[57] CLAIM

The ornamental design for a combined pallet and container, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined pallet and container showing my new design it being understood that the side and end not shown herein are mirror images of those shown; and,

FIG. 2 is a perspective view of a combined pallet and container showing a second embodiment of my new design wherein the difference resides in a removable left end panel shown in exploded condition; and,

FIG. 3 is a fragmentary enlarged top plan view of one of the corners of the second embodiment of FIG. 2 showing a rail for slidably retaining the removable left end panel; and,

FIG. 4 is a perspective view of the pallet thereof with a deck panel therefor shown in exploded condition it being understood that the container has been omitted for convenience of illustration; and,

FIG. 5 is a fragmentary enlarged perspective view of one corner of the pallet thereof it being understood that all corners are identical.
