[57] CLAIM

The ornamental design for an embossed plastic sheet material, substantially as shown and described.

DESCRIPTION

FIG. 1 is a plan view of an embossed plastic sheet material showing my new design, the unit of repeat being shown within the four corner markings and the manner of overall repeat being a one-half offset in adjacent horizontal rows as indicated at the upper and lower central portions of the figure; and
FIG. 2 is a plan view, at substantially actual size, of the portion of the unit of repeat contained within the broken-line rectangle of FIG. 1.

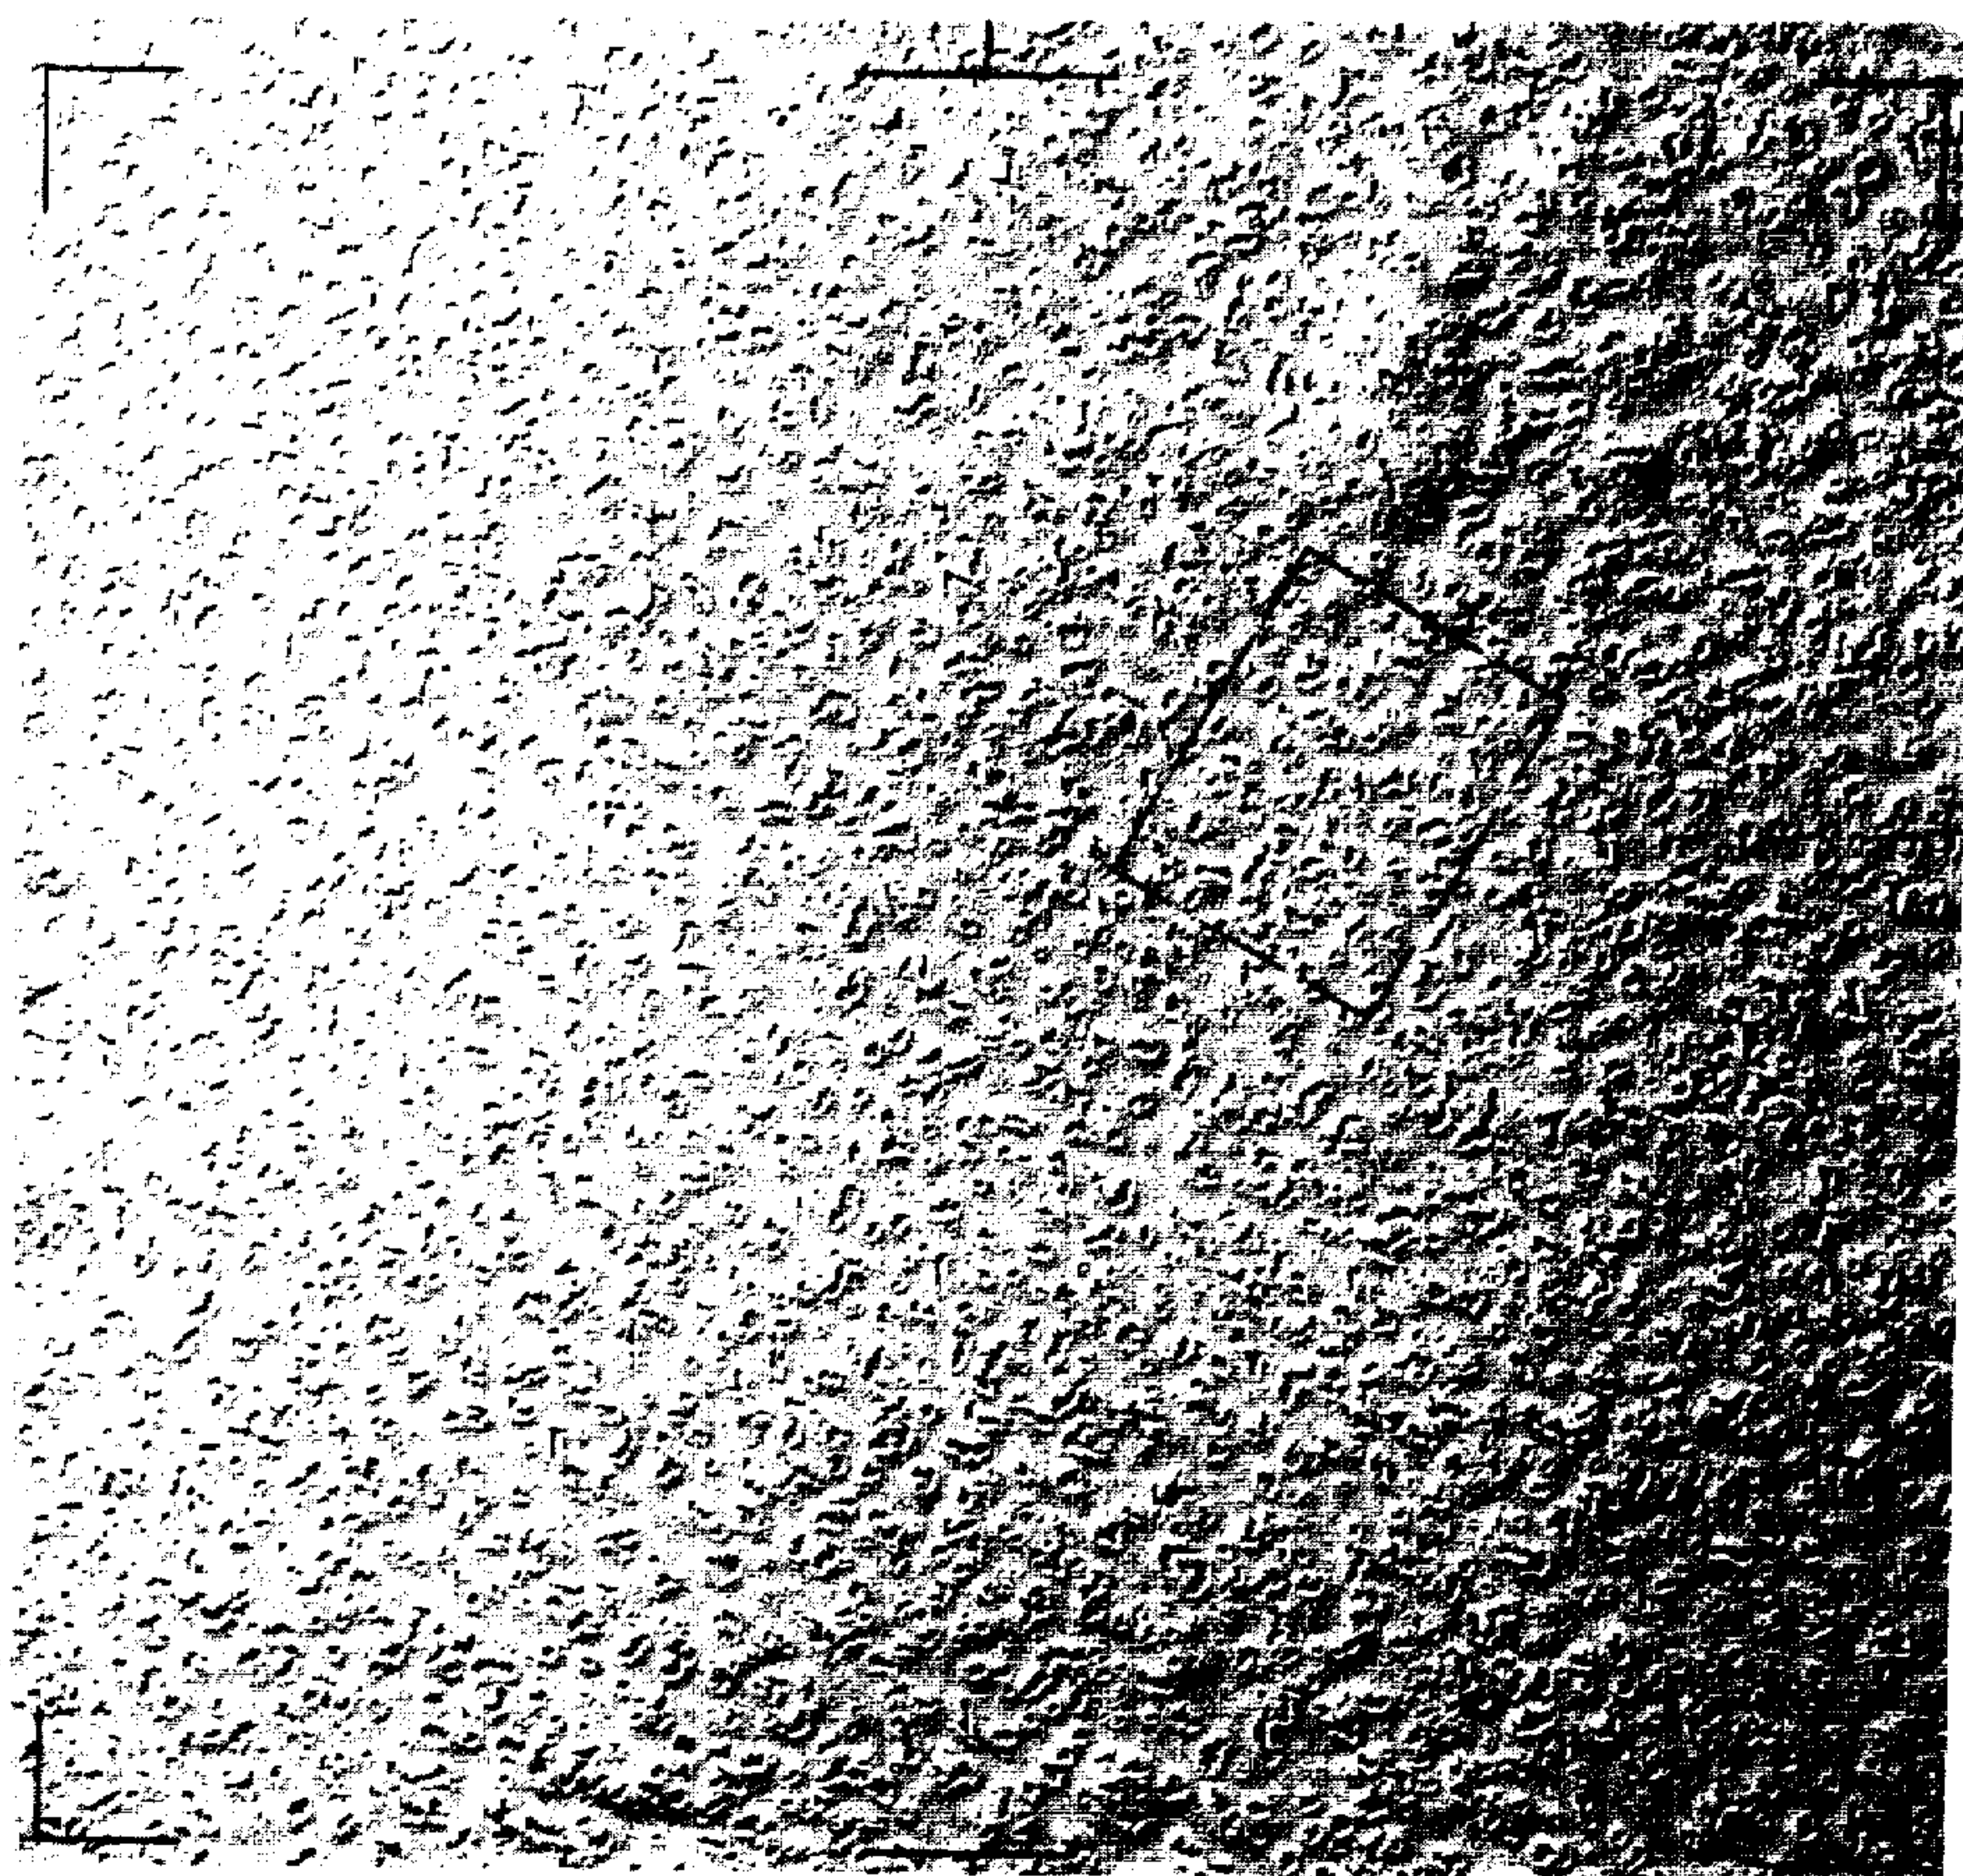

FIG. 1

FIG. 2
