[57] CLAIM
The ornamental design for a device which is suitable for
use in cleaning magnetic heads of magnetic tape record-
ing and/or playback instruments, as shown and de-
scribed.

DESCRIPTION
FIG. 1 is a side elevational view of a device which is
suitable for use in cleaning magnetic heads of magnetic
tape recording and/or playback instruments, showing
my new design, shown with the cap removed for com-
pleteness of disclosure;
FIG. 2 is a side elevational view thereof, shown without
the cap and with the cleaning and handle portions in
different relative positions;
FIG. 3 is a side elevational view thereof, shown without
the cap and with the cleaning and handle portions in
different relative positions;
FIG. 4 is a top plan view of the device as shown in FIG.
1;
FIG. 5 is a bottom plan view of the device as shown in
FIG. 1;
FIG. 6 is a side elevational view of the device as shown
in FIG. 1, but shown with the cap in place;
FIG. 7 is a side elevational view of the device as shown
in FIG. 2, but shown with the cap in place;
FIG. 8 is a side elevational view of the device as shown
in FIG. 3, but shown with the cap in place.

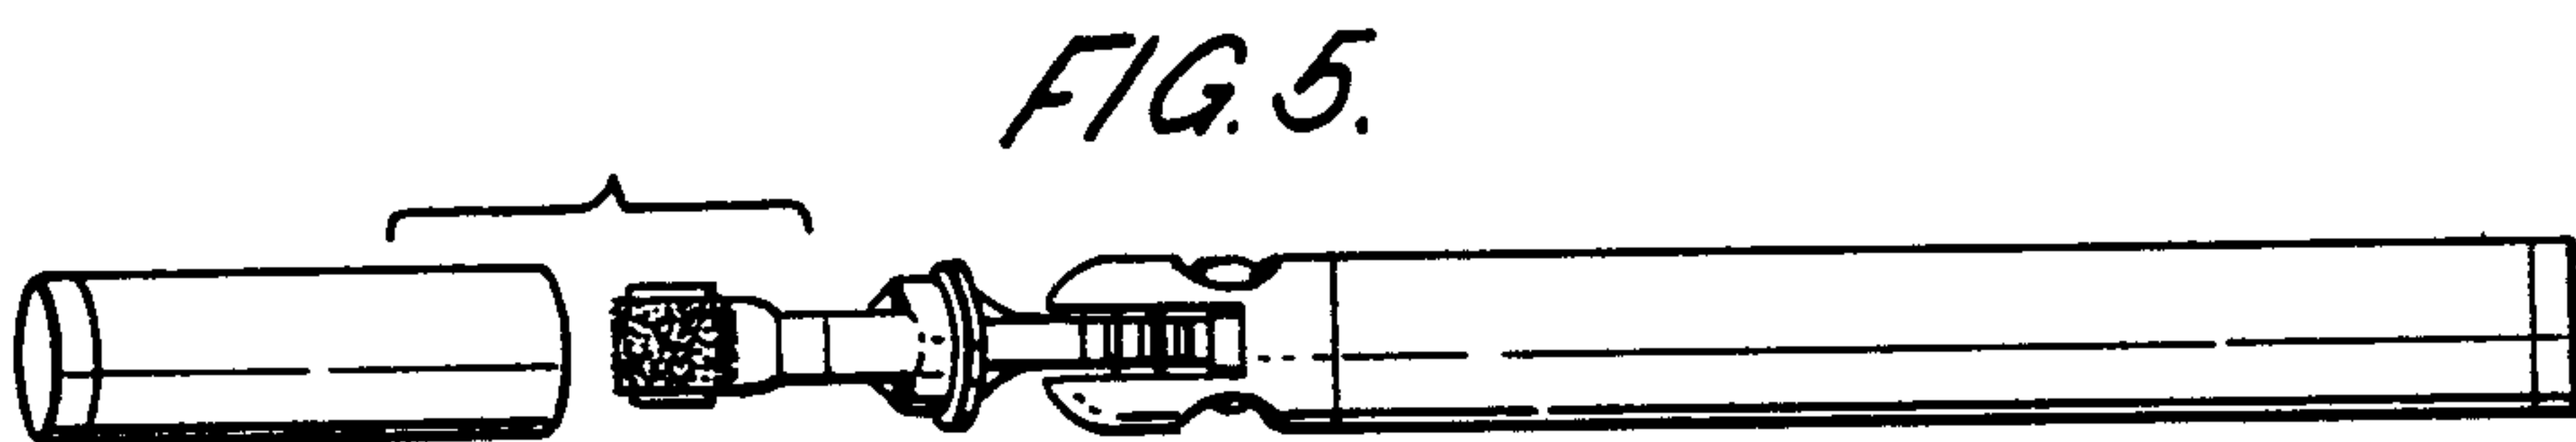

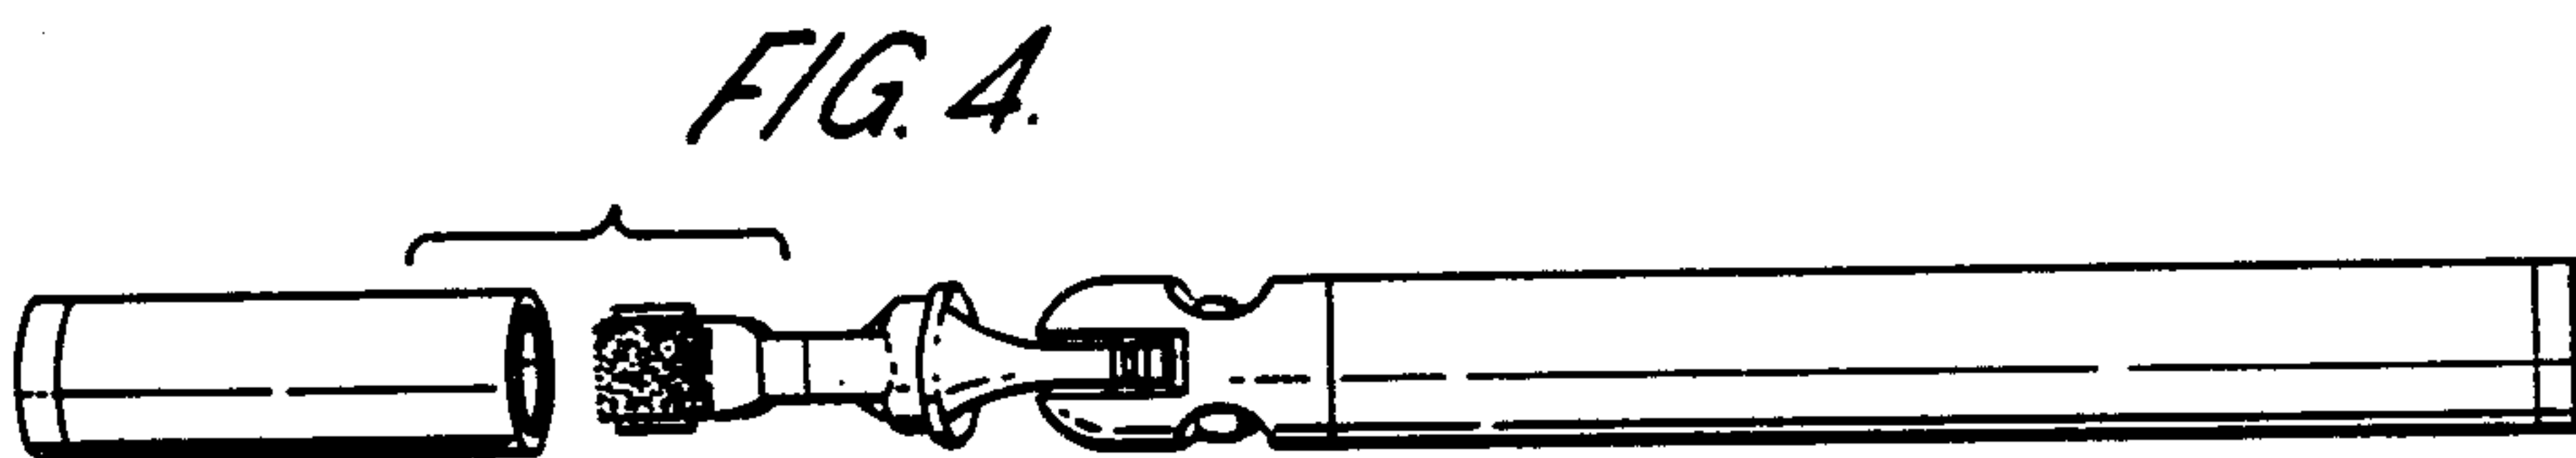

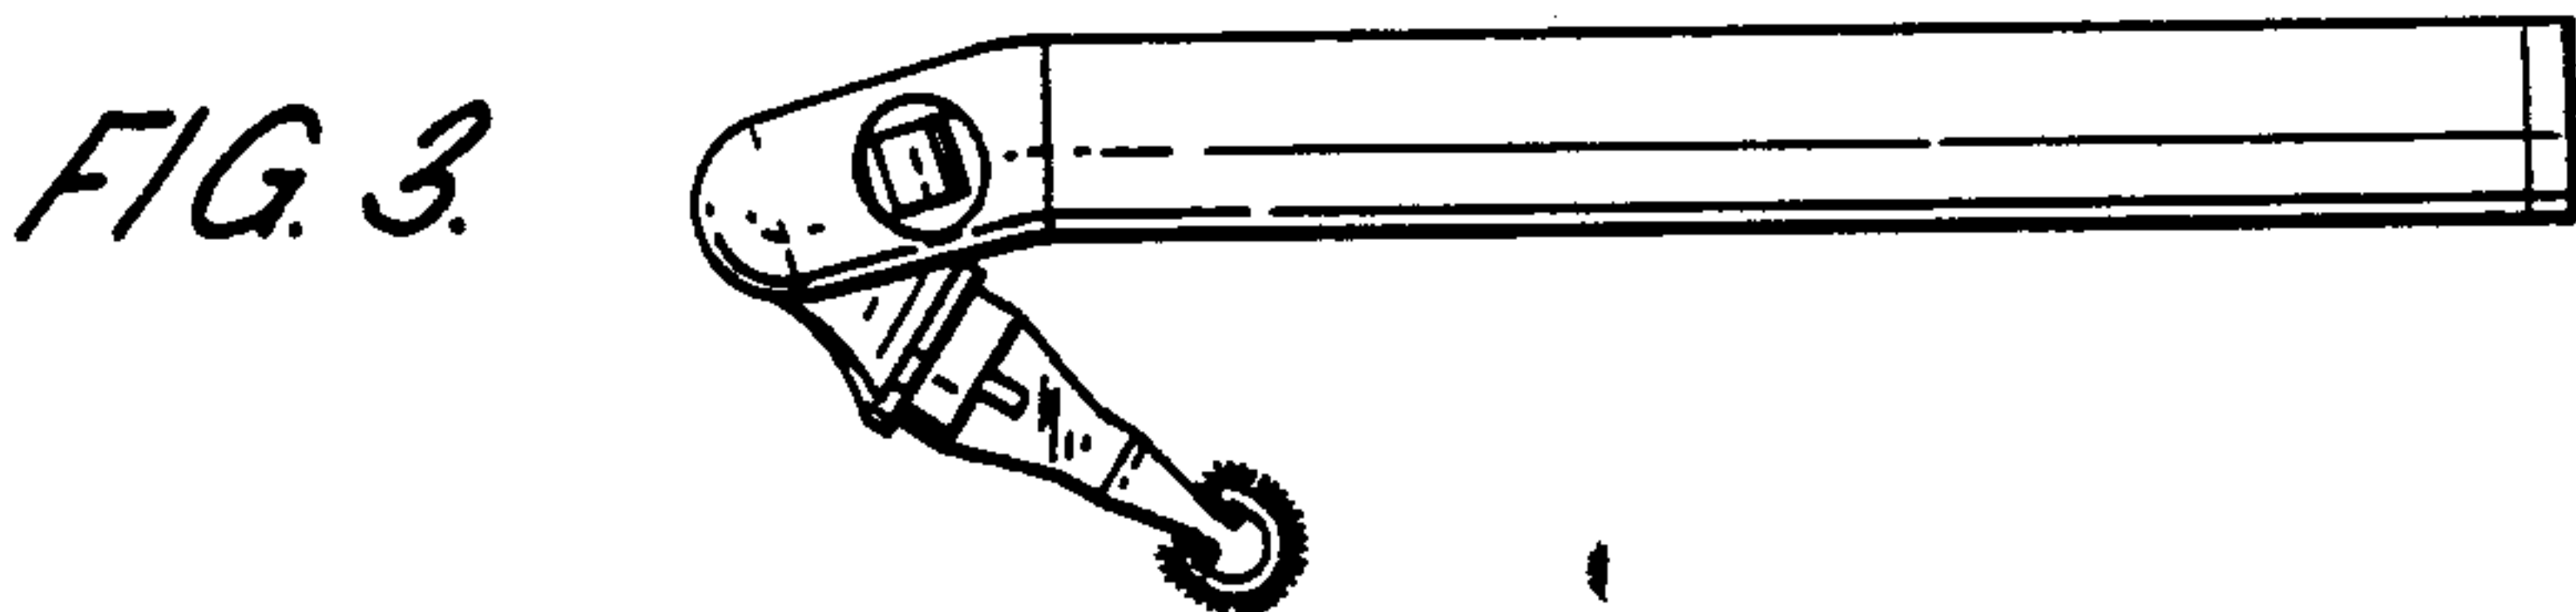

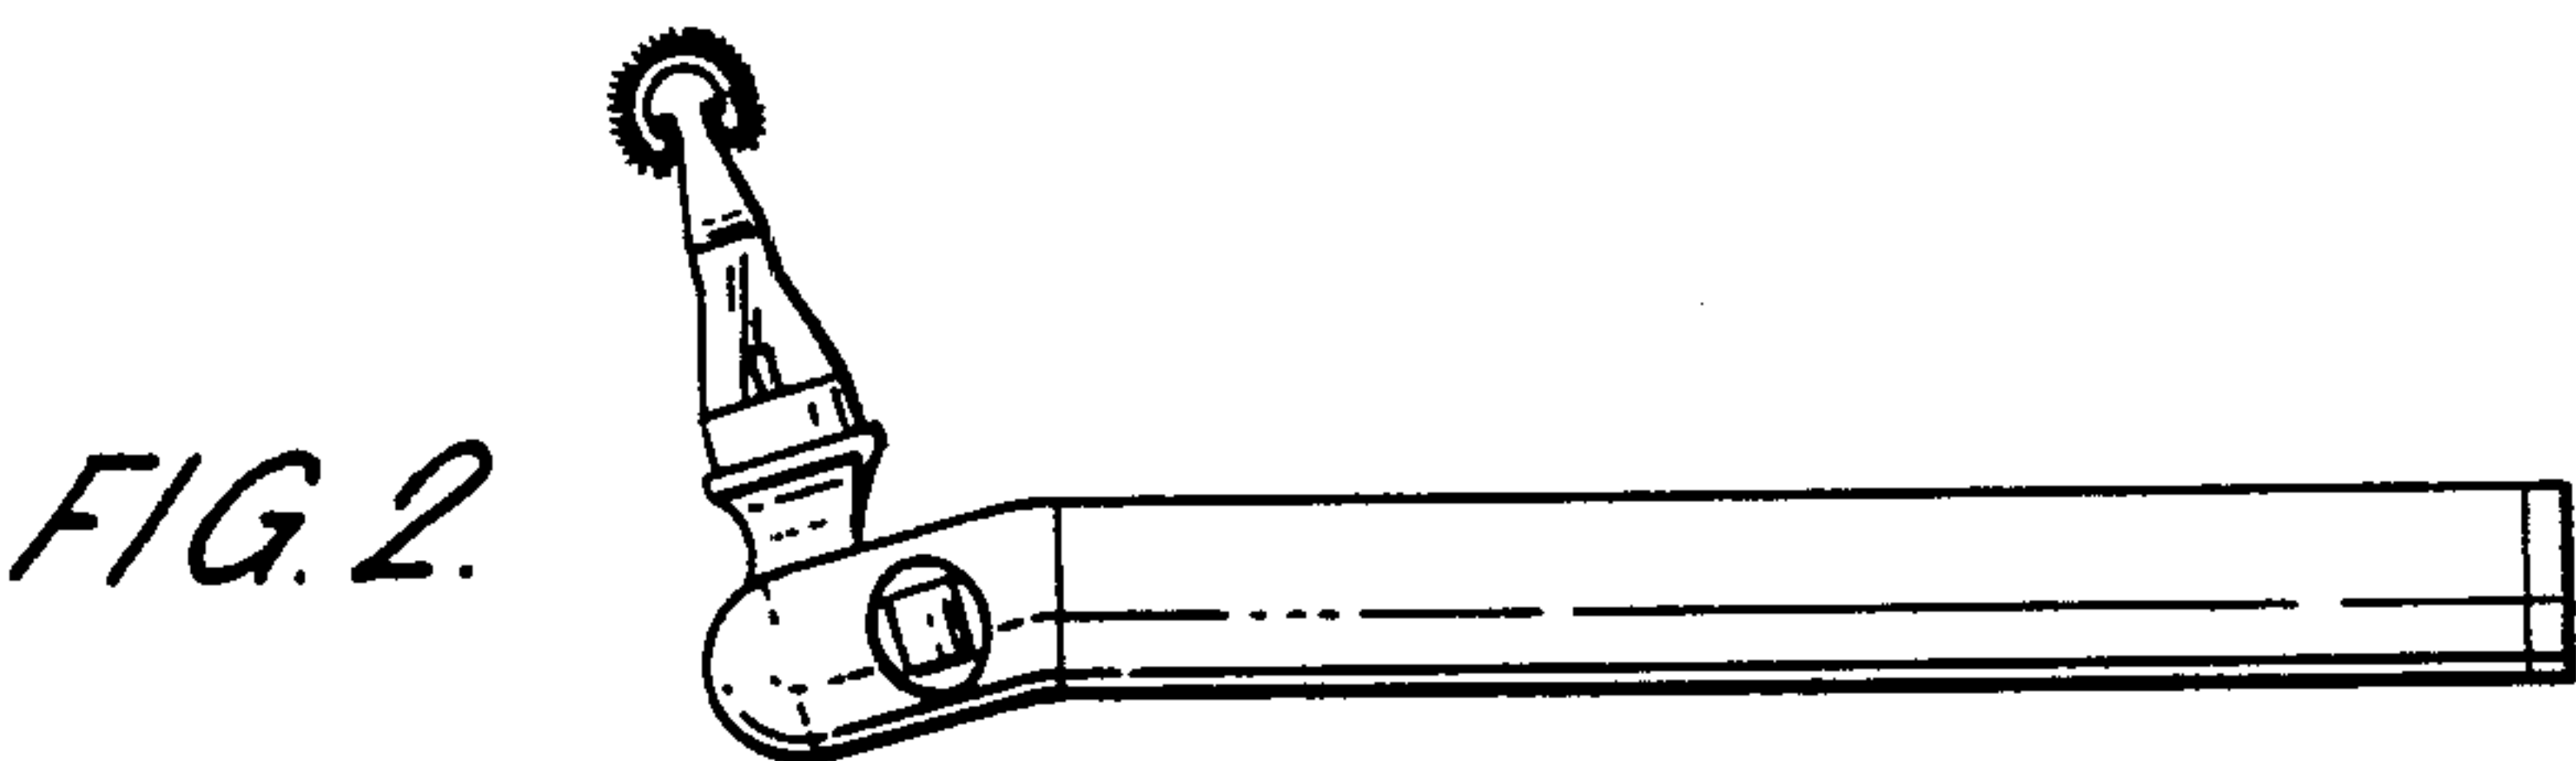

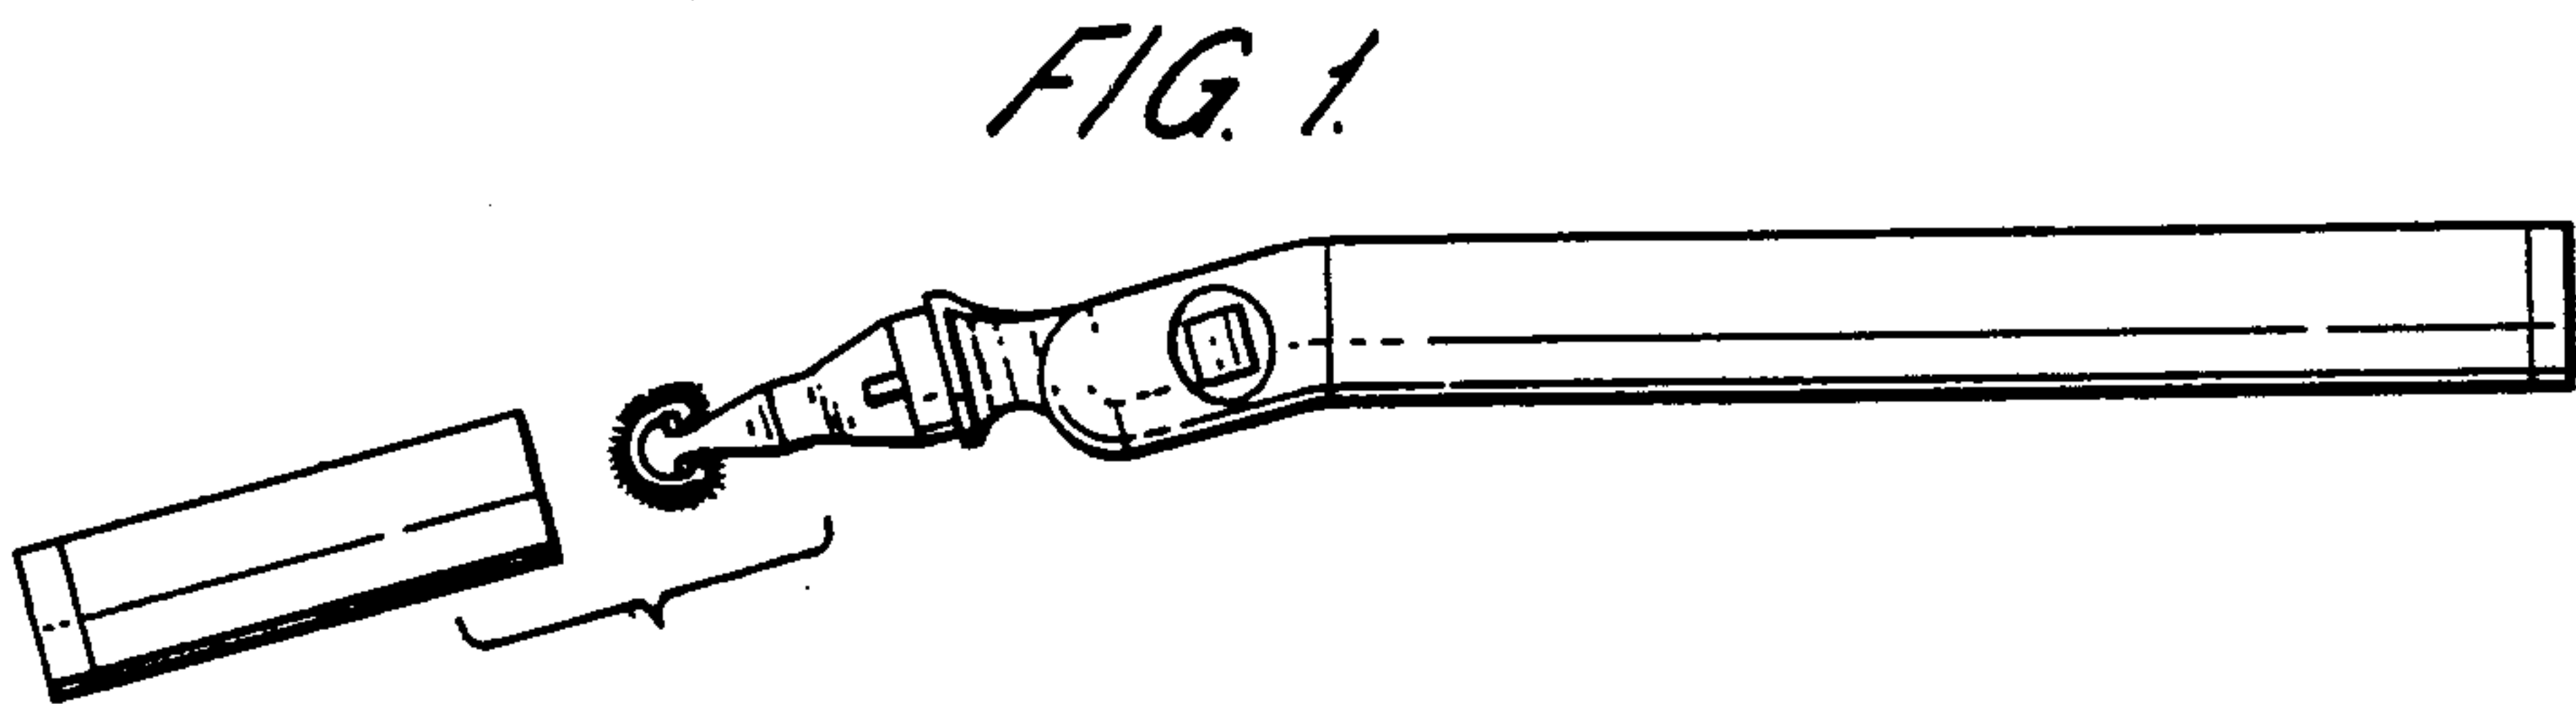

FIG. 6.

