CLAIM

[57] The ornamental design for a bottle, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a bottle illustrating my new design therefor, the rear elevational view being the same in appearance; and FIG. 2 is a side elevational view taken from the right-hand side of FIG. 1, the left-hand side view being the same in appearance. The characteristic features of my design reside in the high relief sculptural representation of the sign of the zodiac.
