[57] CLAIM

The ornamental design for a mounting base for motor operated valve, substantially as shown and described.

DESCRIPTION

FIG. 1 is a side elevation view of the mounting base (shown mounted on a valve housing, and with a motor mounted on the base, with the valve housing and motor being shown in phantom);
FIG. 2 is a top plan view of the mounting base;
FIG. 3 is a side elevation view of the mounting base;
FIG. 4 is a bottom plan view of the mounting base (i.e., as seen by turning over the device shown in FIG. 2); and
FIG. 5 is a front elevation view of the mounting base (i.e., a view of FIG. 3 turned 90 degrees counterclockwise).
