[57] CLAIM

The ornamental design for a platform used primarily to elevate a child's automobile seat, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a platform used primarily to elevate a child's automobile seat incorporating the design;  
FIG. 2 is a bottom plan view;  
FIG. 3 is a front elevation view;  
FIG. 4 is a rear elevation view;  
FIG. 5 is a side elevation view and that view is identical from both sides;  
FIG. 6 is a sectional view taken along line 6-6 of FIG. 1;  
FIG. 7 is a perspective view.