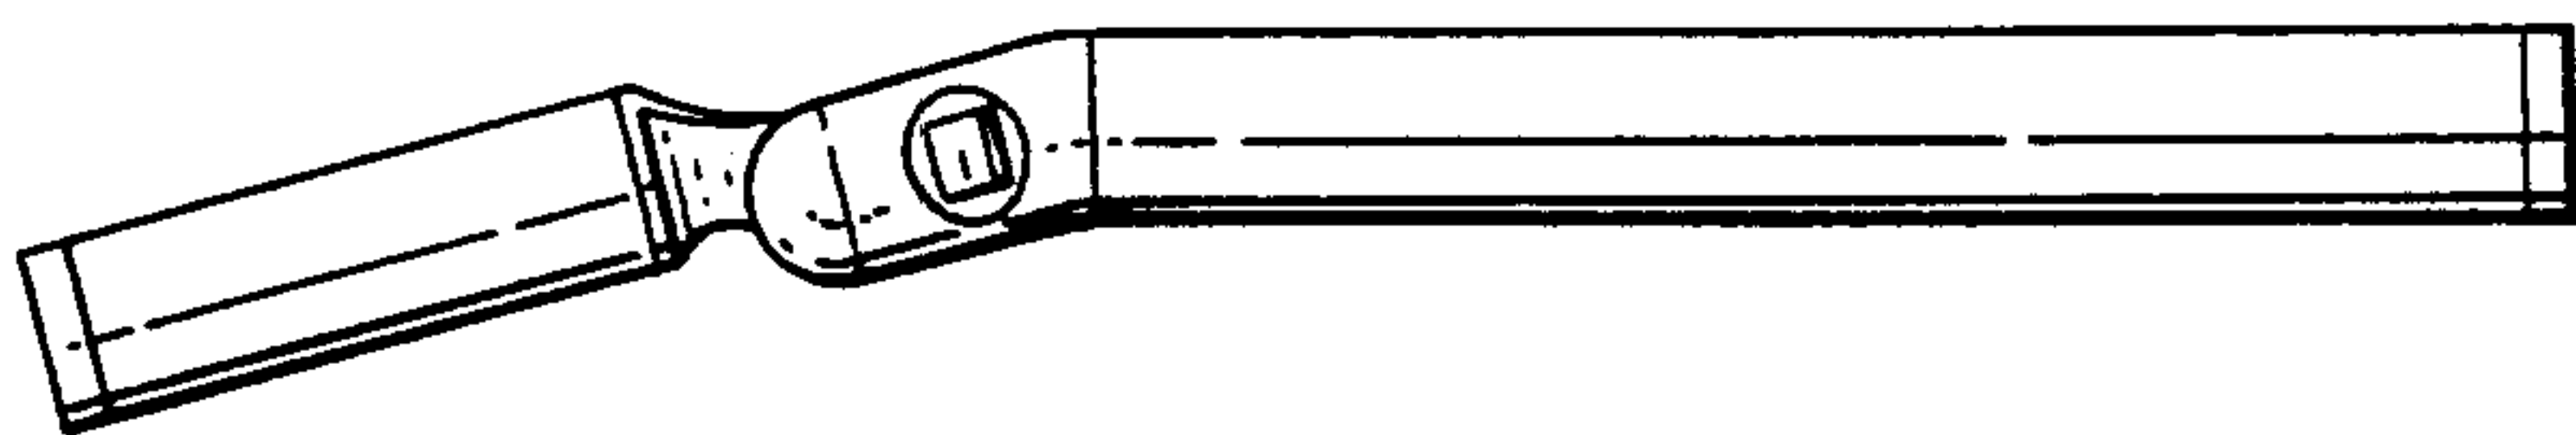

FIG. 7.

