[57] CLAIM

The ornamental design for an examination light, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an examination light embodying my new design;
FIG. 2 is a top plan view of an examination light embodying my new design;
FIG. 3 is a side elevational view of the examination light shown in FIG. 2, the opposite side view being identical but with the ends reversed;
FIG. 4 is a bottom plan view of the examination light shown in FIG. 2; and,
FIG. 5 is an end elevational view of the examination light shown in FIG. 2 as viewed from the left.
