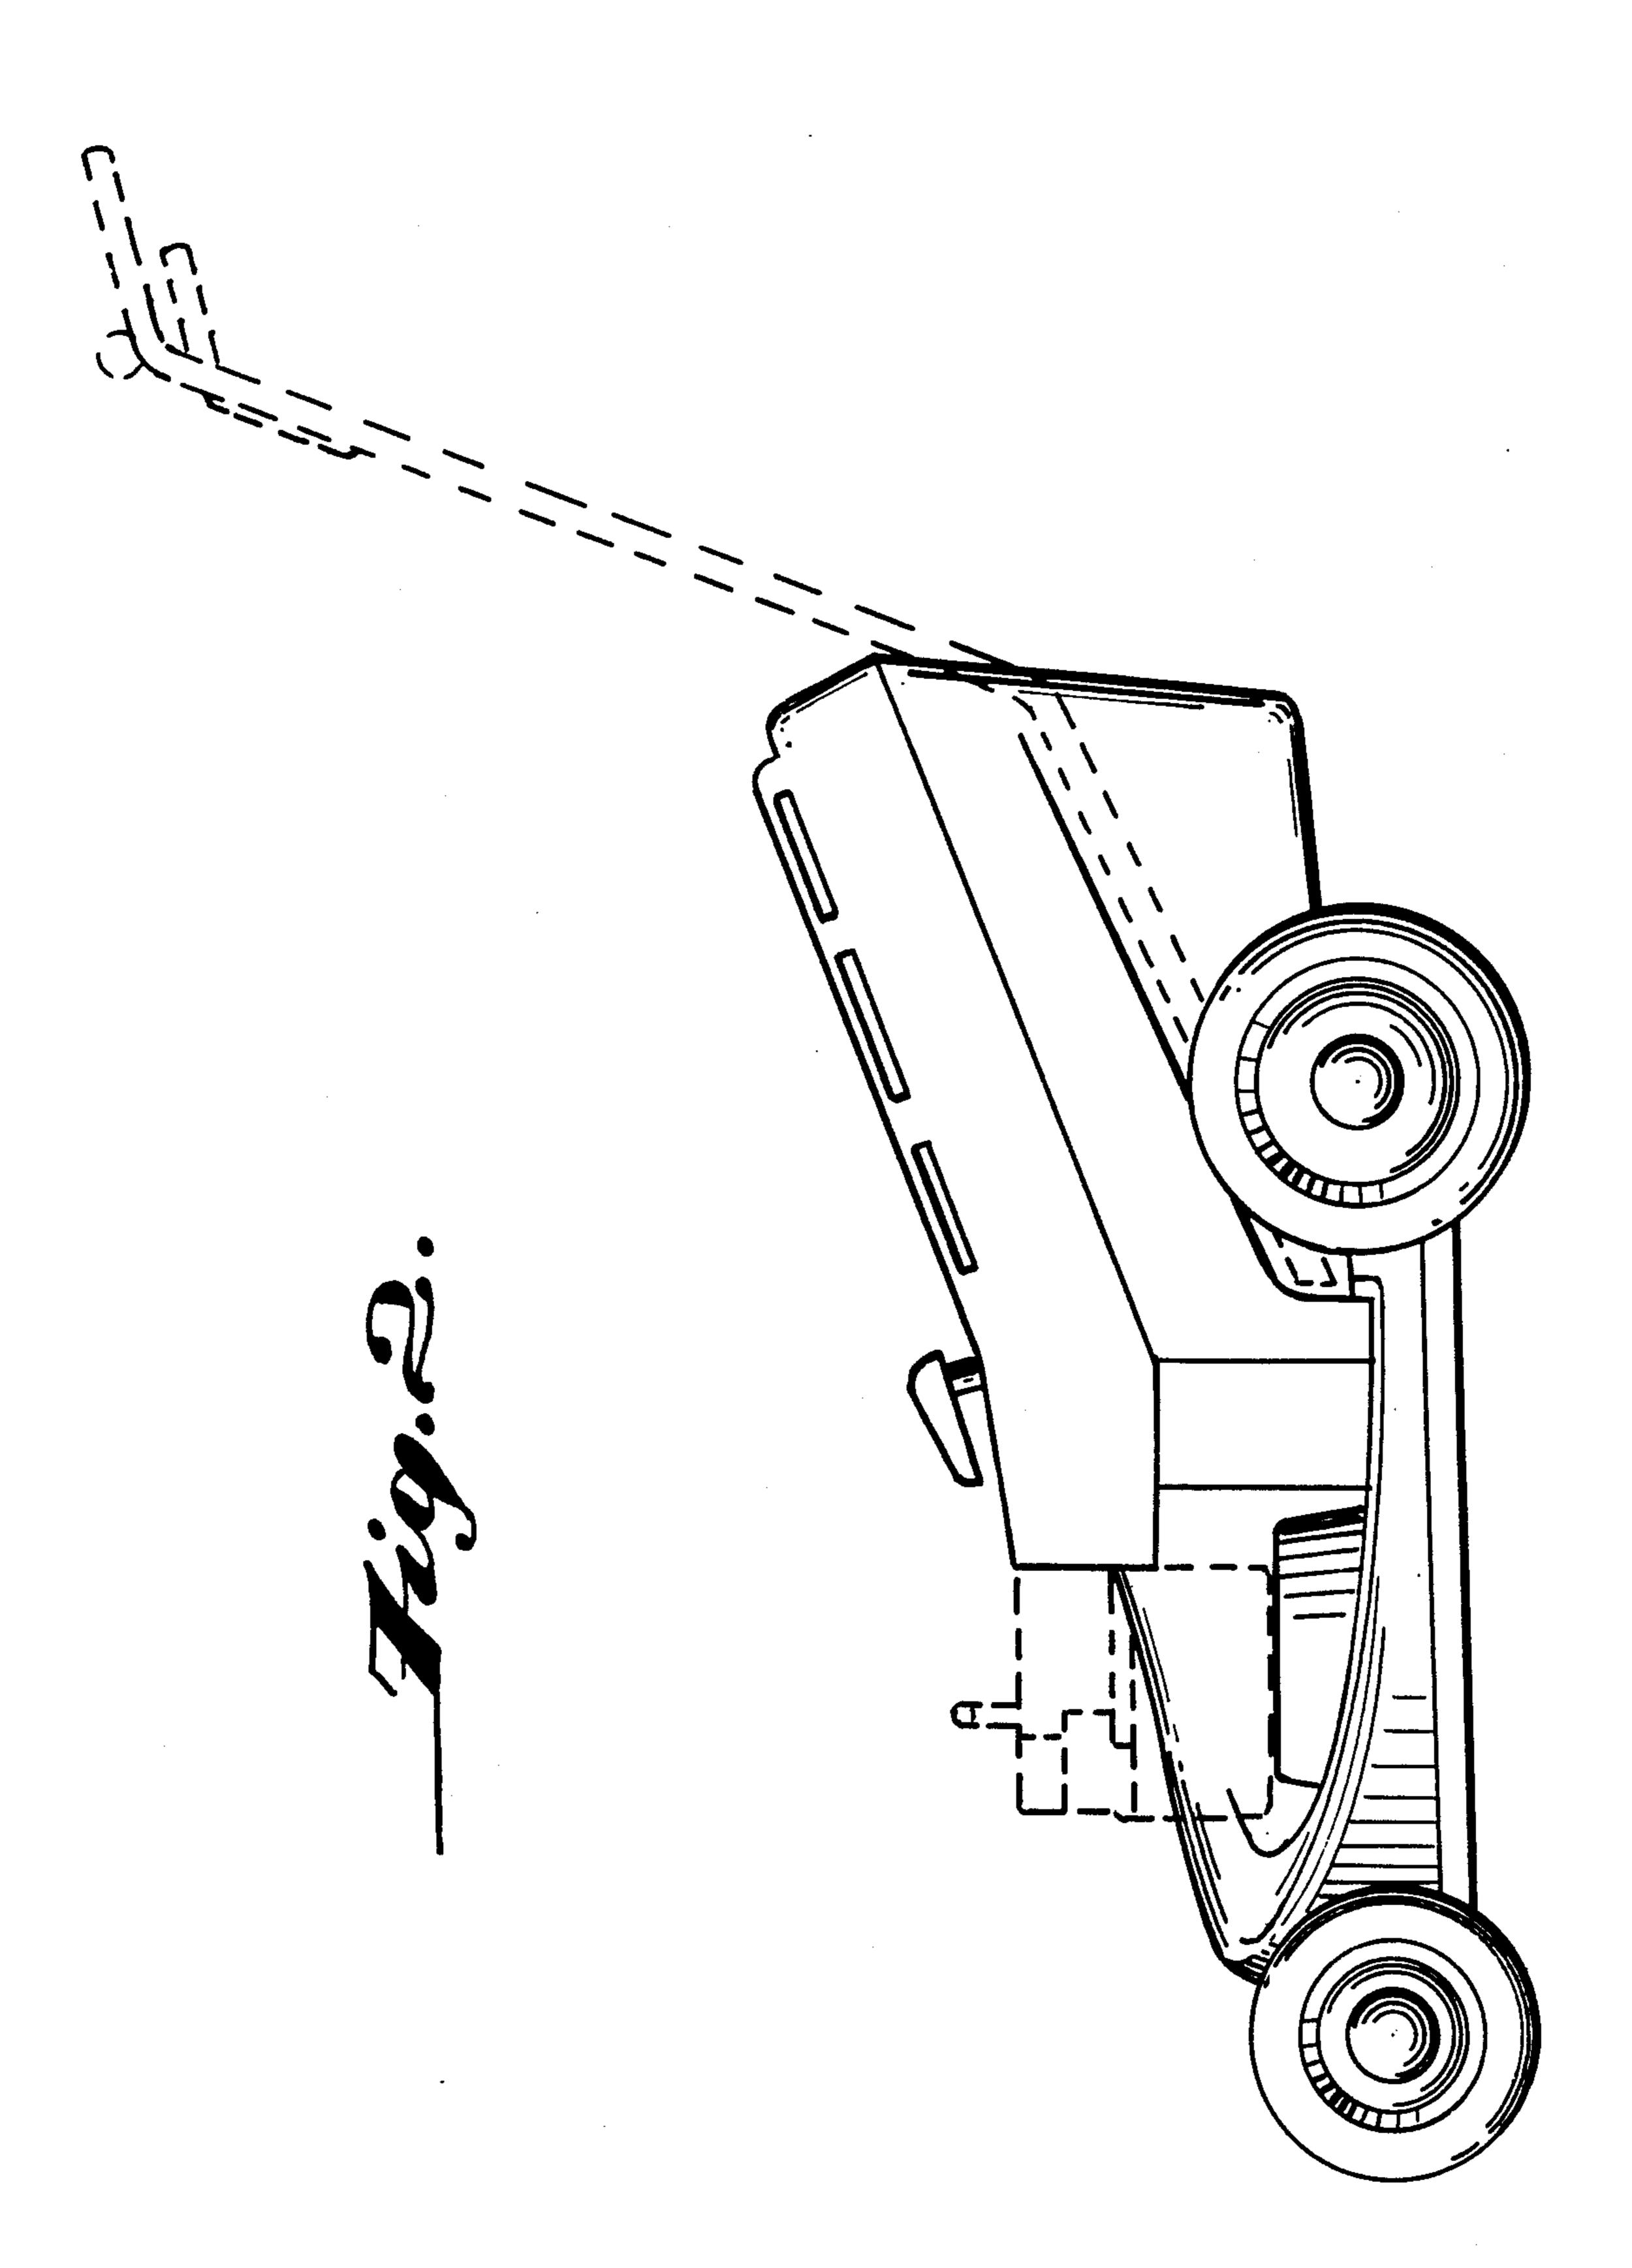

FIG. 4 is a right front perspective view thereof;

FIG. 5 is a right front