[57] CLAIM

The ornamental design for a camper interior, as shown and described.

DESCRIPTION

FIG. 1 is a sectional top plan view of a camper interior showing my new design with the access doors in open condition and the overhead bed cut away in two places for clarity of illustration;

FIG. 2 is an elevation view in cross-section of the rear portion of the camper interior taken along line 2-2 of FIG. 1;

FIG. 3 is an elevation view in cross-section of the front portion of the camper interior taken along line 3-3 of FIG. 1;

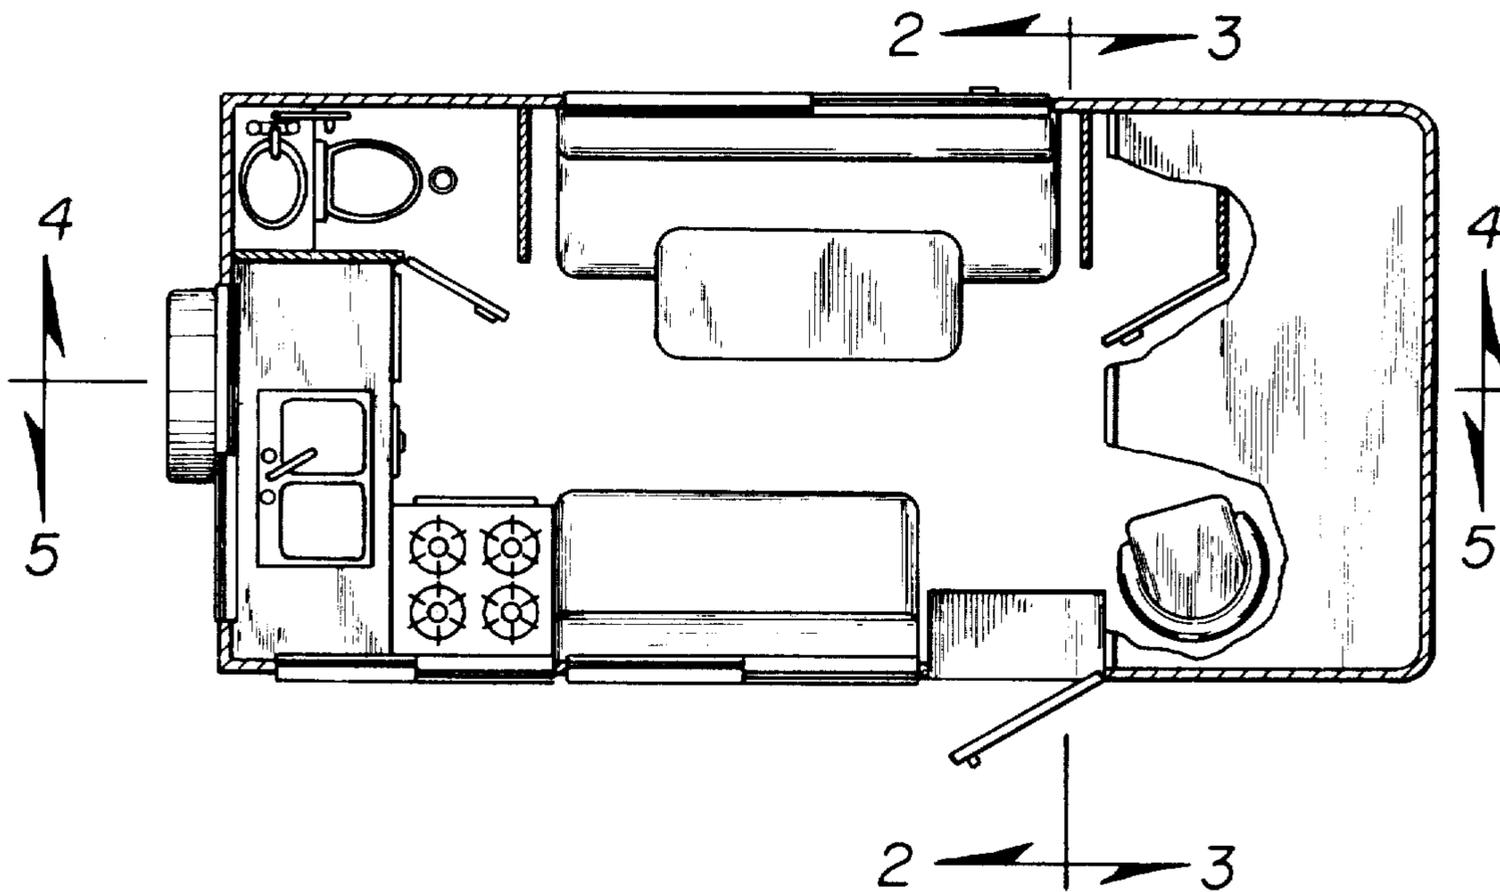

FIG. 4 is an elevation view in cross-section of the left side of the camper interior taken along line 4-4 of FIG. 1 with the cushions of the overhead bed in stacked storage positions;

