[57] **CLAIM**

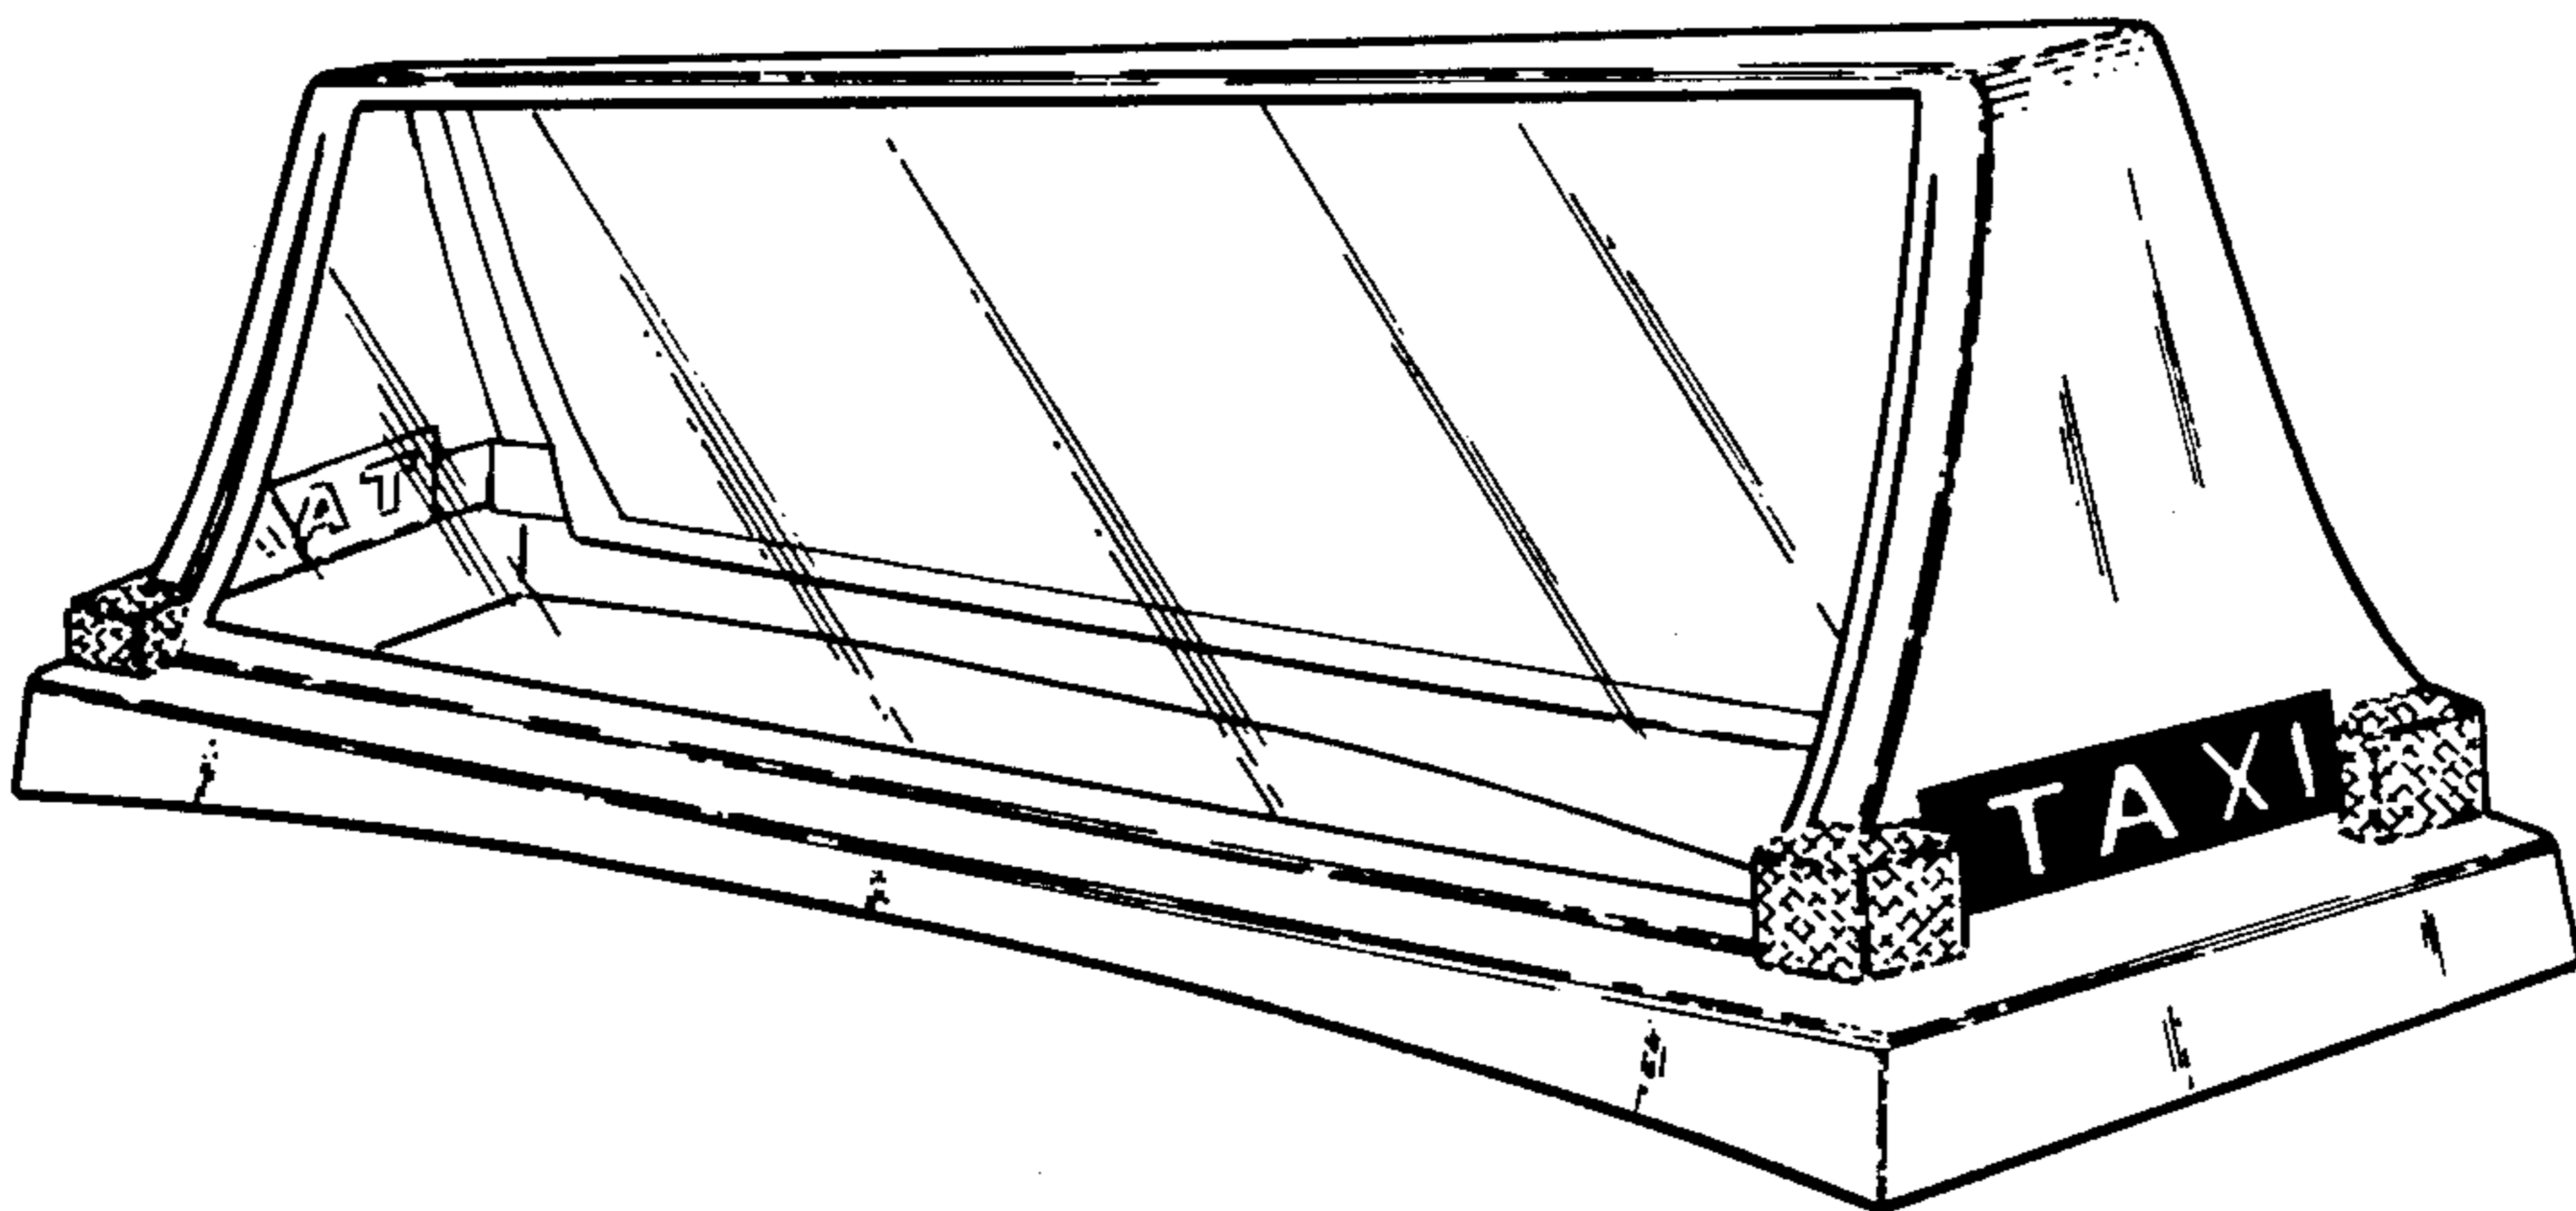

The ornamental design for a vehicle top sign housing, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a vehicle top sign housing showing my new design; FIG. 2 is a top view of the sign housing; FIG. 3 is an end view of the sign housing; FIG. 4 is a bottom view of the sign housing; and FIG. 5 is a perspective view of the sign housing.

Whereas FIG. 1 and FIG. 3 show one side and one end, respectively, of the sign housing, the opposite side and opposite end, respectively, are identical to the side and end shown.

The corners of the housing are shaded with cross-hatching to indicate a contrasting color.
