- [57] CLAIM
- The ornamental design for a chair, as shown and described.

- DESCRIPTION
- FIG. 1 is a right side perspective view of a chair showing our new design, the left side being a mirror image thereof;
- FIG. 2 is a right side perspective view of a chair showing a modified form of my new design.
- The backs of both embodiments are plain with a zipper running vertically up the center of the fabric cover to allow interchangeability.

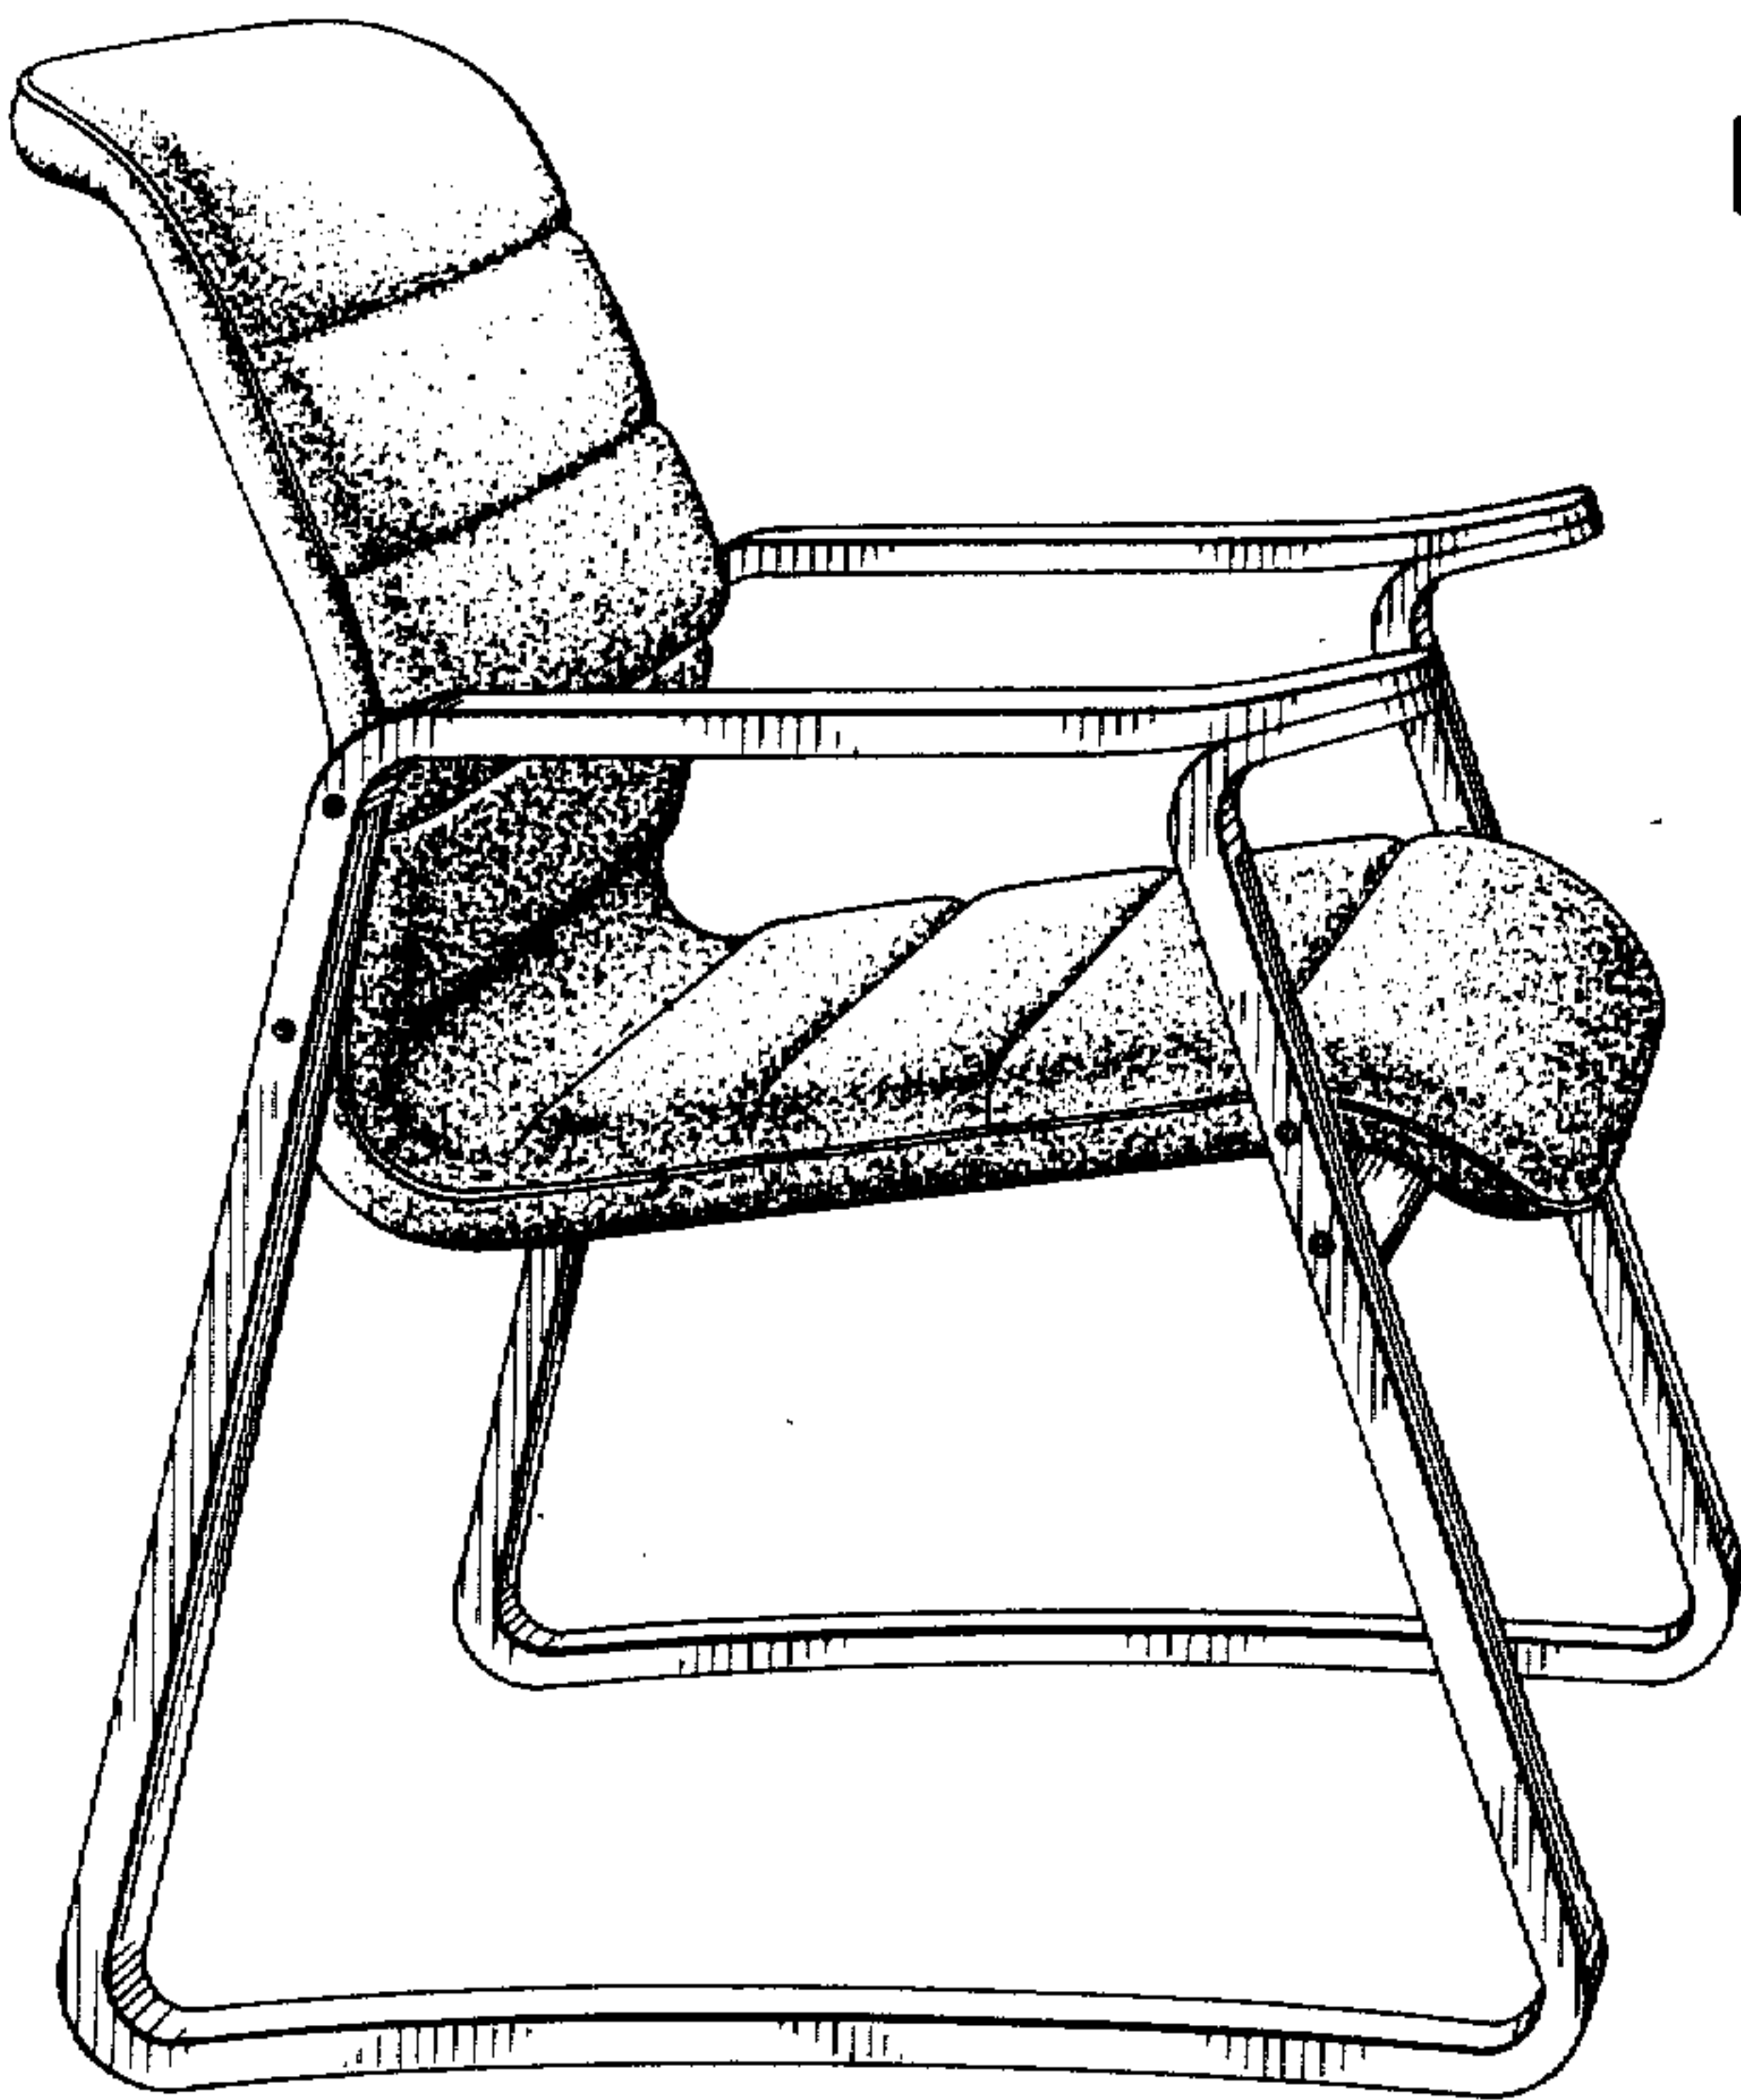

FIG. 2
