[57] **CLAIM**

The ornamental design for a boxing headguard, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a boxing headguard showing my new design;

FIG. 2 is a right side elevation view thereof; the left side view is the mirror image of the right side view;

FIG. 3 is a rear elevation view thereof, with the belts secured in place;

FIG. 4 is a rear elevation view similar to FIG. 3, but with the belts in disengaged condition.

FIG. 5 is a top plan view thereof; and

FIG. 6 is a bottom plan view thereof.

The characteristic feature of the design resides in the centrally located wide rear elastic portion, a narrow adjustment strap extending transversely across and overlying a part of said rear portion, and a second adjustment strap extending from the top of the headguard vertically down to and overlying said rear portion as best seen in FIGS. 3, 4 and 6.

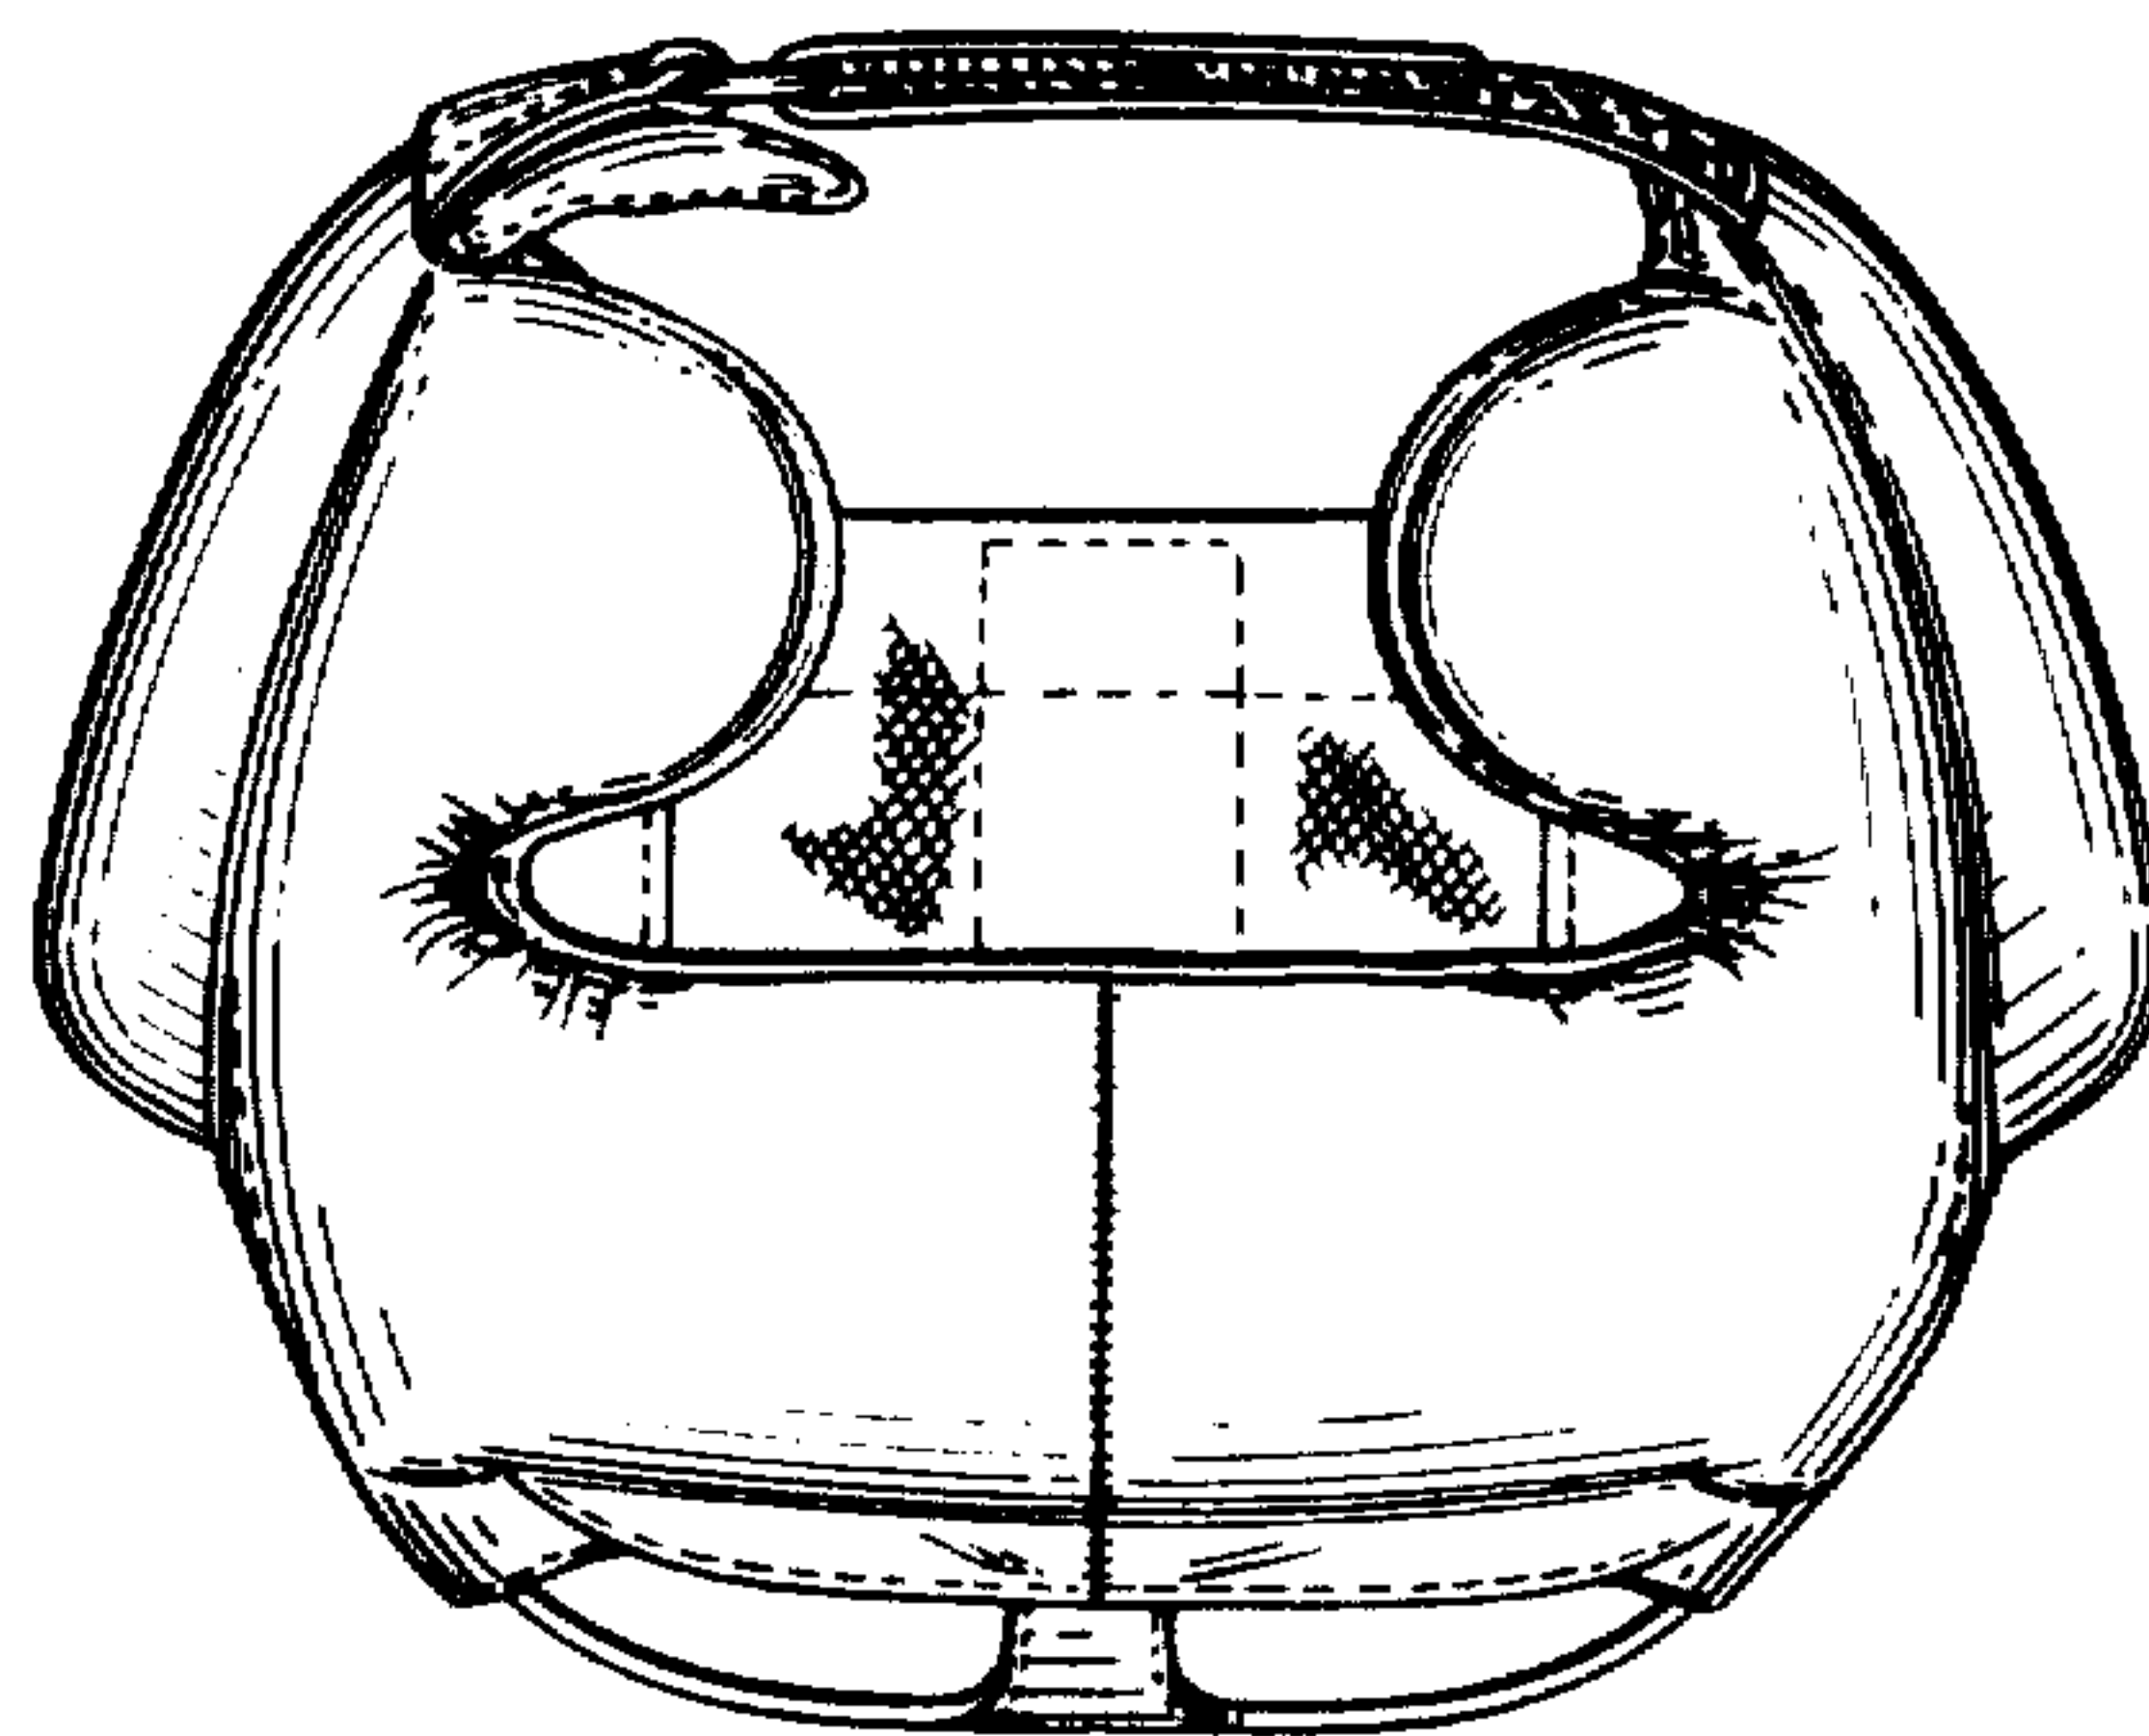

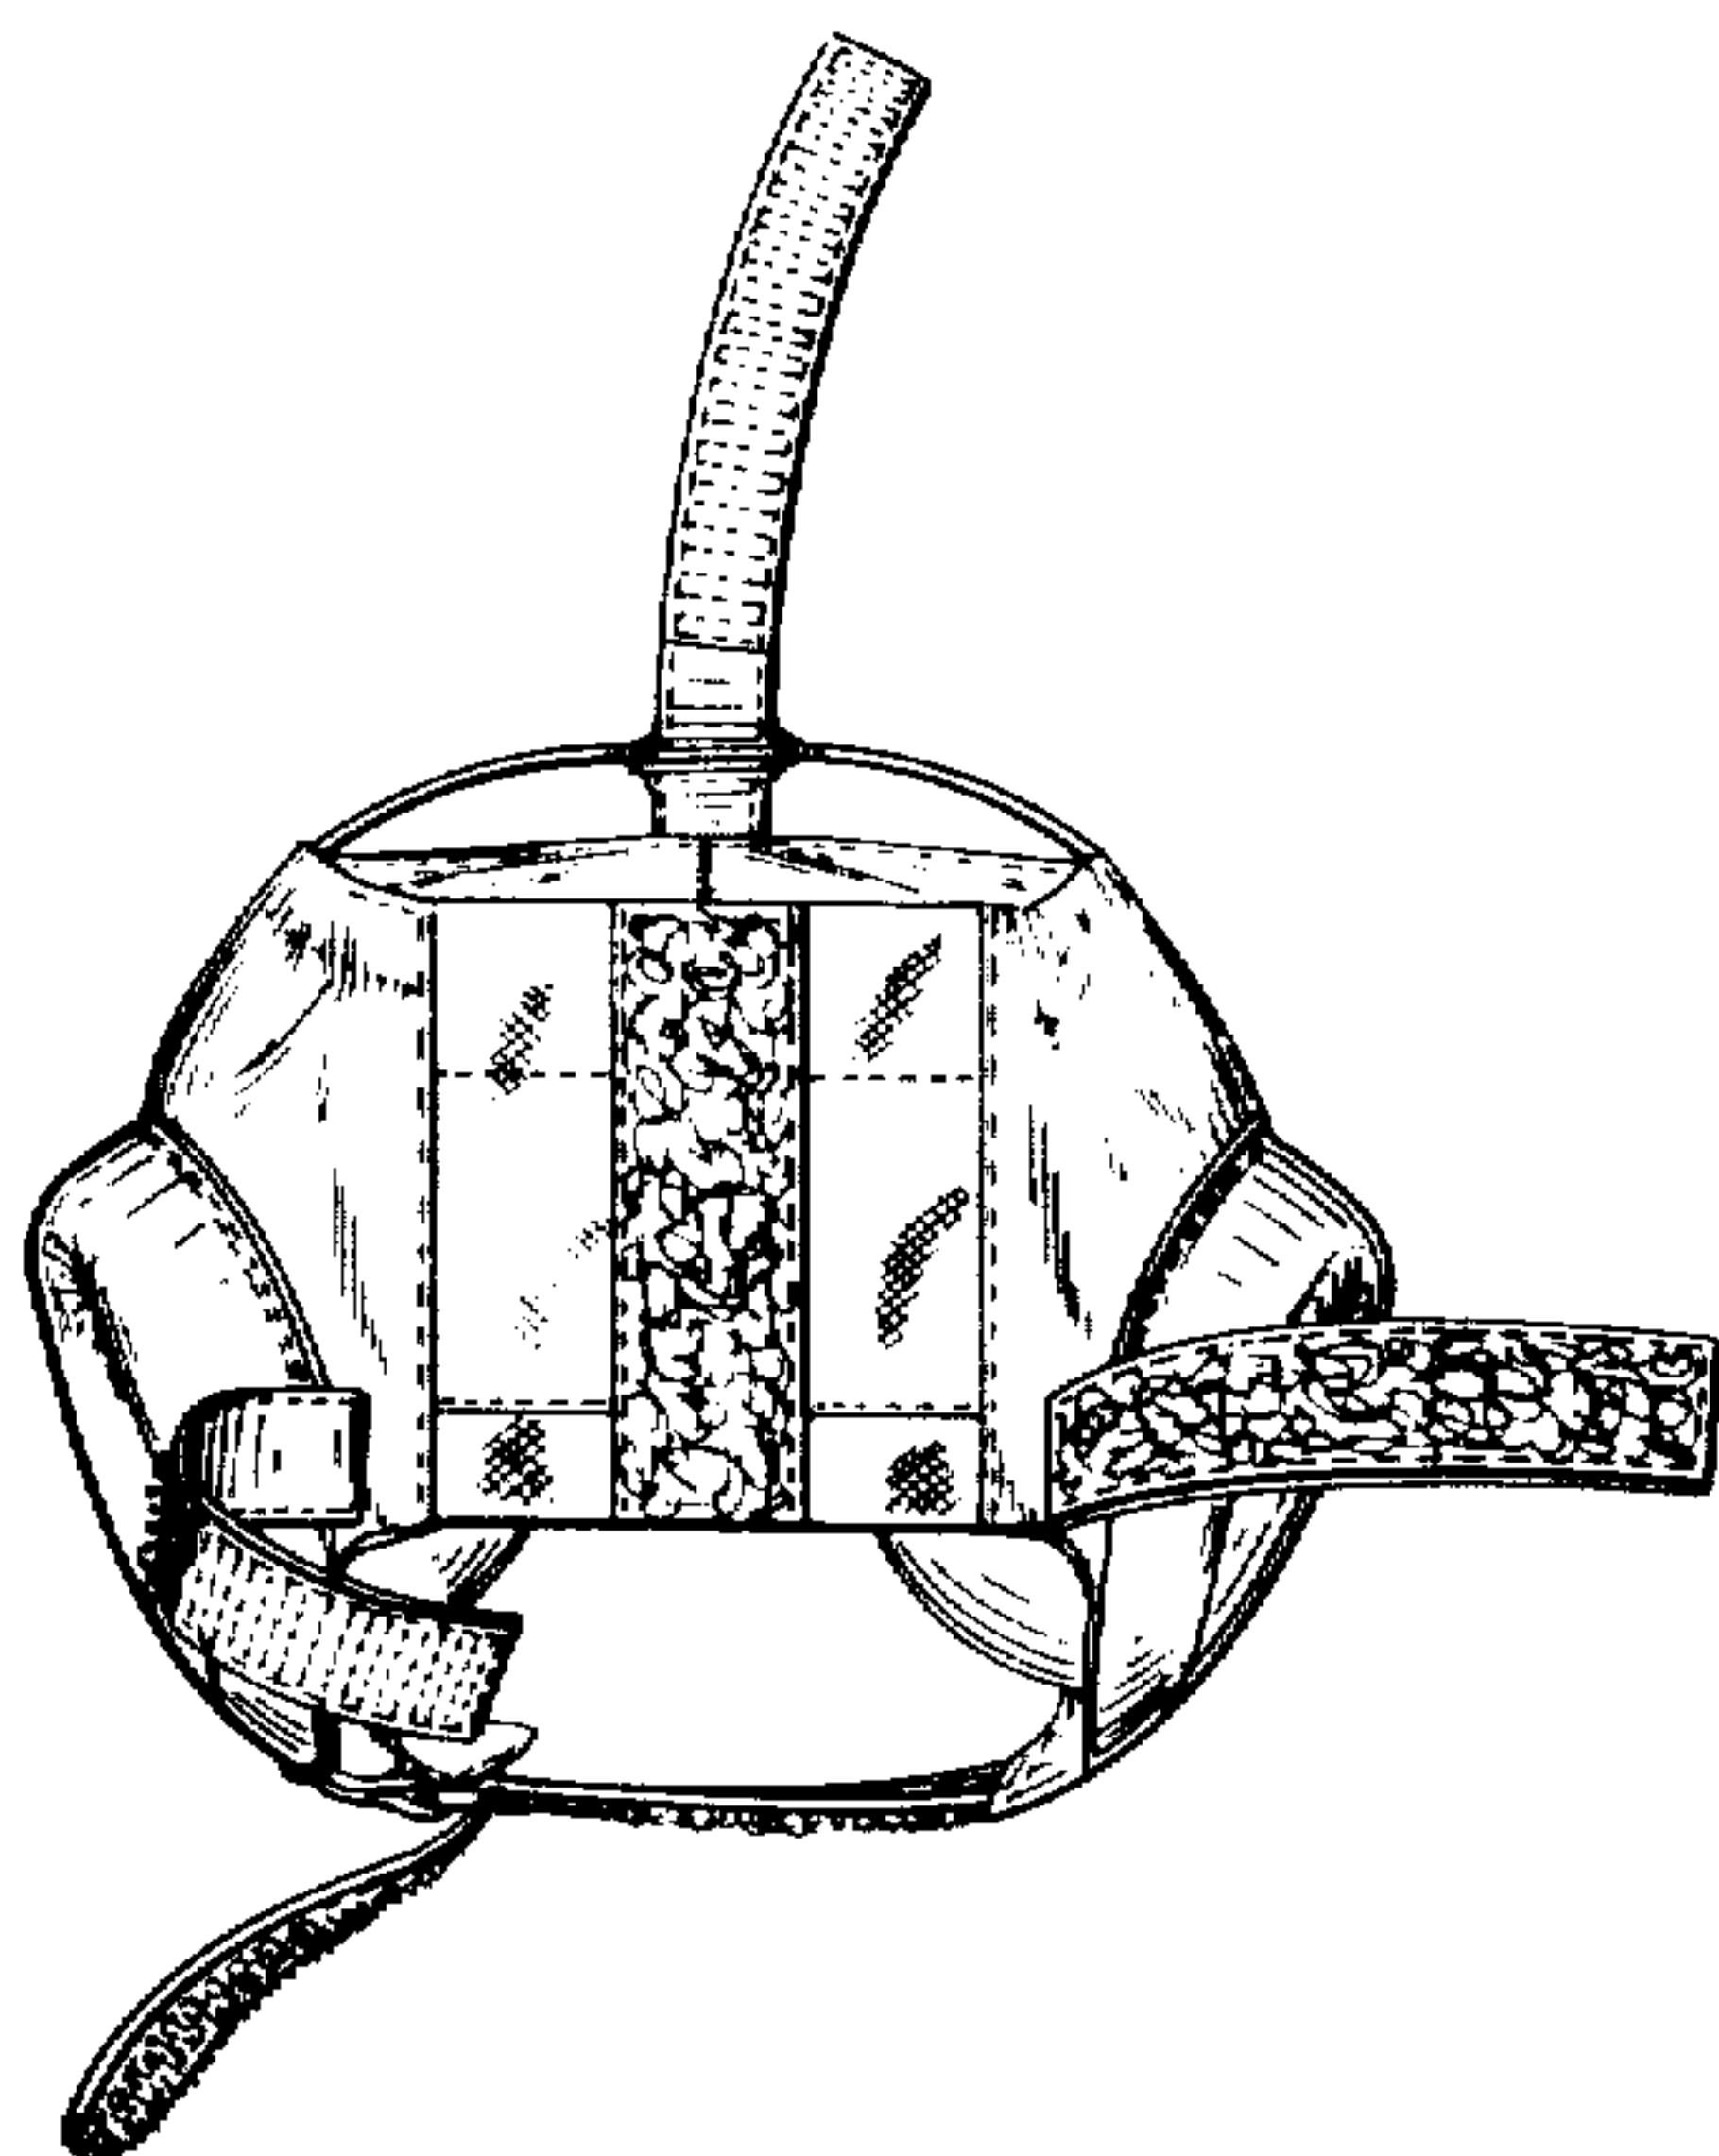

FIG. 1

