[57] CLAIM

The ornamental design for a portable radio, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a portable radio showing my new design, with part of the strap shown as broken away for convenience of illustration, the oblongs seen where the strap is broken away being continuous across the top;  
FIG. 2 is a front elevational view thereof;  
FIG. 3 is a left side elevational view thereof;  
FIG. 4 is a right side elevational view thereof;  
FIG. 5 is a rear elevational view thereof;  
FIG. 6 is a bottom plan view.  
The small rectangles which form a regular pattern on the front of the radio, which pattern is seen in FIG. 2, are projections.
