CLAIM

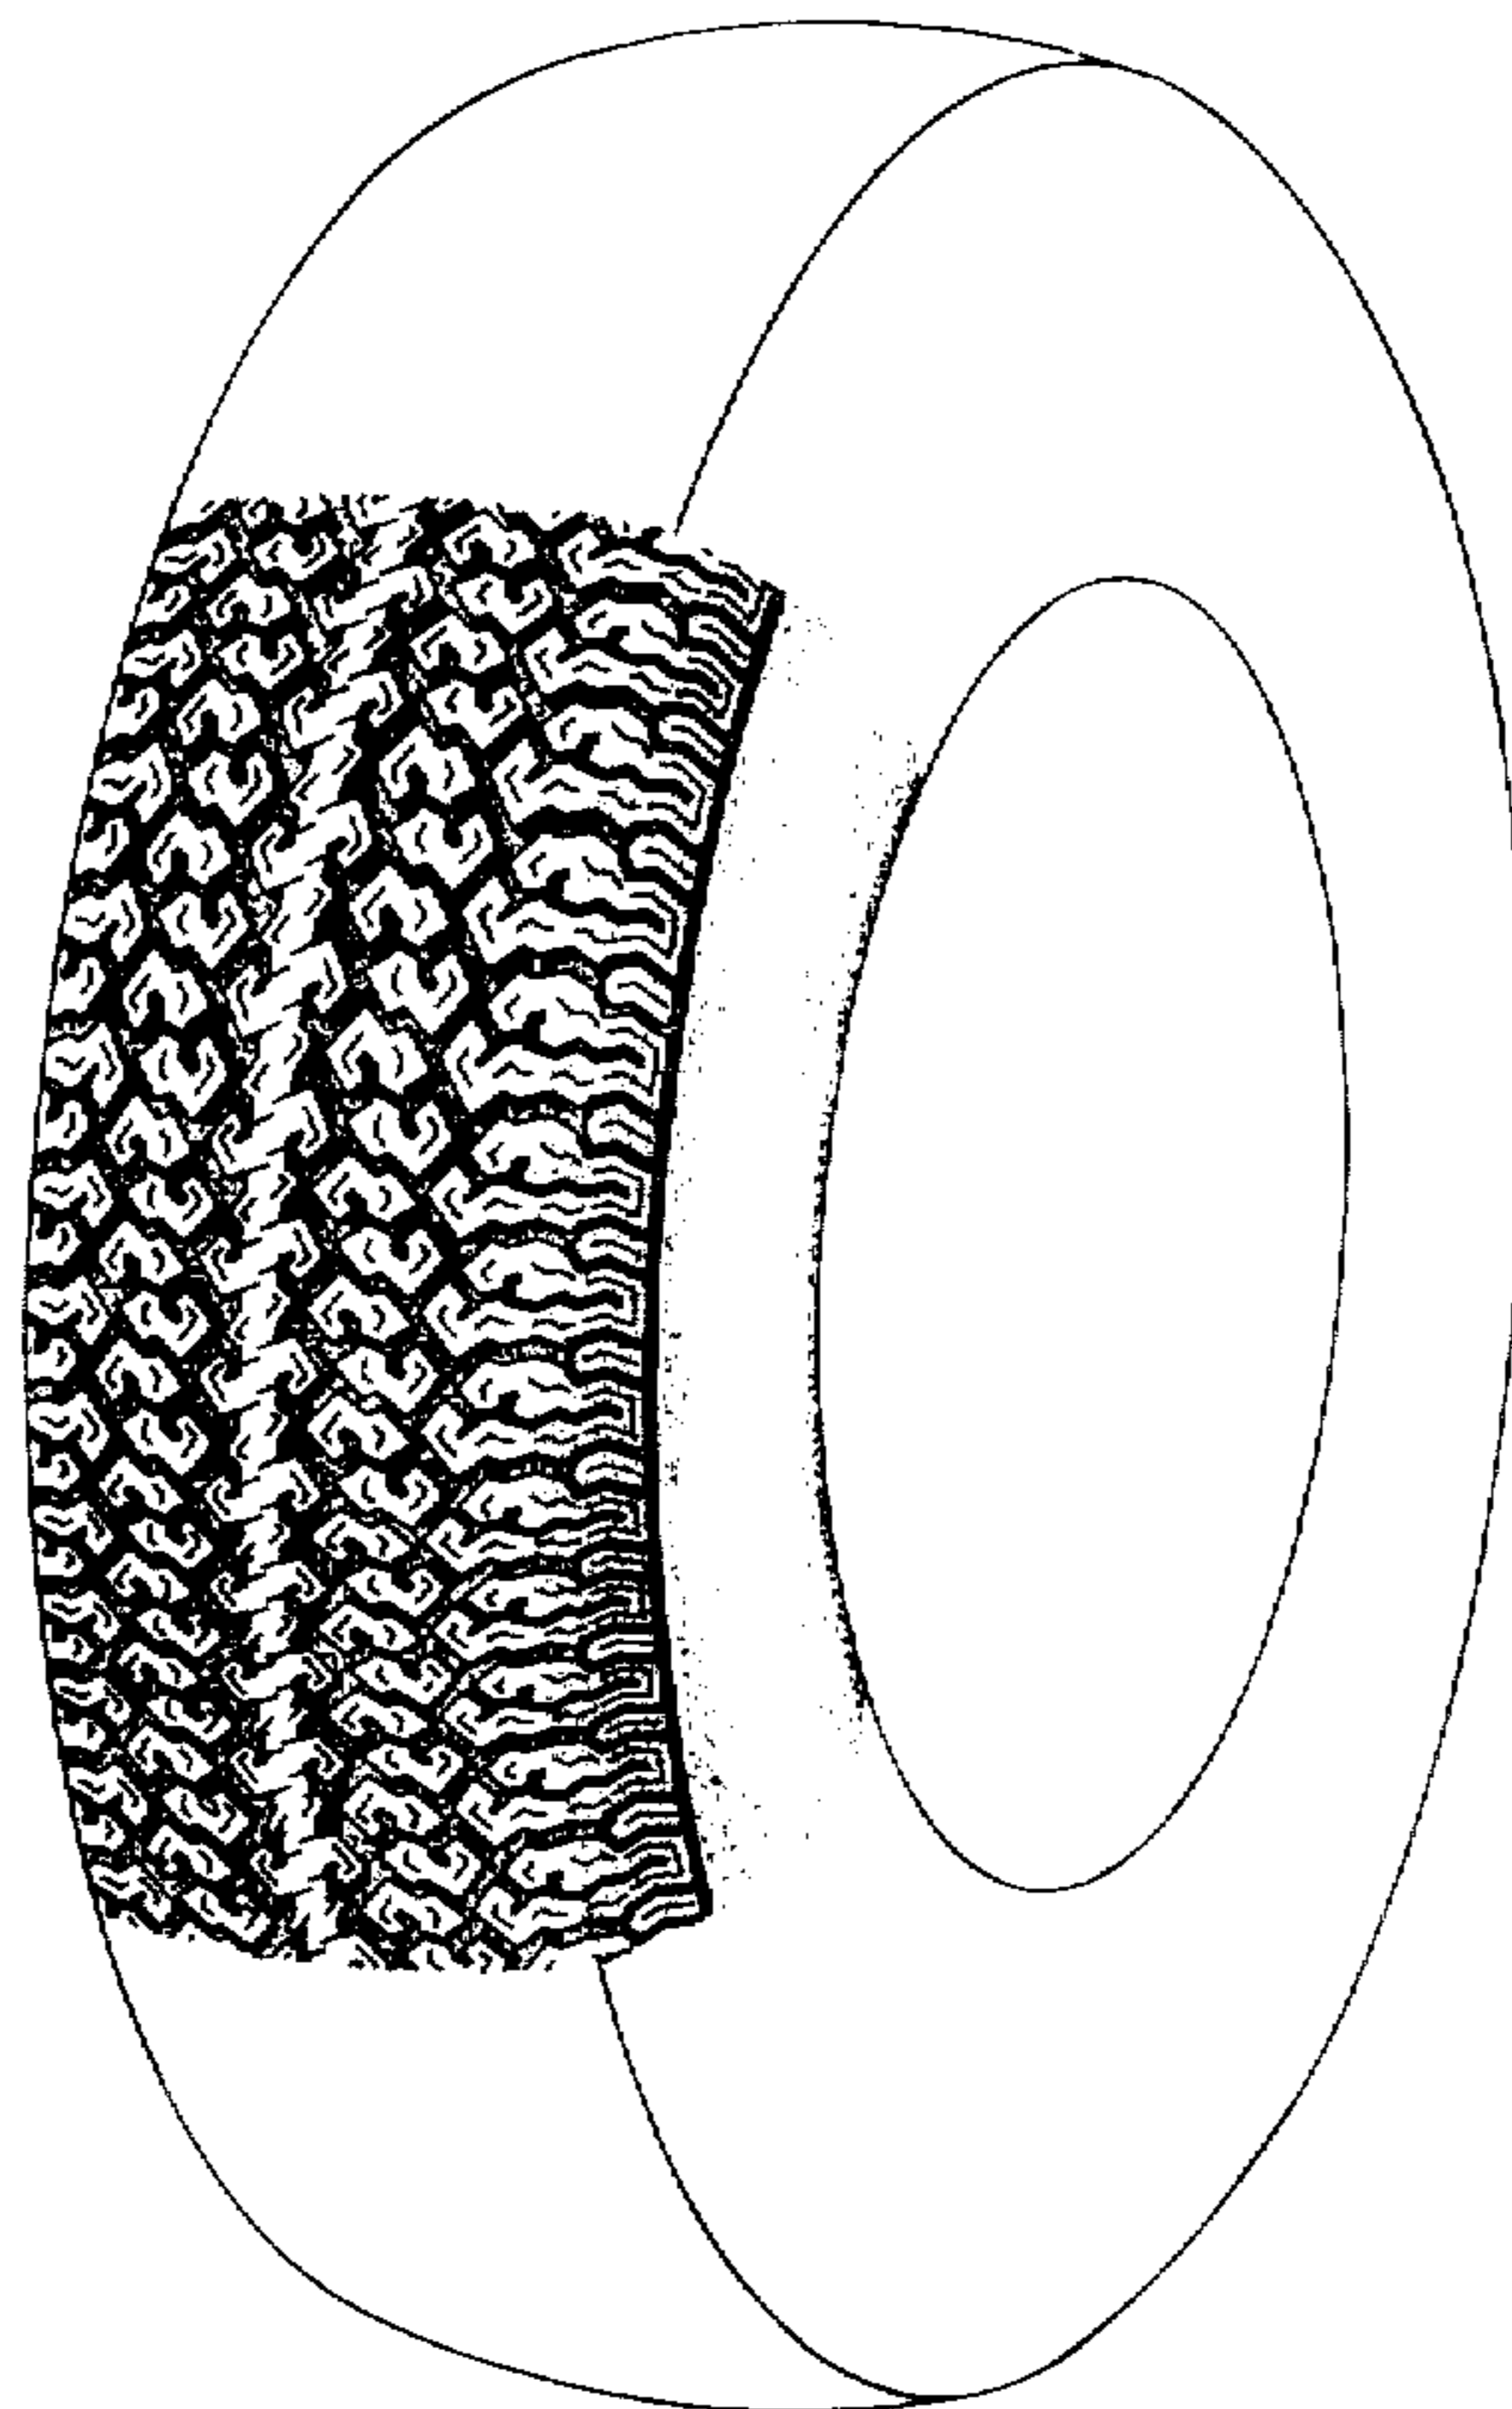

The ornamental design for a tire, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire showing the new design, it being understood that the tread pattern is repeated throughout the circumference of the tire as shown schematically by solid lines, the opposite side being substantially the same as that shown;

FIG. 2 is an enlarged fragmentary front elevational view thereof; and

FIG. 3 is an enlarged fragmentary side elevational view thereof.
