CLAIM

The ornamental design for a low profile window awning, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the front, the top and the left side of a low profile window awning embodying the new design of my invention; FIG. 2 is a left side elevational view thereof; FIG. 3 is a right side elevational view thereof; and FIG. 4 is a partial front elevational view about the line 4-4 of FIG. 3.

The broken lines shown in FIGS. 1 through 4 designating portions of the environmental structure to which the invention is attached, are for illustrative purposes only.
