[57] **CLAIM**

The ornamental design for body supported container for small personal articles, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a body supported container for small personal articles, showing my new design;

FIG. 2 is a rear elevational view thereof; and

FIG. 3 is a top perspective view thereof similar to FIG. 1 but showing the cap unscrewed from the body container and the slide on the neck cord in an alternative position.

The bottom is plain and unornamented.