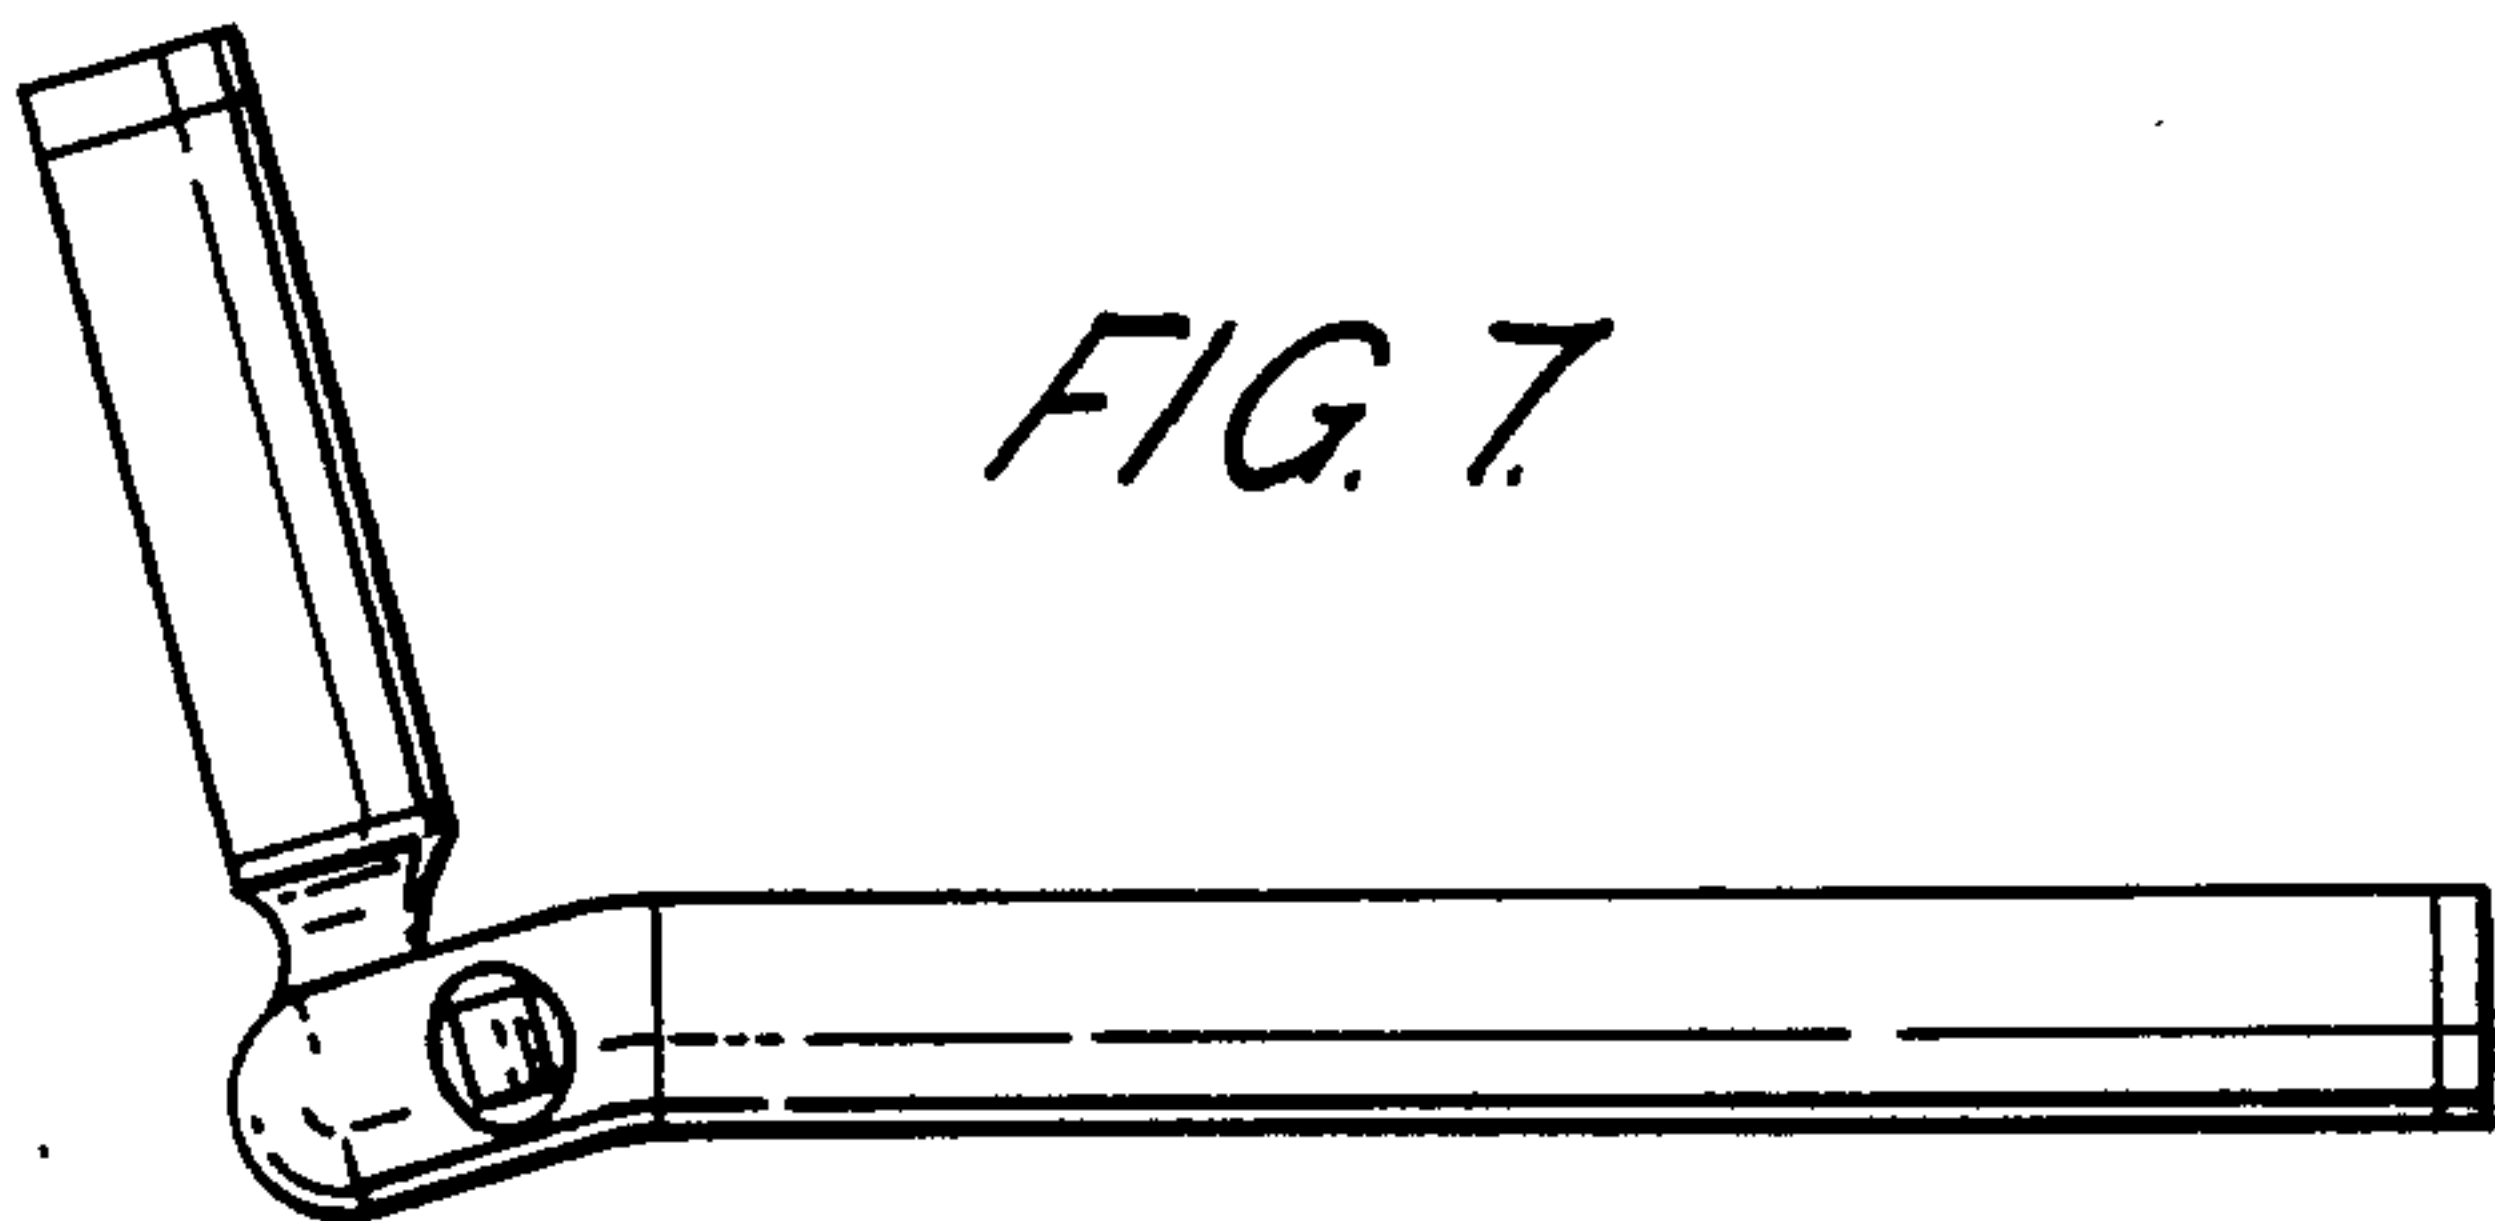

FIG. 8.
