[57] CLAIM

The ornamental design for a video cassette storage container, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a video cassette storage container showing my new design; FIG. 2 is an exploded left side elevational view with the front closure partly rotated, the opposite side being a mirror image thereof; FIG. 3 is an elevational view thereof viewed from the side indicated by the line 3-3 of FIG. 2; FIG. 4 is an elevational view thereof viewed from the side indicated by the line 4-4 of FIG. 2; FIG. 5 is a top plan view thereof with the closure shown exploded away from the container body; FIG. 6 is a bottom plan view thereof with the closure shown exploded away from the container body; FIG. 7 is a front elevational view of the closure portion shown in FIG. 2; FIG. 8 is a rear elevational view of the closure portion shown in FIG. 2; and FIG. 9 is an elevational view of an alternative configuration of the container body viewed from the side indicated by the line 4-4 in FIG. 2. Except for the vertical dimension, all exterior views of the container and corresponding closure are the same as previously illustrated.
