[57] CLAIM

The ornamental design for a combined radio and headband, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined radio and headband showing my new design as it would appear on the head of a wearer;

FIG. 2 is a front elevational view of the combined radio and headband with parts of the headband shown as broken away for convenience of illustration;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a rear elevational view thereof; and

FIG. 6 is a left side elevation view, the right side being a mirror image thereof.

The pattern partially shown on the front radio speaker, the headband and the pile fastening strips is continuous within the respective areas.