perspective view of a rear discharge rotary lawn mower showing a second embodiment of our new design, it being understood that the only difference resides in the addition of an engine cover; and

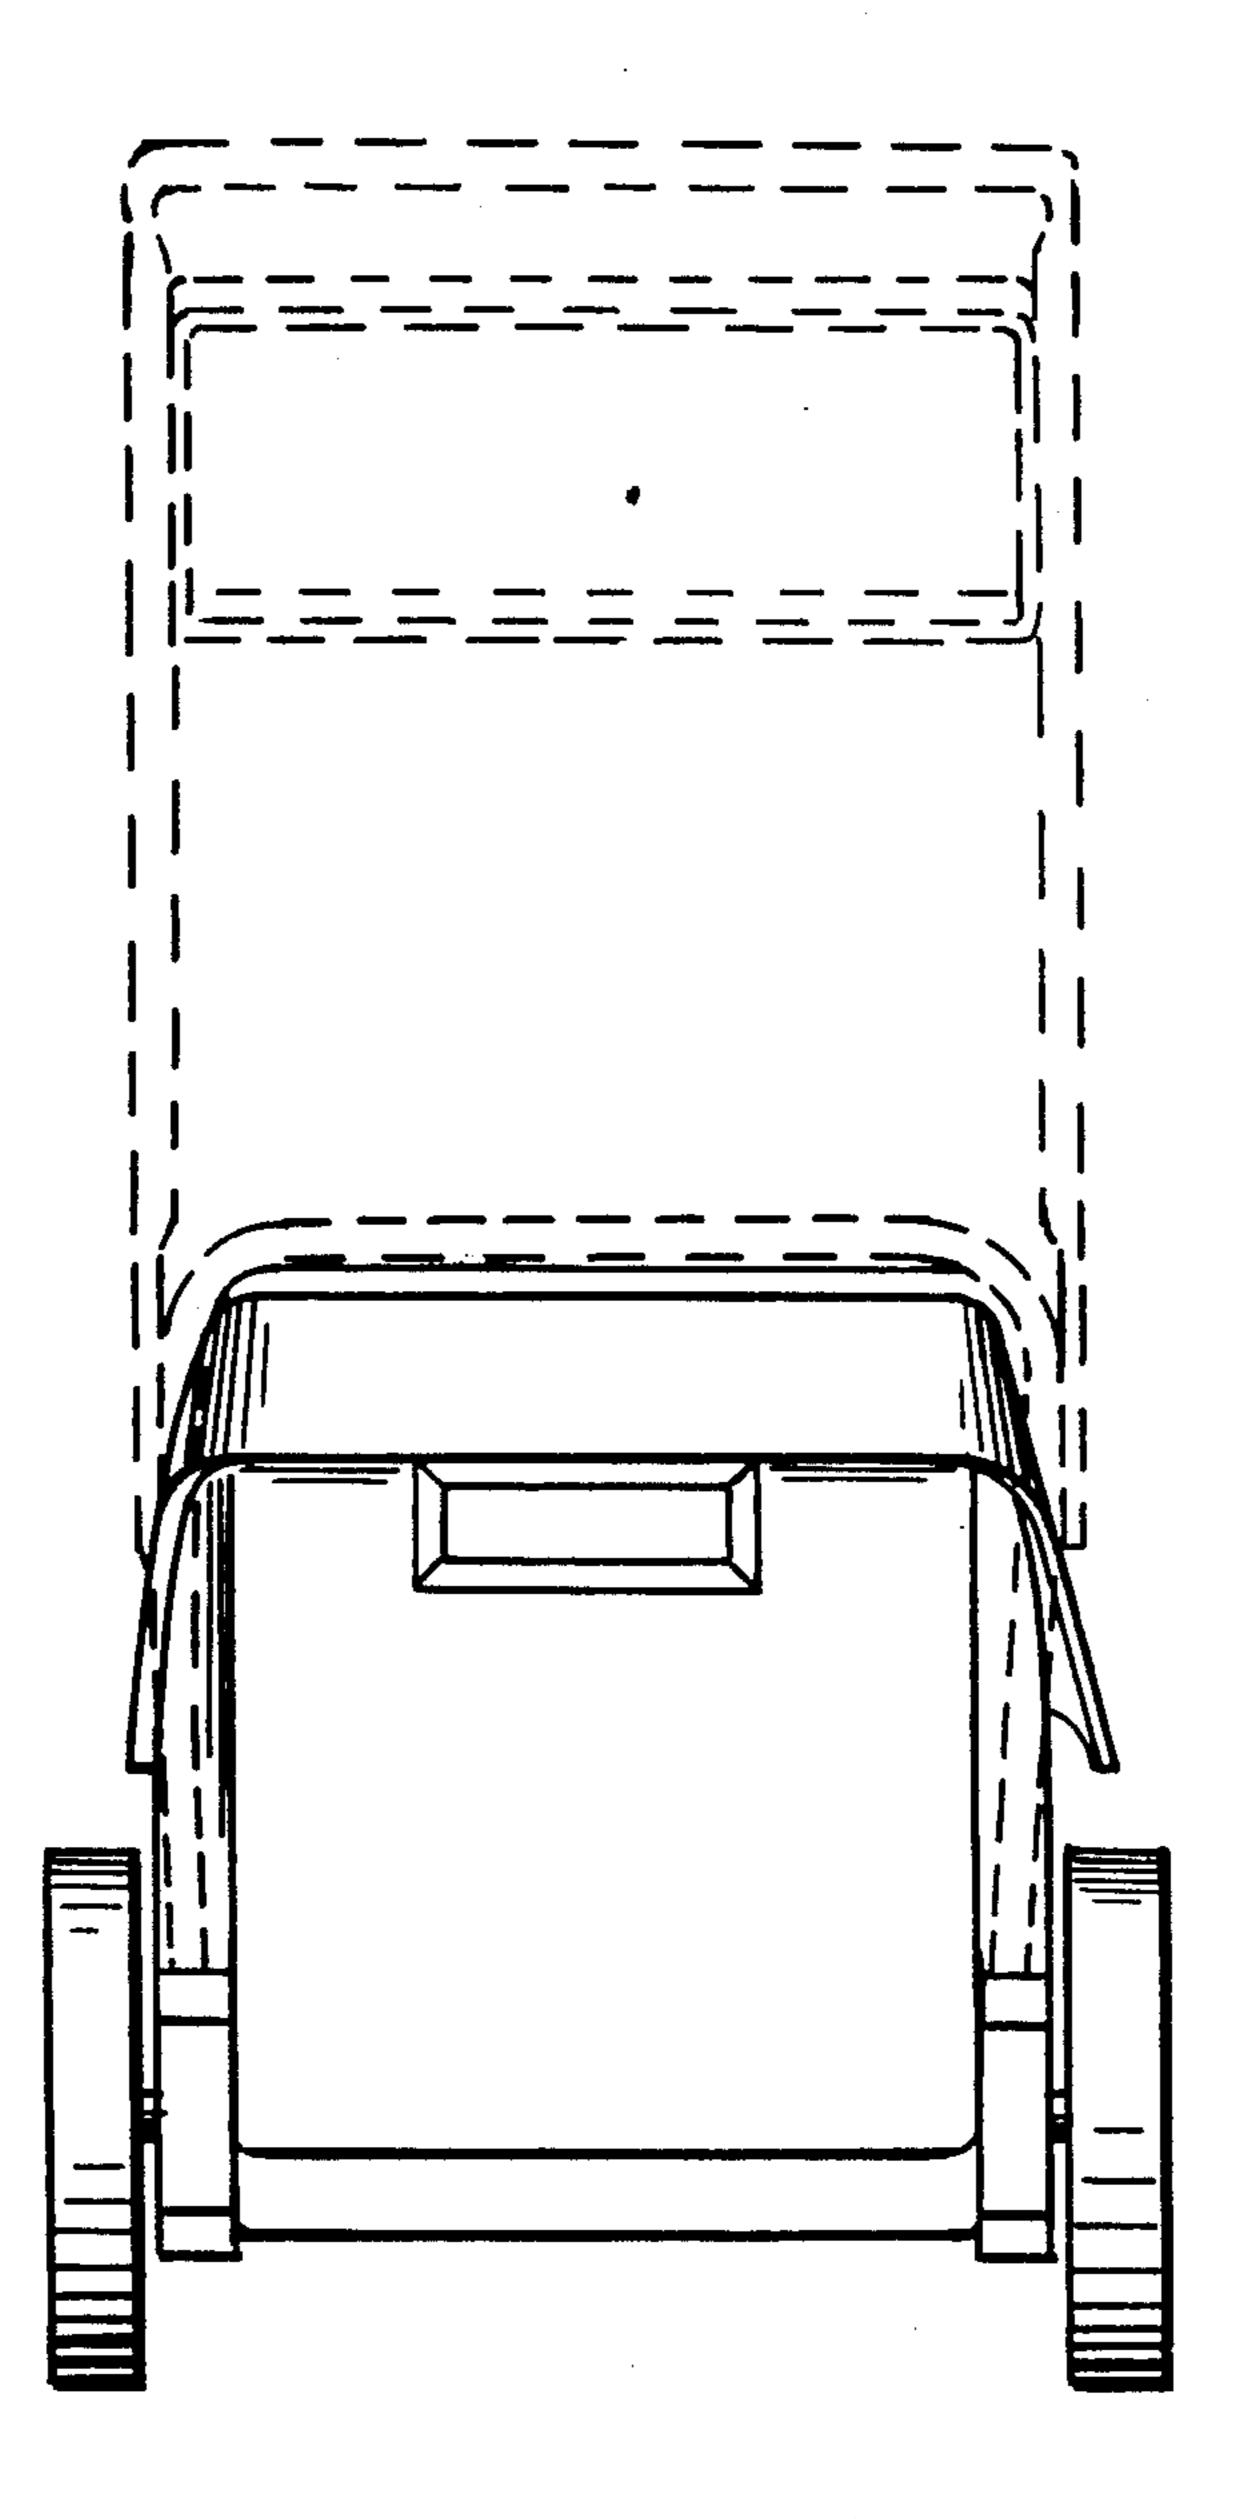

FIG. 6 is a left front perspective view of FIG. 5. The broken lines in the drawing are for illustrative purposes only.

