[57] CLAIM

The ornamental design for a video-tape case with removable partitions, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a video-tape case with removable partitions showing my new design with the left side transparent sliding panel partially open;

FIG. 2 is a side elevational view thereof, the other side being a mirror image;

FIG. 3 is a top plan view thereof, the bottom being a mirror image;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is an enlarged scale perspective view of one of the removable partitions;

FIG. 6 is a front elevational view of a modified form of the video-tape case with removable partitions; and

FIG. 7 is a front elevational view of another modified form of the video-tape case with removable partitions with the left side transparent sliding panel partially open.
