[57] CLAIM

The ornamental design for a spray wand, substantially as shown and described.

DESCRIPTION

FIG. 1 is an isometric view taken from the front and right side of a spray wand showing our new design; FIG. 2 is a left side elevational view thereof; FIG. 3 is a rear elevational view thereof; and FIG. 4 is a front elevational view thereof.

The center portion of the tube connecting the spray head to the control handle has been broken away in FIGS. 1 through 4 to indicate indeterminate length and the broken line representation of a supply tube in FIGS. 1 through 4 is for purposes of illustration only.
