[57] CLAIM

The ornamental design for a open back stationary press, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the open back stationary press showing our new design;

FIG. 2 is a perspective view taken from the left of FIG. 1;

FIG. 3 is a perspective view taken from the right of FIG. 1; and

FIG. 4 is an enlarged perspective view with the cowl- ing in the open position.

The rear of the press is open, conventional and unorna- mented.

The cross line shading which is partially shown in FIGS. 2 through 4 on the cowling is understood to represent conventional grid pattern and to repeat uni- formly across the circumscribed areas.