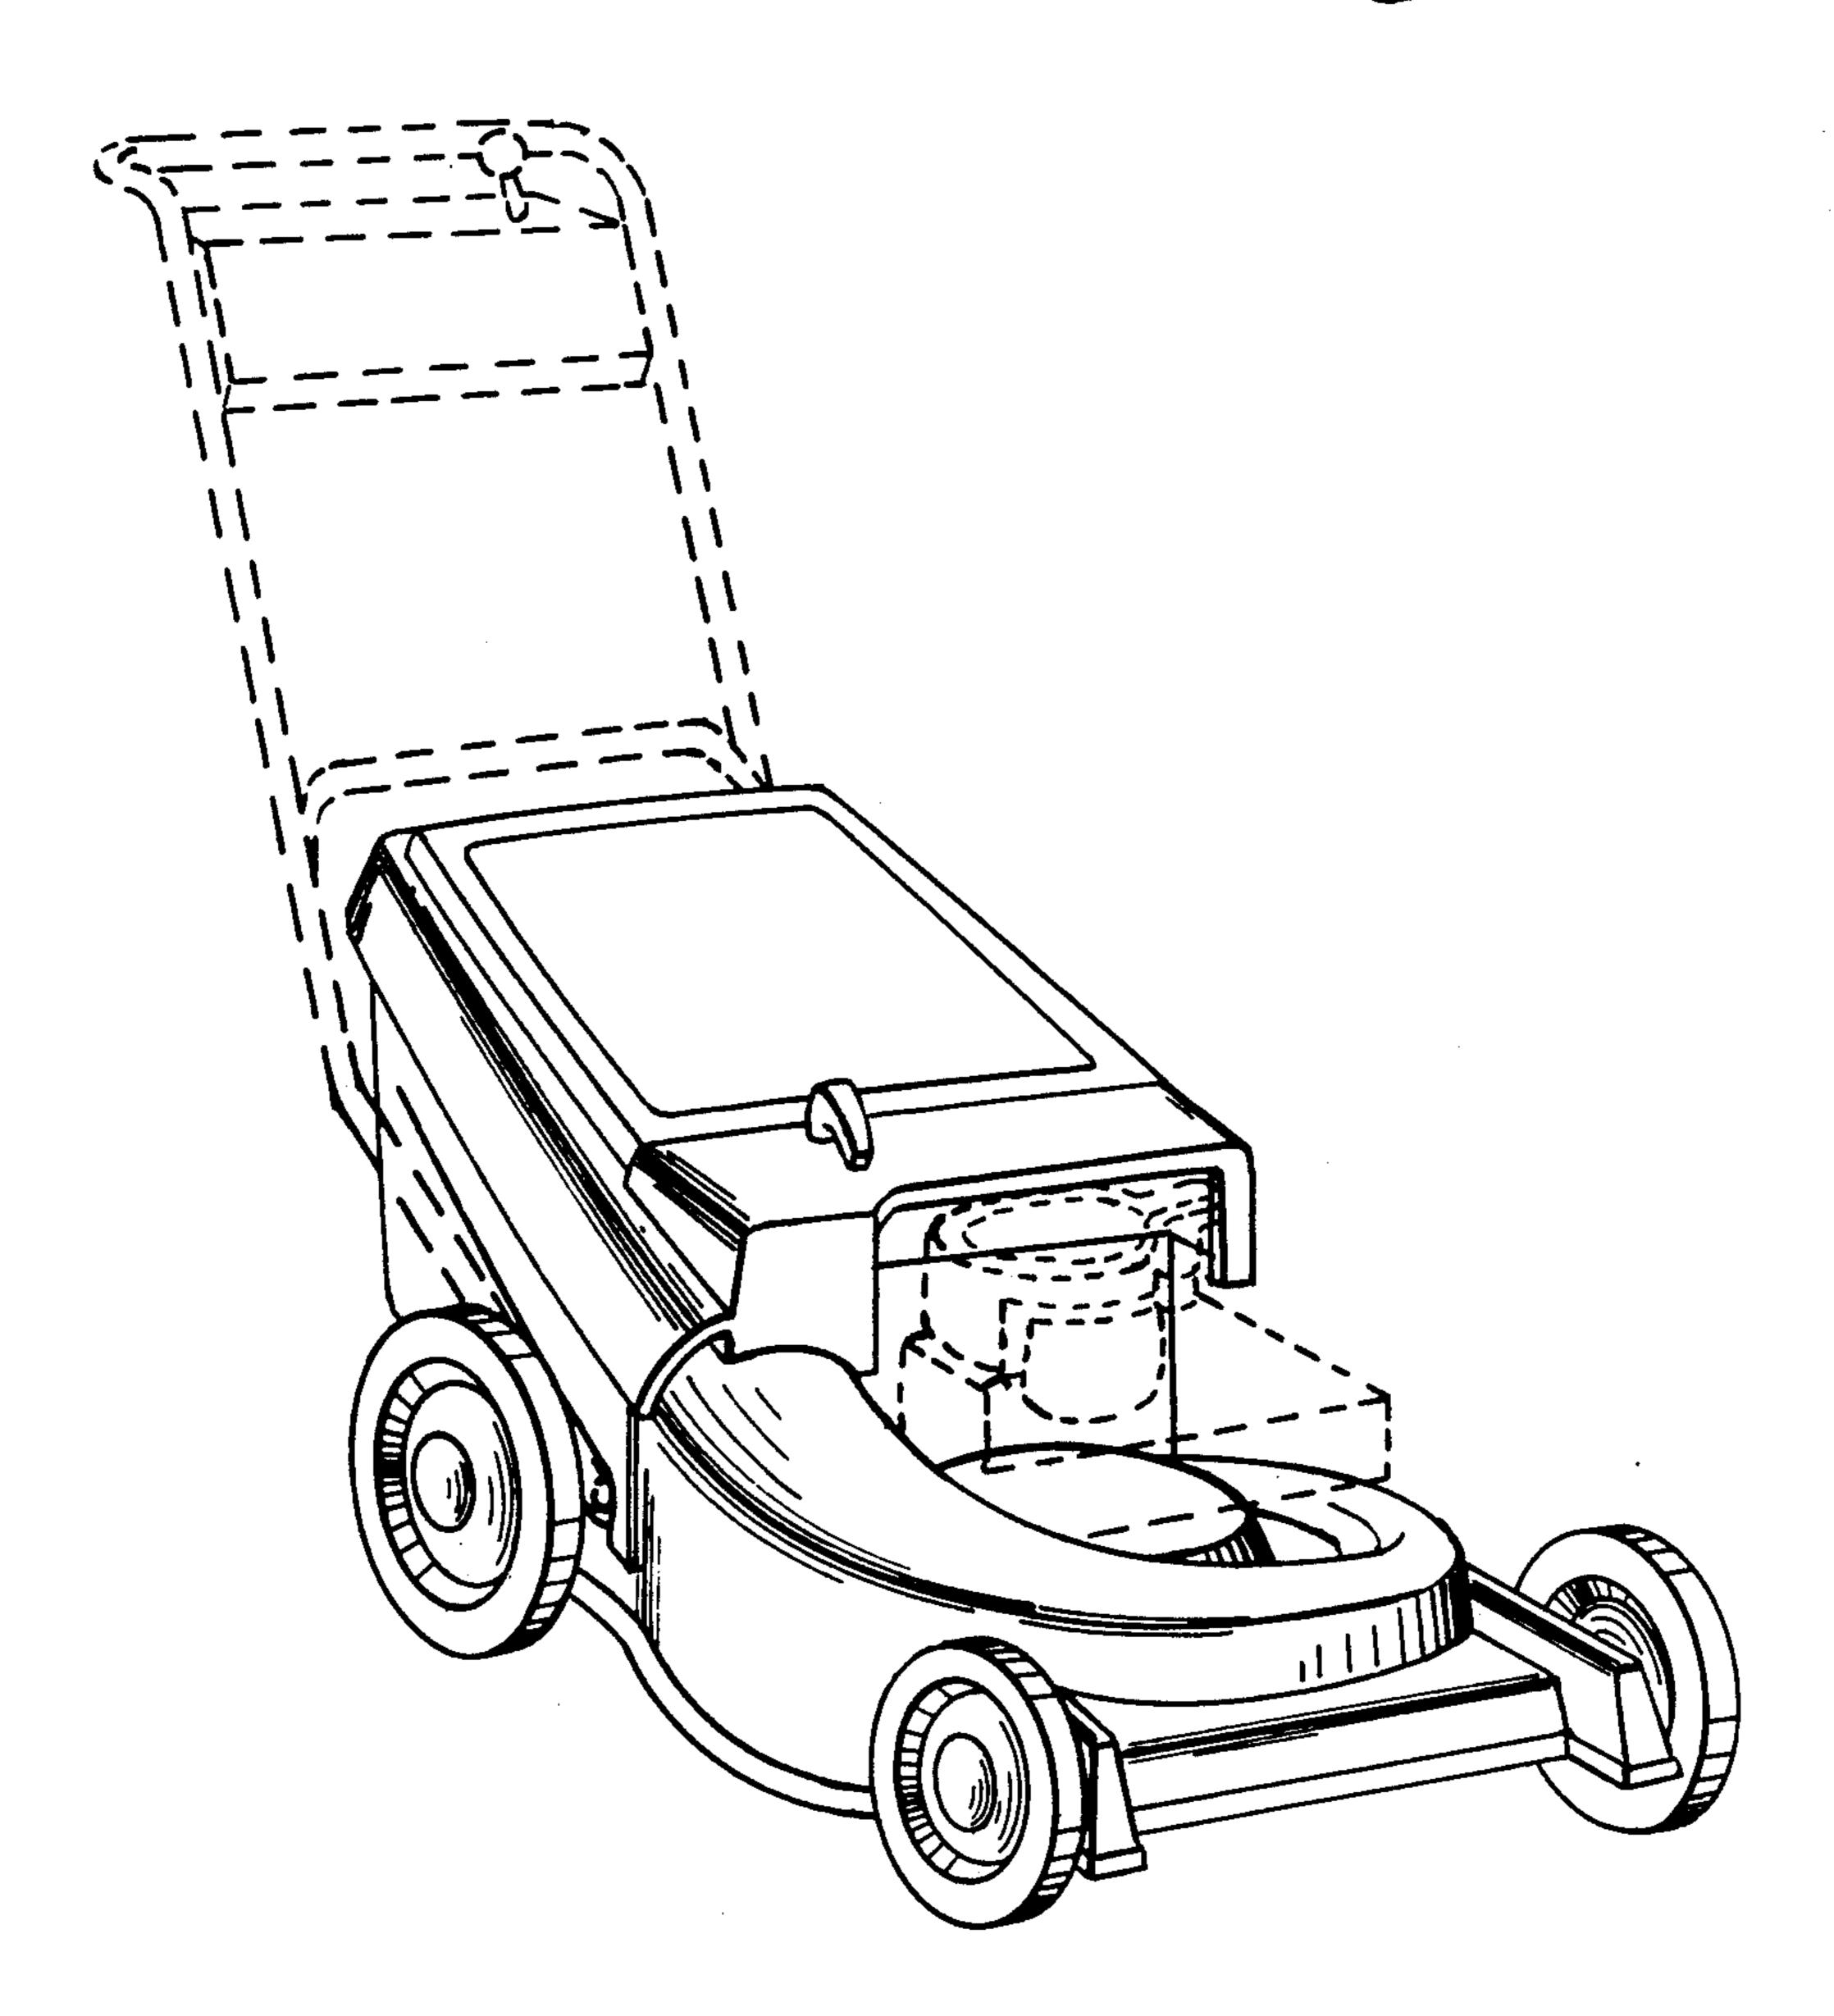

