[57] CLAIM

The ornamental design for a luggage case, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a luggage case embodying my new design;

FIG. 2 is a front elevational view;

FIG. 3 is a bottom plan view;

FIG. 4 is a rear elevational view;

FIG. 5 is a right end elevational view, the left end elevational view being a mirror image thereof; and

FIG. 6 is an elevational view of the side of the luggage case corresponding to that shown in FIG. 2, except that the two tying straps are shown disengaged from their locking positions.

The characteristic feature of the design resides in the two exterior tie straps which are anchored on one side of the luggage case, and secured on the opposite side in the manner shown.
