[57] **CLAIM**

The ornamental design for an interlocking flume platform panel for animal confinement pens, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of an interlocking flume platform panel for animal confinement pens showing our new design;

FIG. 2 is an elevational view taken from one side thereof;

FIG. 3 is an elevational view taken from the side opposite that shown in FIG. 2;

FIG. 4 is an enlarged fragmentary end elevational view thereof; and

FIG. 5 is a bottom perspective view thereof.

The interlocking flume platform panel has been broken away in FIGS. 1, 2, 3 and 5 to indicate indeterminate length.

FIG. 1