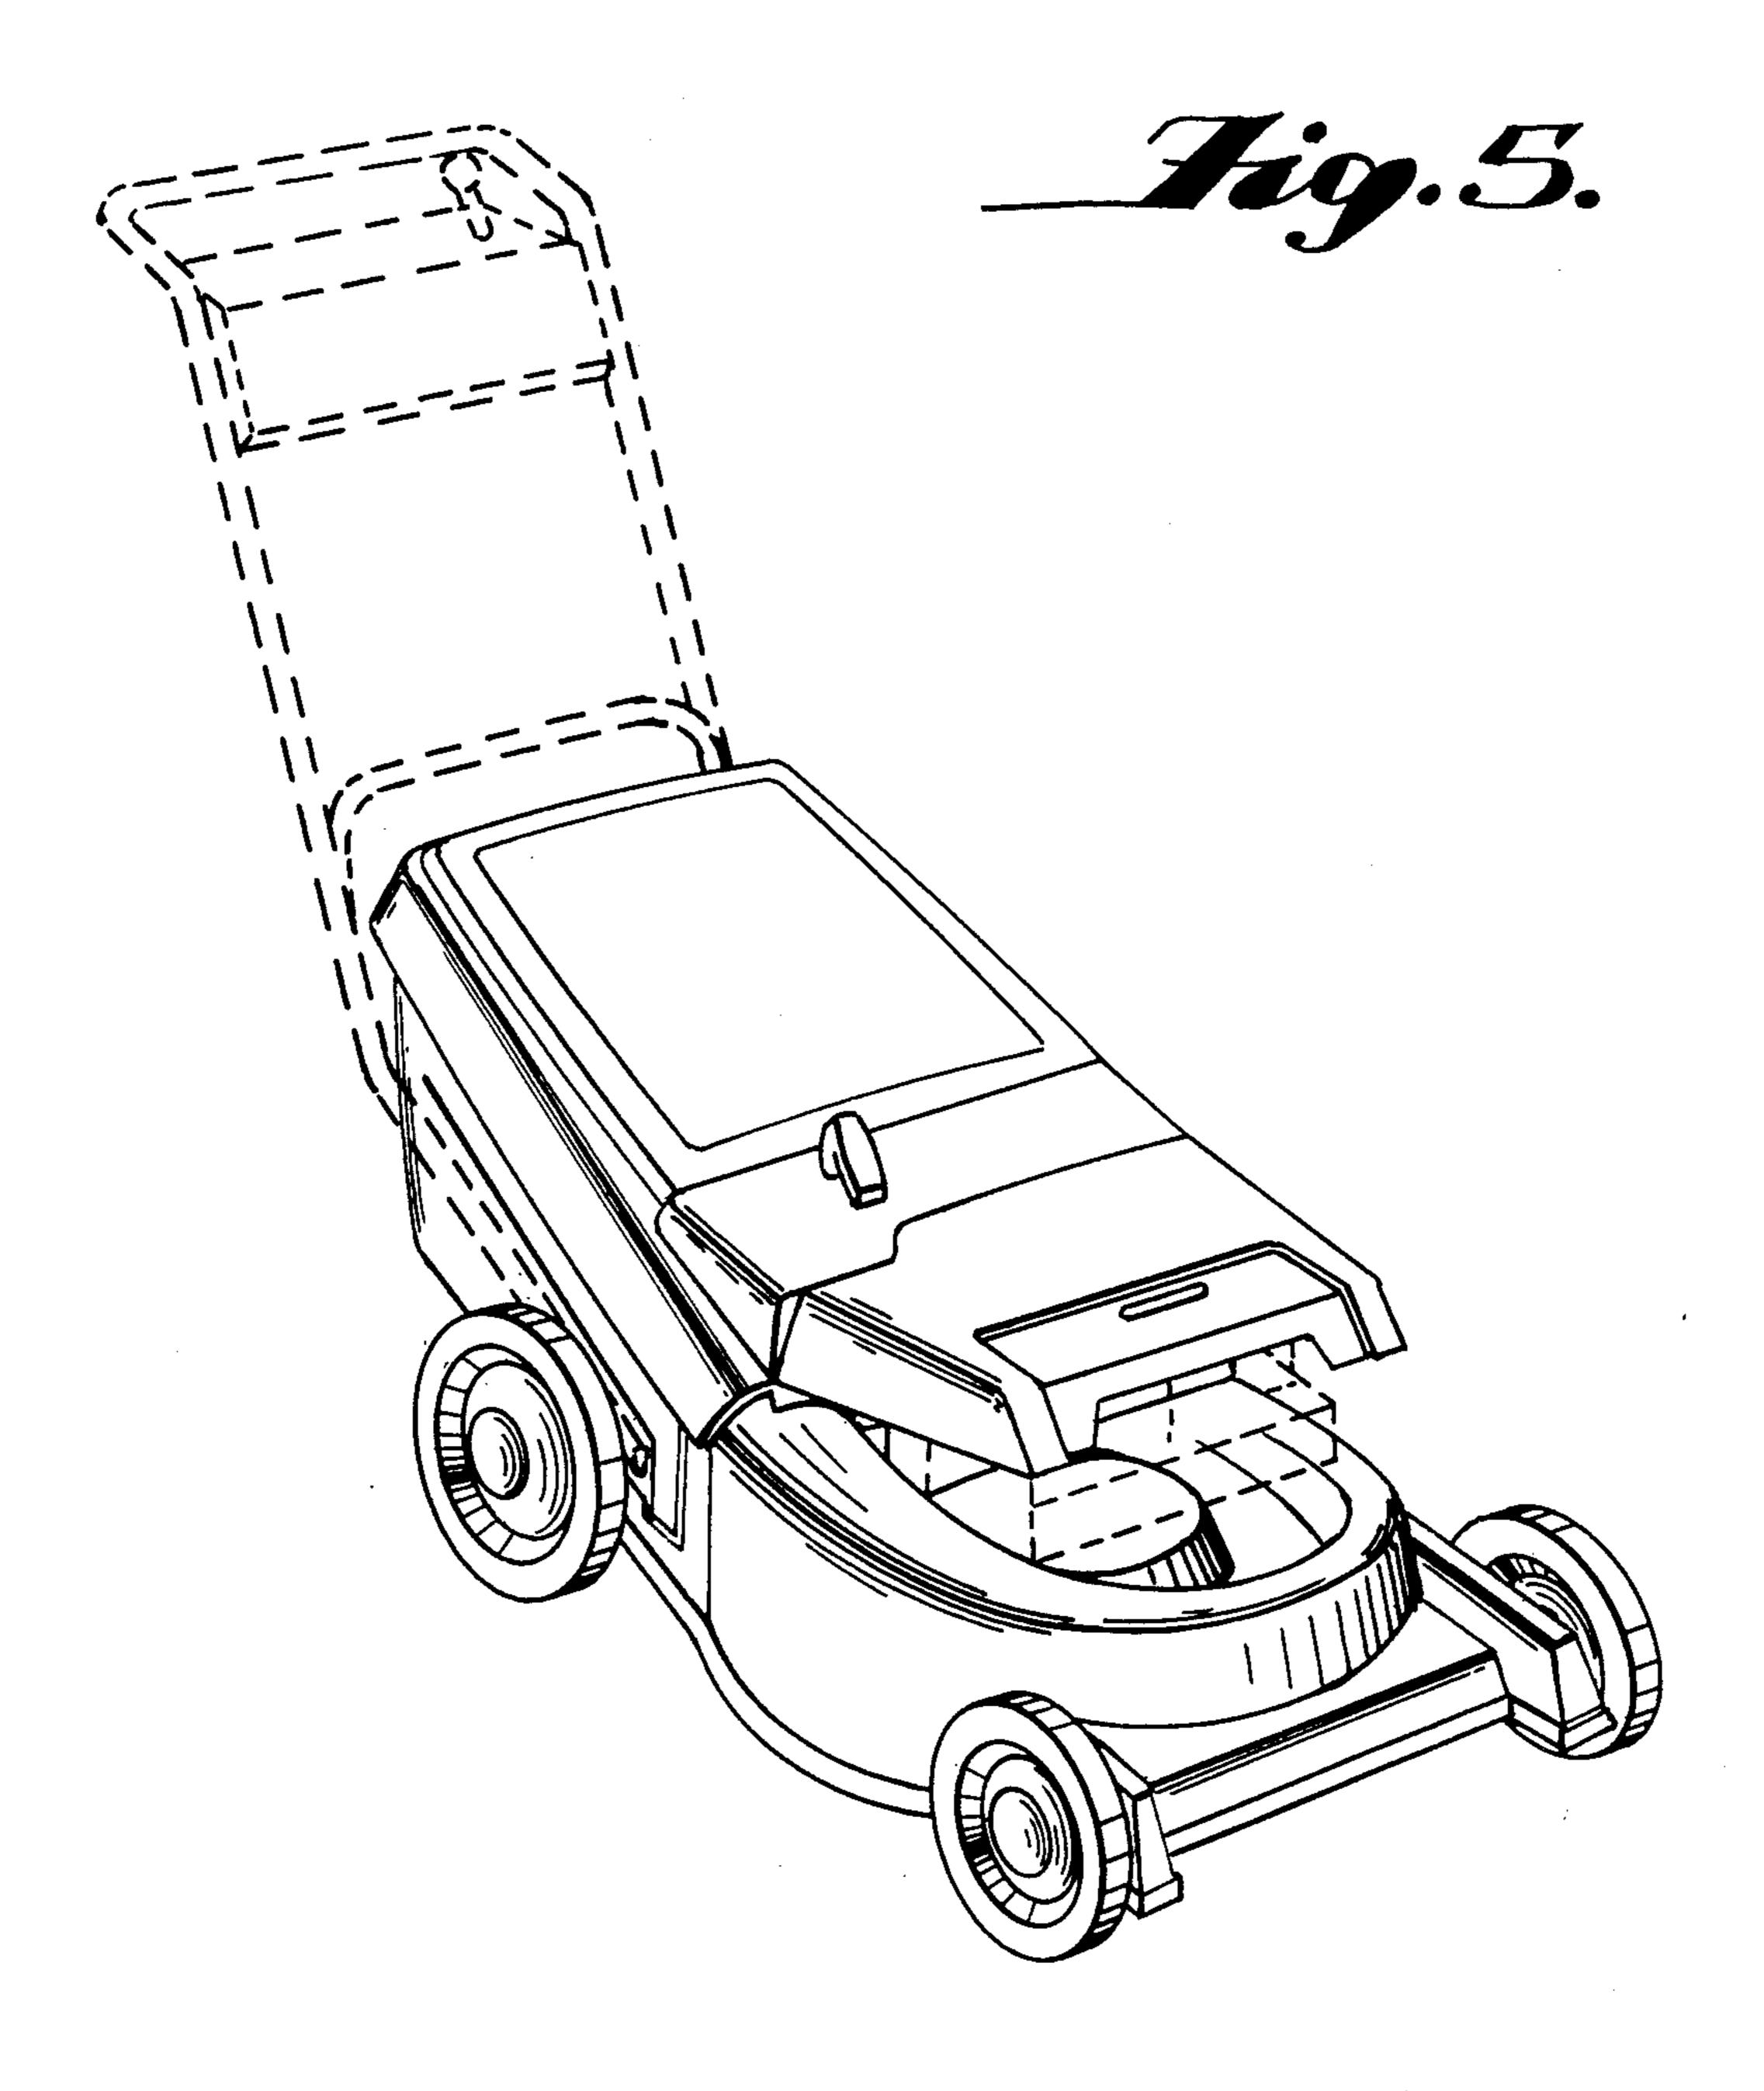

Hig. 4.

Hig. 6.
