[57] CLAIM

The ornamental design for an artificial fish lure, as shown and described.

DESCRIPTION

FIG. 1 is a side view of an artificial fish lure, upon a slightly enlarged scale, showing my new design;
FIG. 2 is a top plan view of the lure body, with the hooks omitted;
FIG. 3 is a bottom view of the lure body, with the hooks omitted;
FIG. 4 is a front view of the lure body, with the hooks omitted; and
FIG. 5 is a rear view of the lure body, with the hooks omitted.

The top and bottom of this lure are marked and shaded to resemble a lizard when seen from those locations, whereas the opposite sides of this lure which are of the same appearance, are marked and shaded to resemble a small bait fish when seen from either side thereof.
