[57] CLAIM

The ornamental design for a response tracer amplifier unit having graphic amplifier response display for stereo sound systems and the like, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view from above and to the right side of the response tracer amplifier unit having graphic amplifier response display for stereo sound systems and the like, showing my new design;
FIG. 2 is a front perspective view thereof, viewed from below and at the opposite side thereof;
FIG. 3 is a front elevation view thereof;
FIG. 4 is a side elevation view thereof viewed from the right side of FIG. 3, the opposite side elevation being a mirror image thereof; and
FIG. 5 is a bottom view thereof.
