[57] CLAIM

The ornamental design for a gasoline dispensing pump, as shown and described.

## **DESCRIPTION**

FIG. 1 is a perspective view from the left front side of a gasoline dispensing pump showing my new design; and

FIG. 2 is a front elevational view of the pump from either the front side or the opposite side, both sides having the same appearance; and

FIG. 3 is a side elevational view of the pump viewed from either side, both sides being the same.

The dashed line showing of a conventional support in FIGS. 1 to 3 illustrates the environmental utility of the design.
