[57] CLAIM

The ornamental design for a wall thermostat, substantially as shown and described.

DESCRIPTION

FIG. 1a is a right front perspective view of a wall thermostat showing our new design with the cover door in the open position;

FIG. 1b is a right front perspective view thereof, with the cover door in the closed position;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a right side elevational view of FIG. 1a, the left side view being a mirror image thereto;

FIG. 6 is a right side elevational view of FIG. 1b, the left side being a mirror image thereto;

FIG. 7 is a front elevational view of another embodiment of our new design of FIGS. 1-6 wherein there is no cover door;

FIG. 8 is a rear elevational view thereof;

FIG. 9 is a bottom plan view thereof;

FIG. 10 is a top plan view thereof;

The sides of the second embodiment would be identical to that shown and described of FIG. 6.
