[57] CLAIM

[**] Term: 14 Years

The ornamental design for a decorative composite glass panel for installation in a door or window, substantially as shown and described.

[21] Appl. No.: 143,589

[22] Filed: Apr. 25, 1980

DESCRIPTION

[51] Int. Cl. D25-01

FIG. 1 is a front elevational view of a composite glass panel embodying my new design; and

[52] U.S. Cl. D25/72

FIGS. 2 and 3 an enlarged fragmentary sections taken on the lines 2-2 and 3-3, respectively, of FIG. 1.

[58] Field of Search 428/38; 52/306; D25/52, D25/72

The dominant features of my design reside in the illustrated combination of particularly shaped and edge beveled pieces of transparent or translucent glass and opaque dark beading of T-shaped section between adjacent pieces of glass, the beveled edges being present on only one surface of the panel.