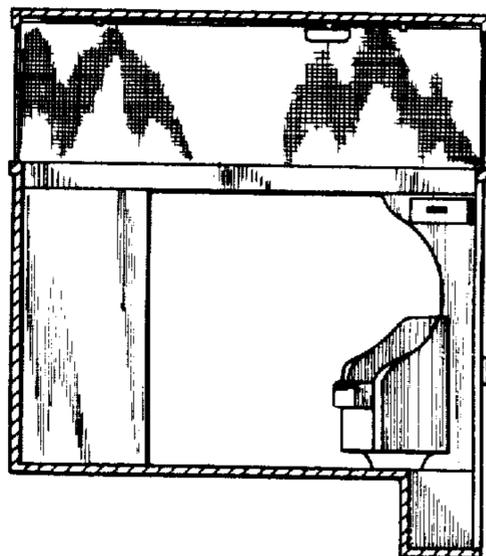

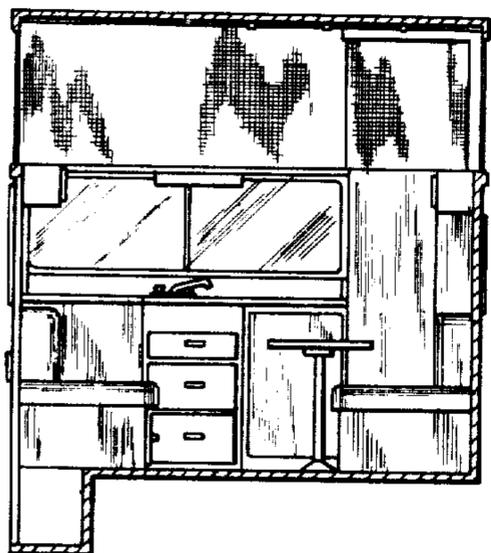

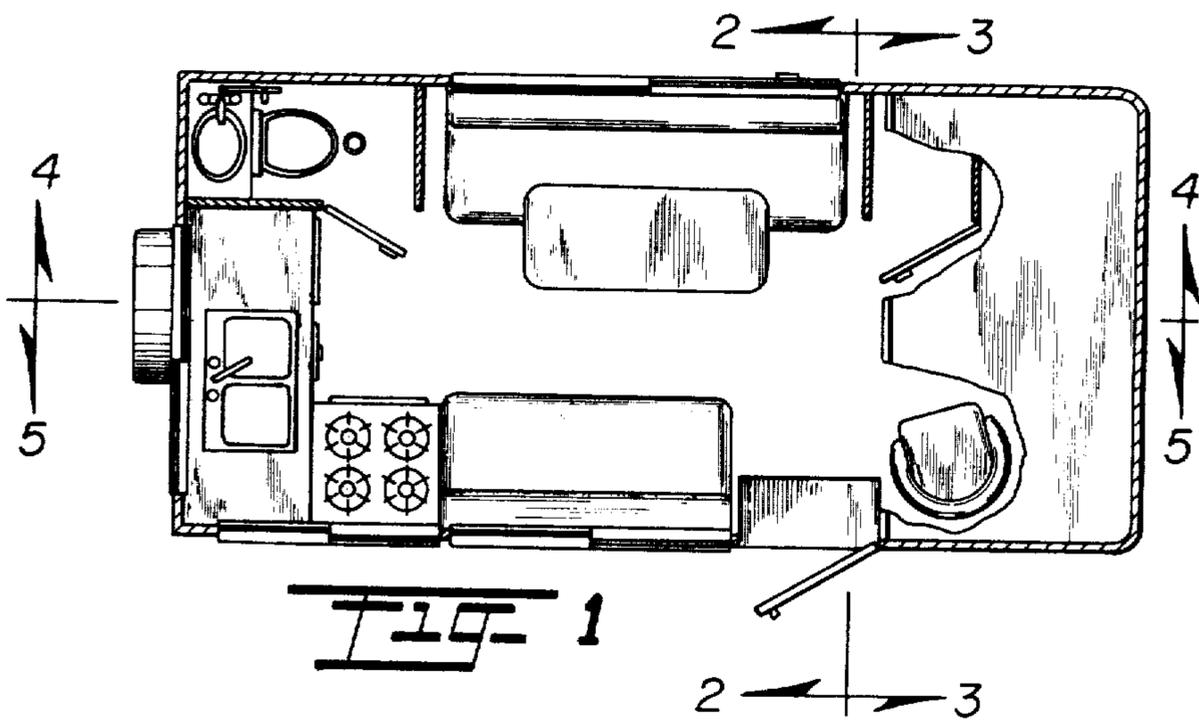

FIG. 5 is an elevation view in cross-section of the right side of the camper interior taken along line 5-5 of FIG. 1;

FIG. 6 is a perspective view of the right side of the camper interior looking toward the rear;

FIG. 7 is a perspective view of the left side of the camper interior looking toward the rear; and

FIG. 8 is an elevation view in cross-section of the left side of the camper interior taken along line 4-4 of FIG. 1 with the cushions of the overhead bed in spread positions for use.
