[57] CLAIM

The ornamental design for a portable air recirculator, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a portable air recirculator showing my new design;

FIG. 2 is a side elevational view thereof;

FIG. 3 is a front elevational view of a modified form of the portable air recirculator shown in FIG. 1;

FIG. 4 is a side elevational view of FIG. 3;

FIG. 5 is a front elevational view of a second modified form of the portable air recirculator shown in FIG. 1; and

FIG. 6 is a side elevational view of FIG. 5.

The fragmentary broken line representation of a ceiling and a support hook in FIG. 2 is for purposes of illustration only.