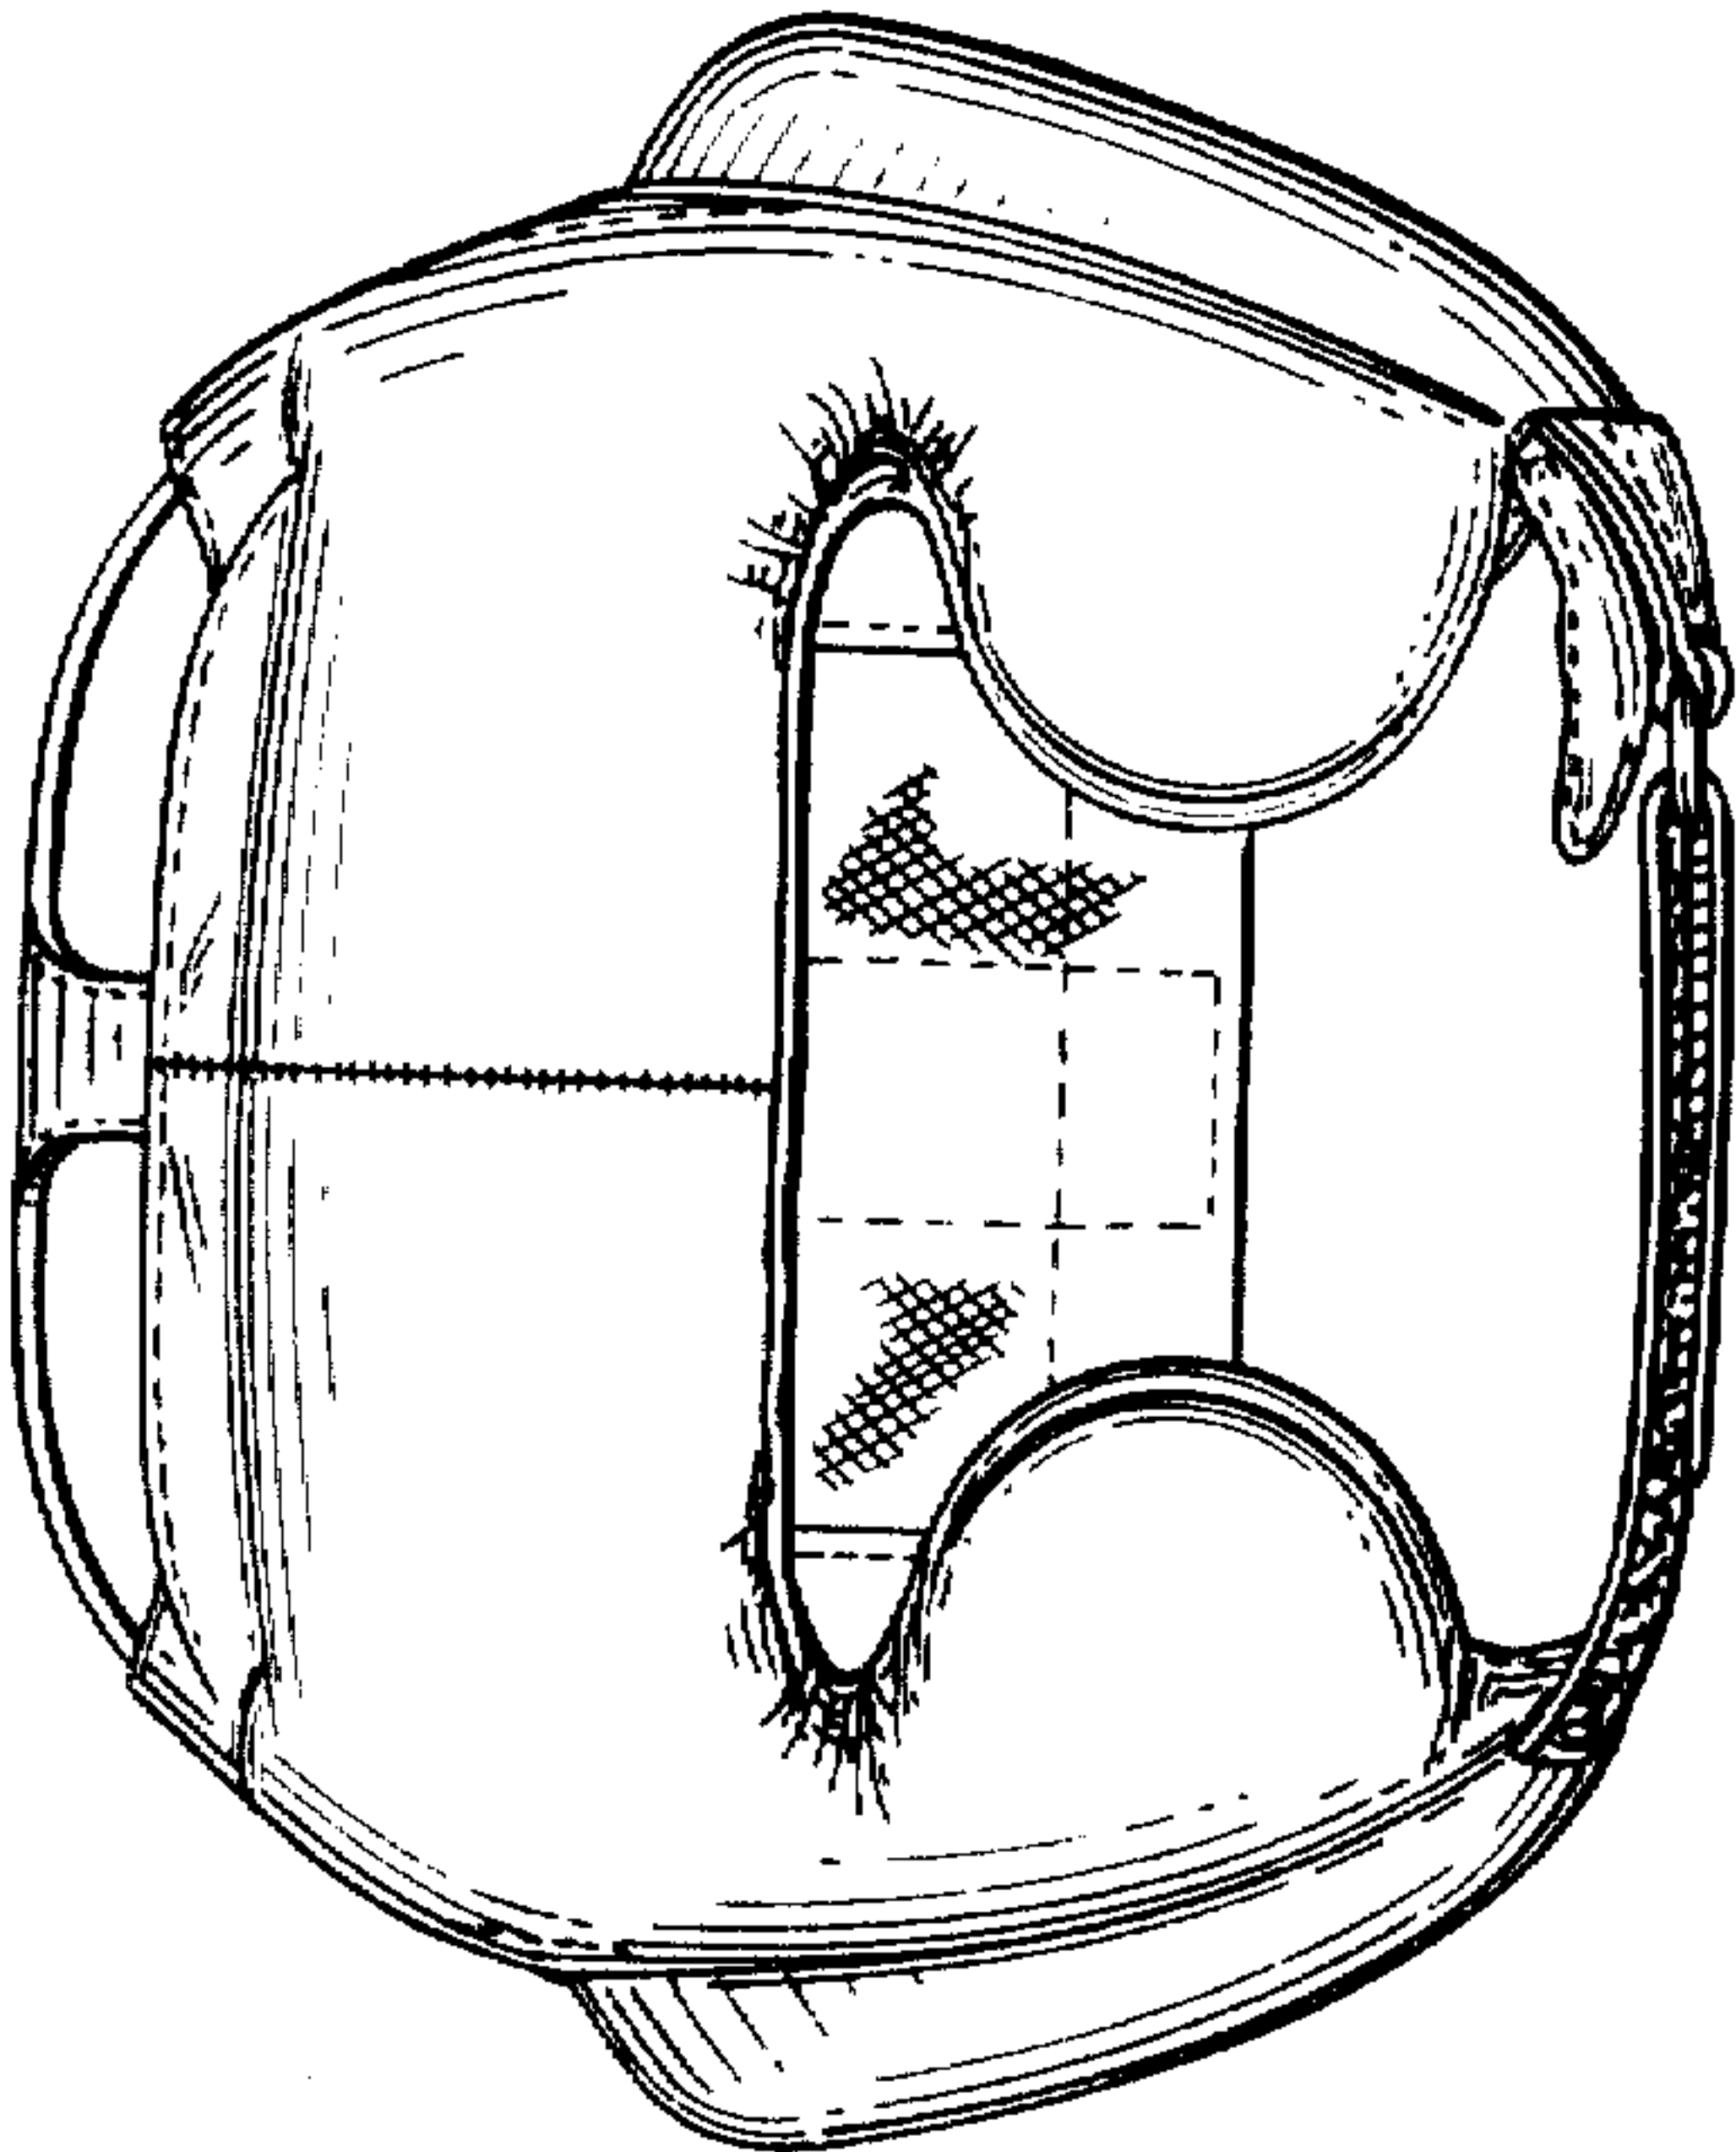

FIG. 2

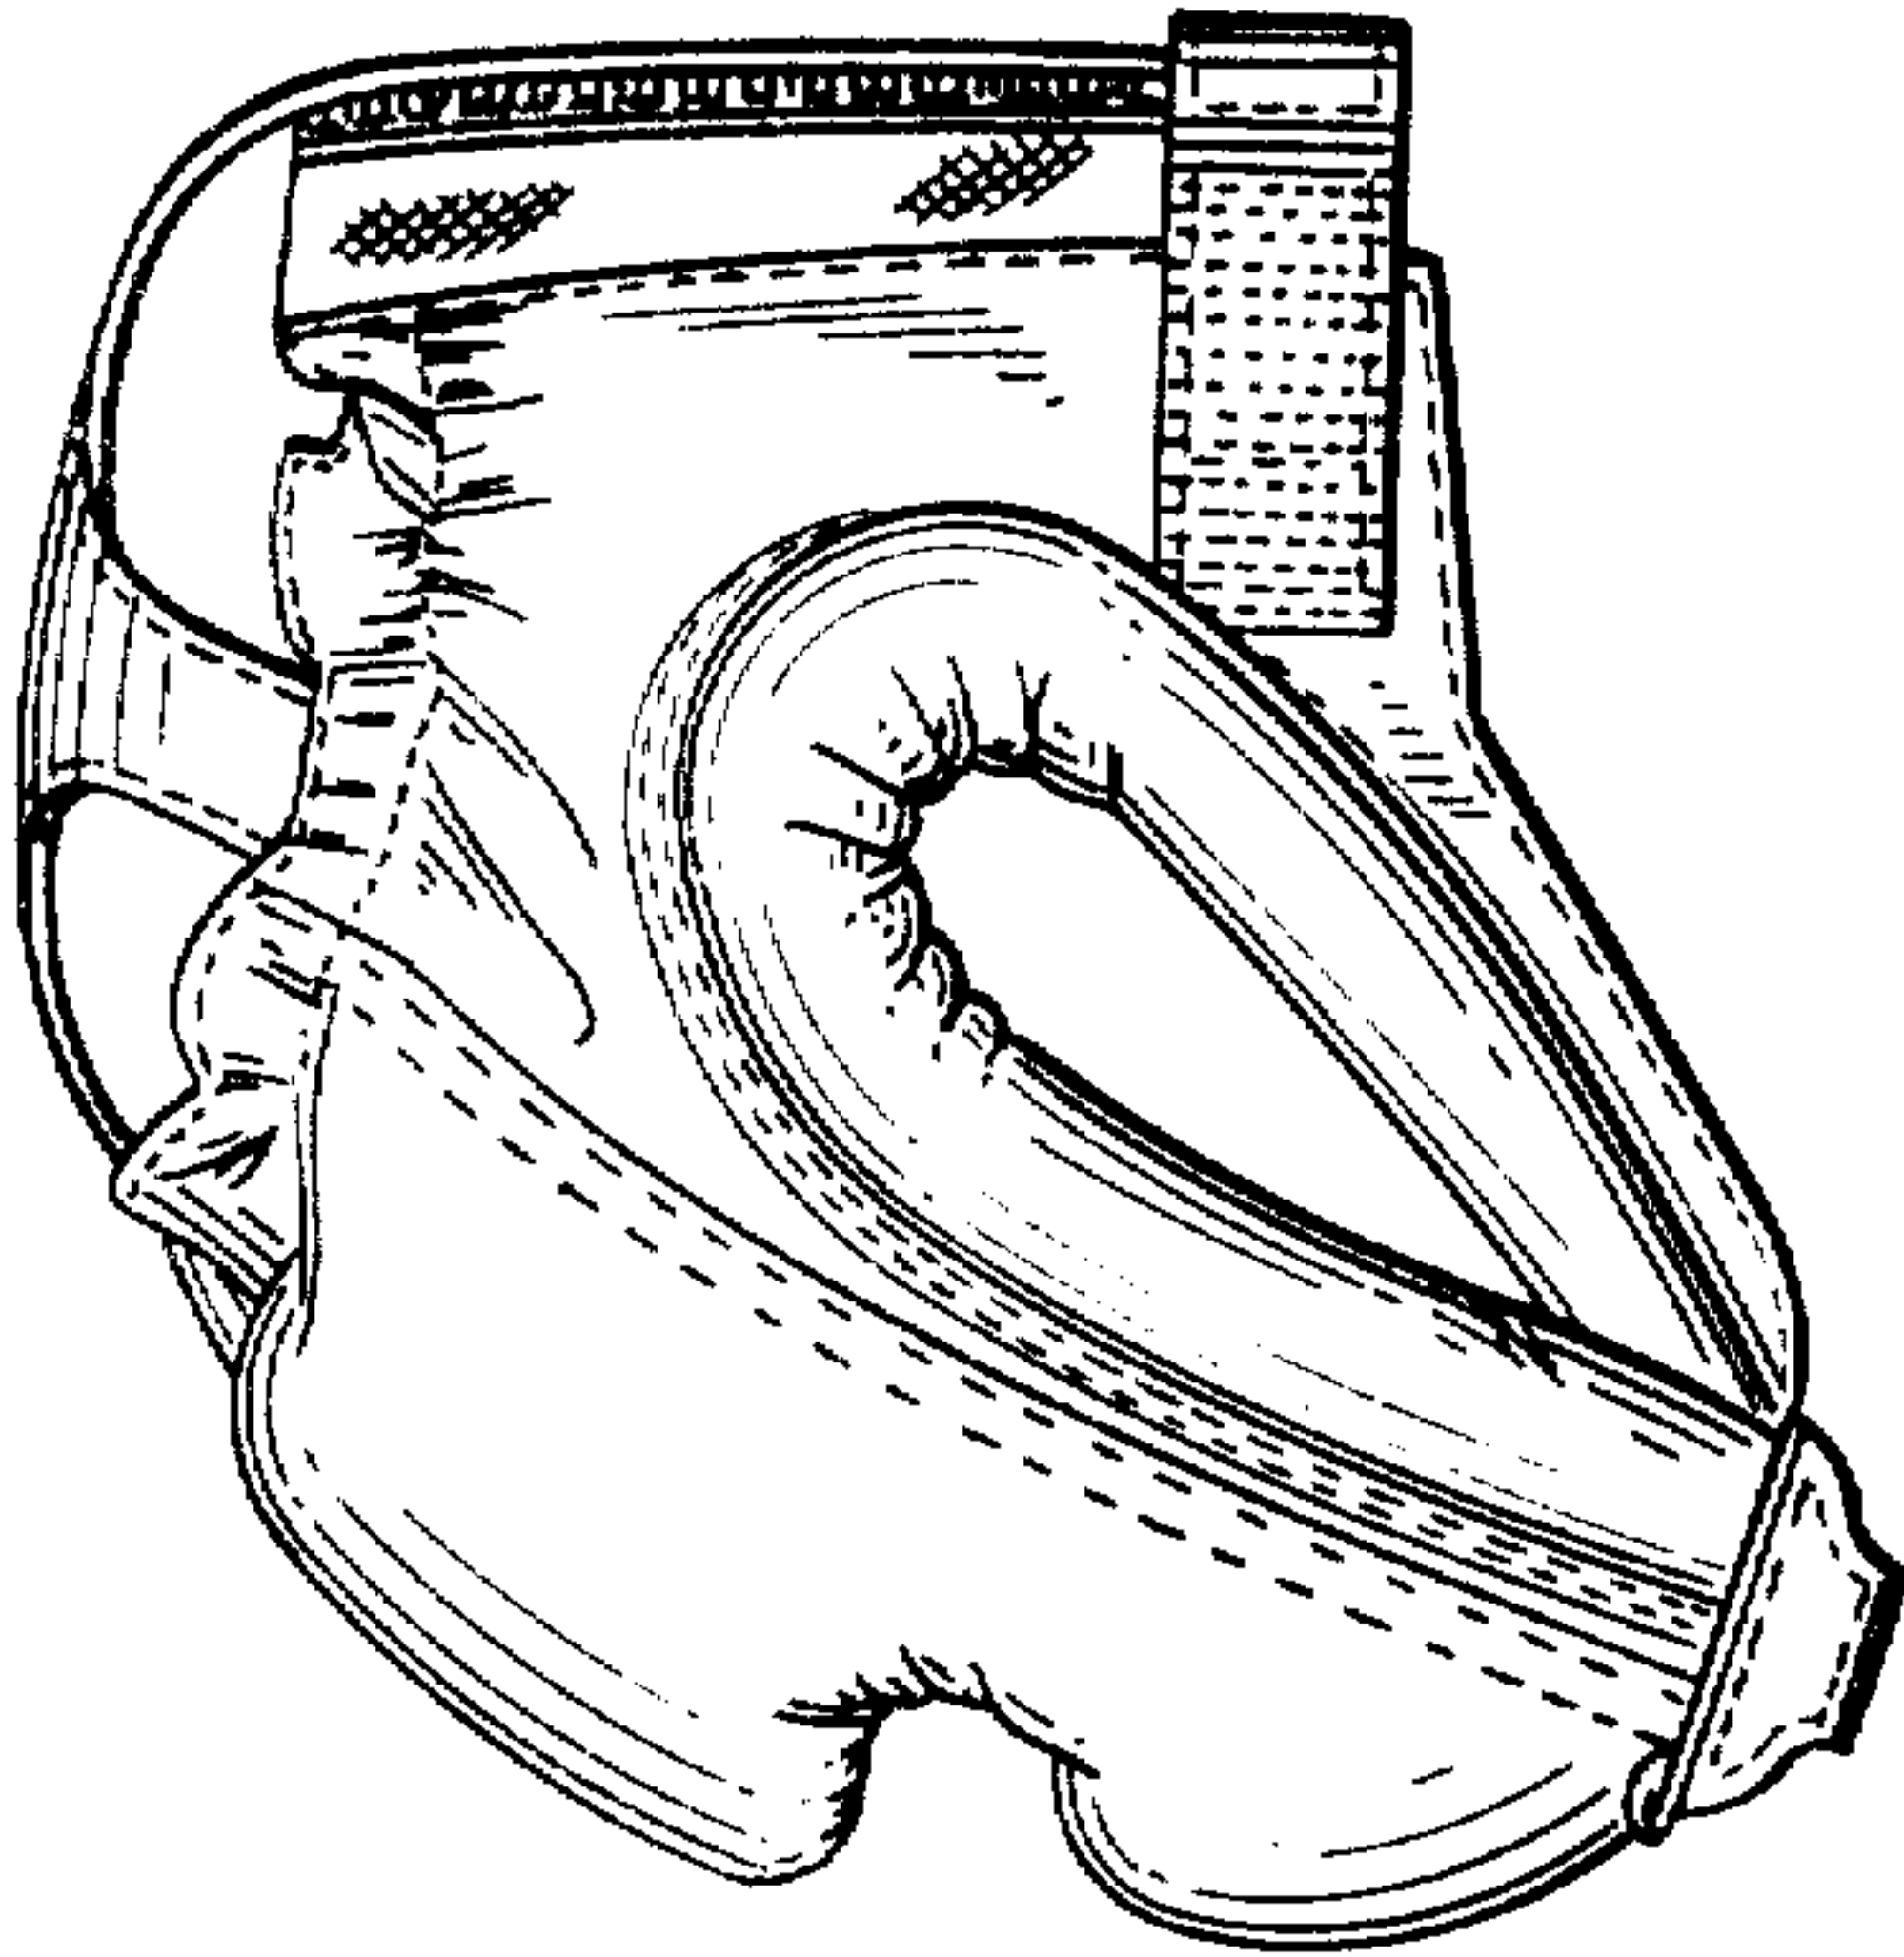

FIG. 3

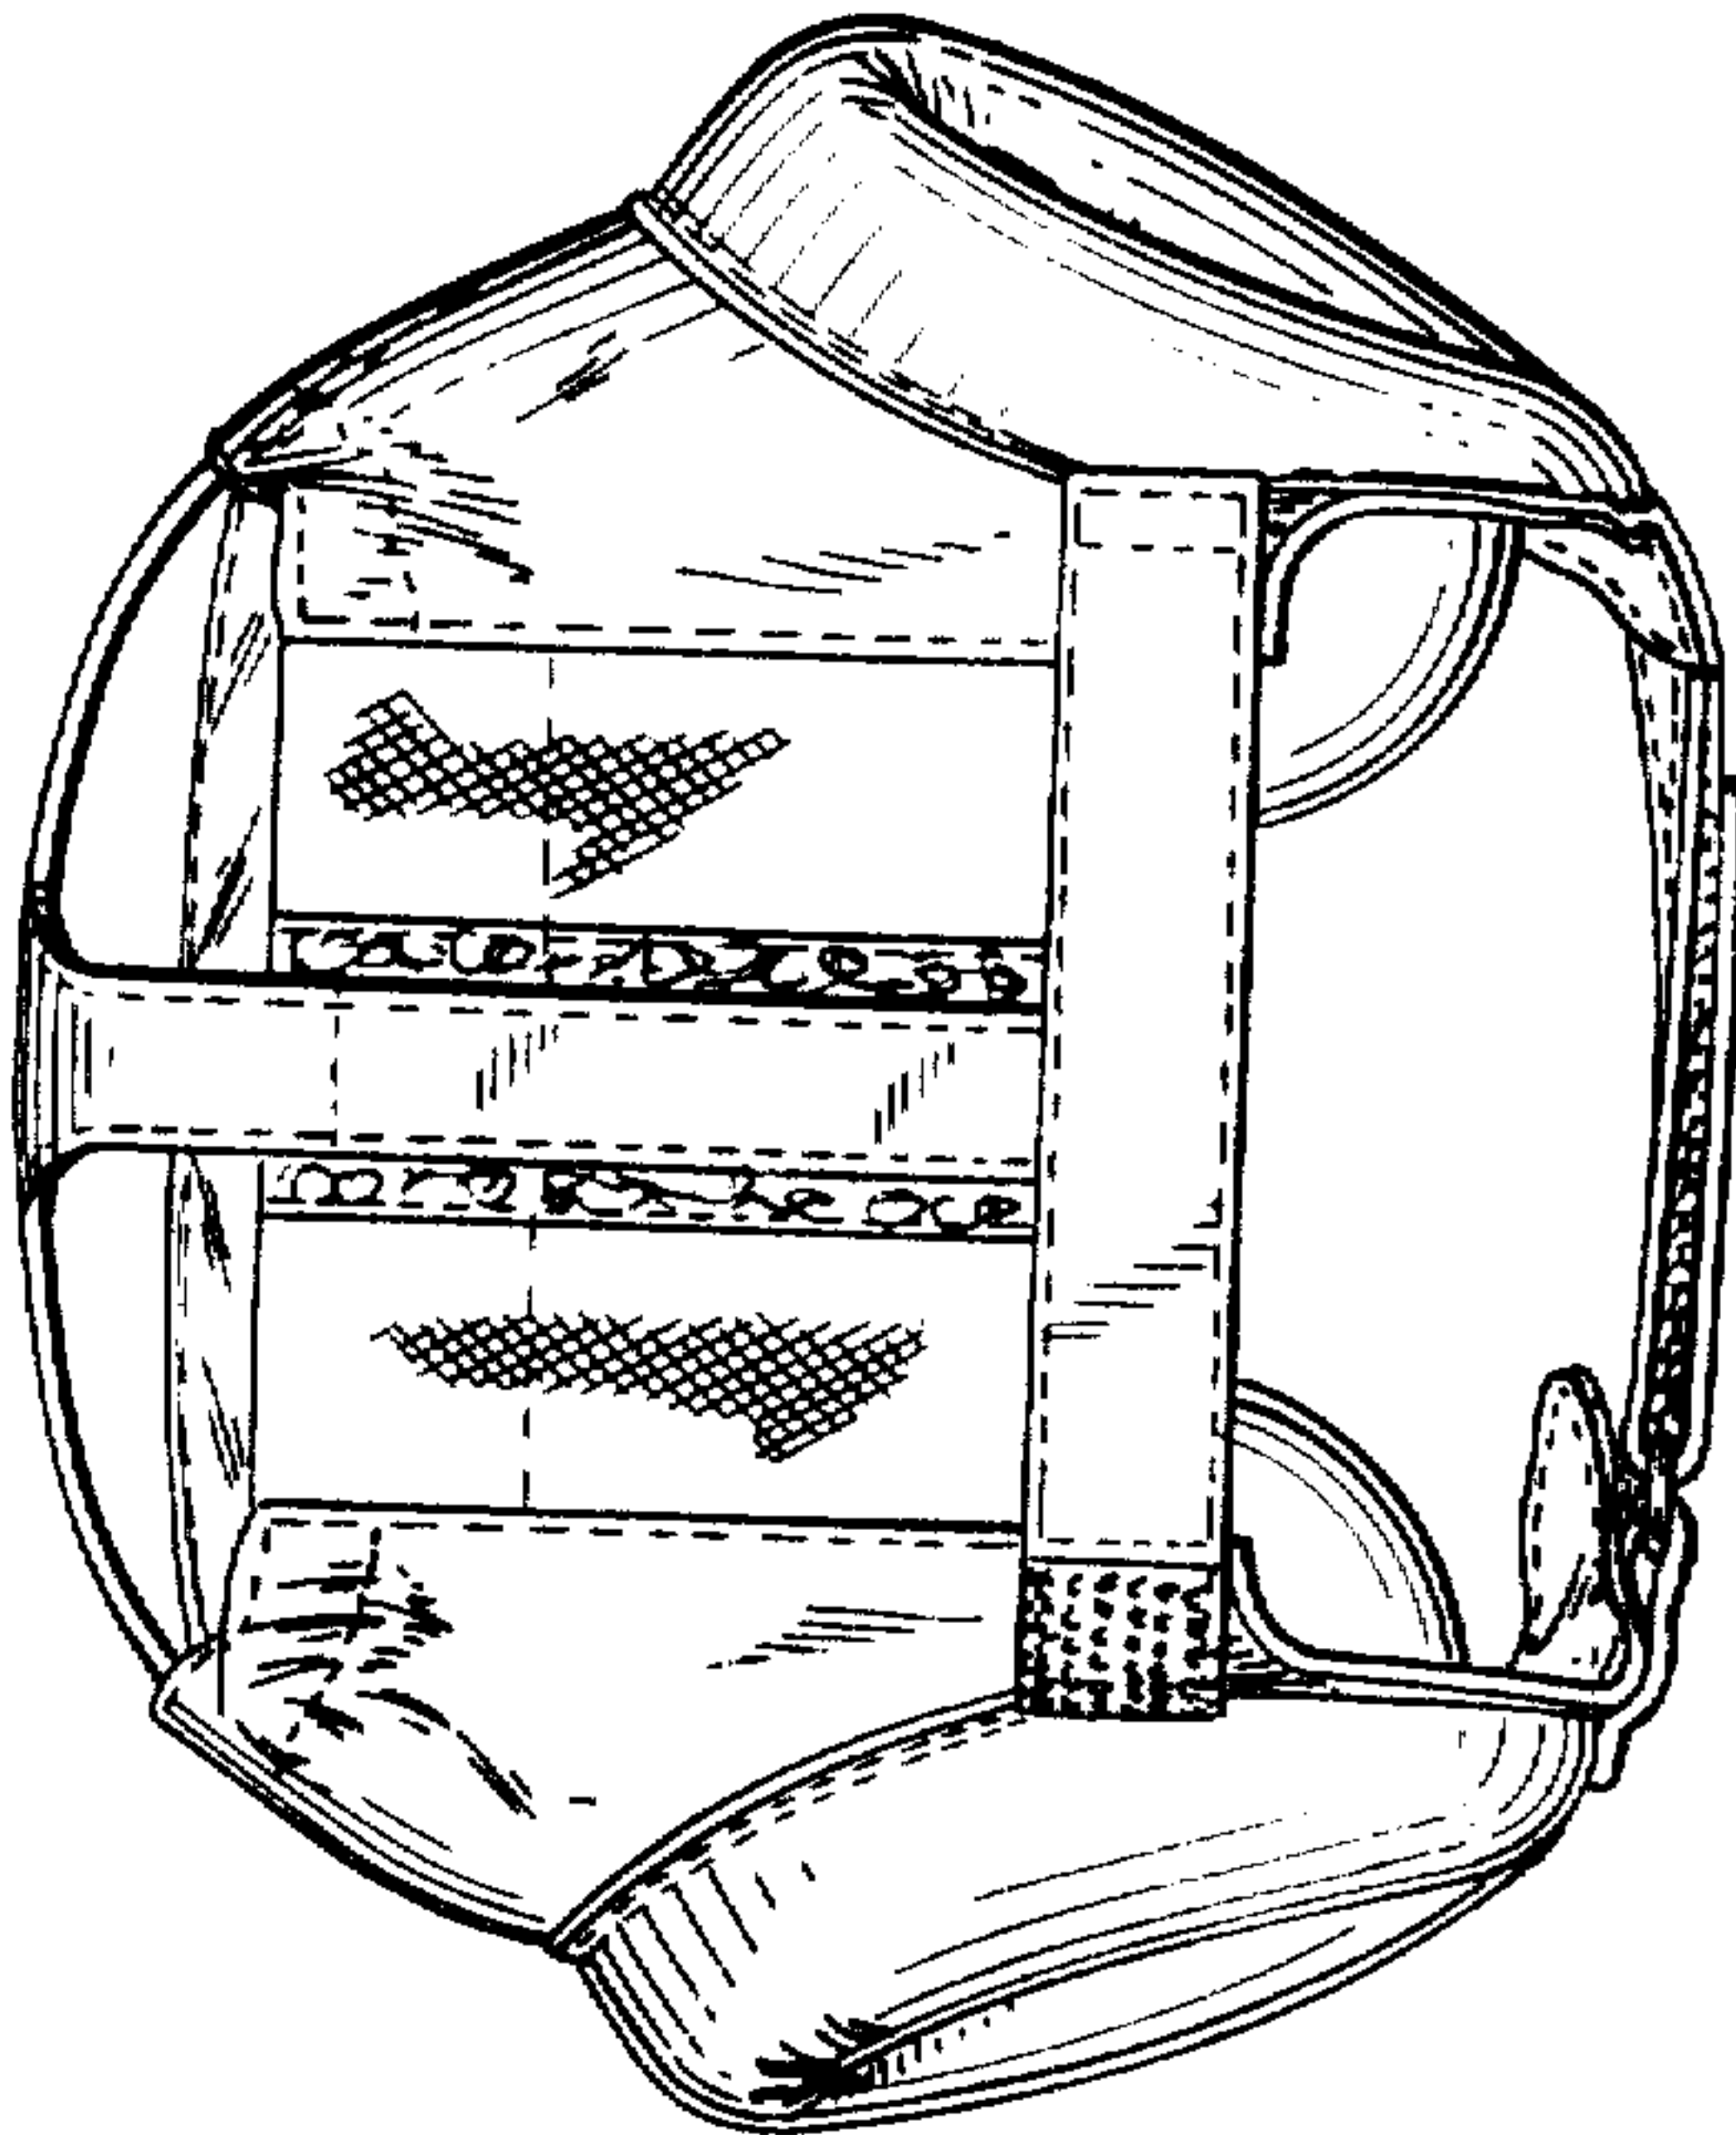

FIG. 6
