[57] CLAIM

The ornamental design for an auxiliary objective lens for a firearm sight, substantially as shown and described.

DESCRIPTION

FIG. 1 is a side elevation of the auxiliary objective lens, shown as mounted on a typical firearm optical sight which is depicted in phantom line; for illustrative purposes only;

FIG. 2 is an end view of the solid-line structure shown in FIG. 1, and taken from the left end of FIG. 1; and FIG. 3 is an end view of the solid-line structure in FIG. 1 taken from the right end of FIG. 1.

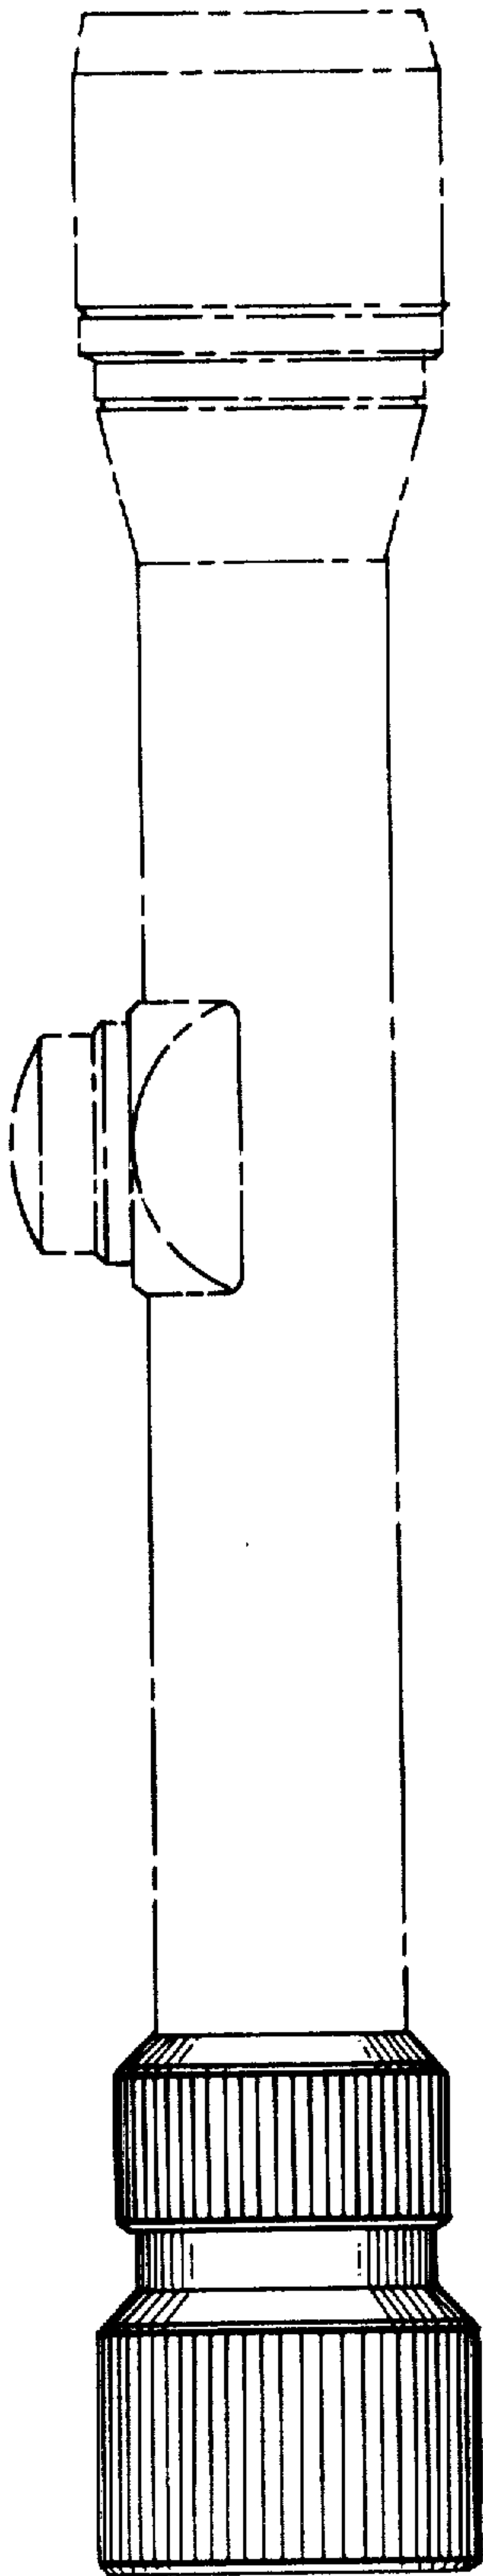

FIG. 1

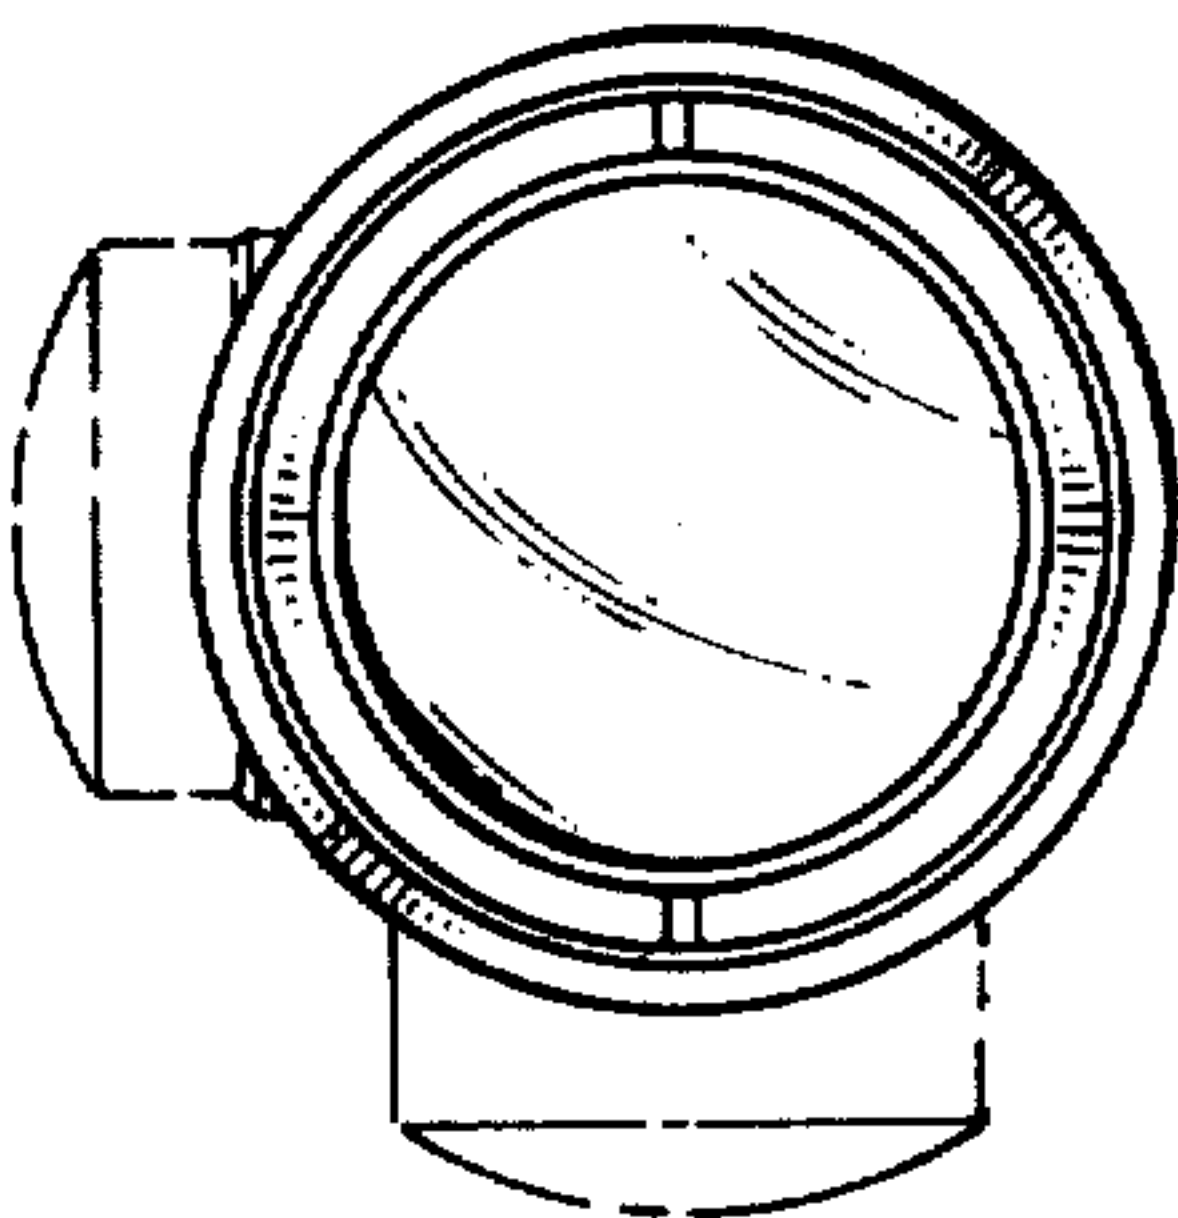

FIG. 2

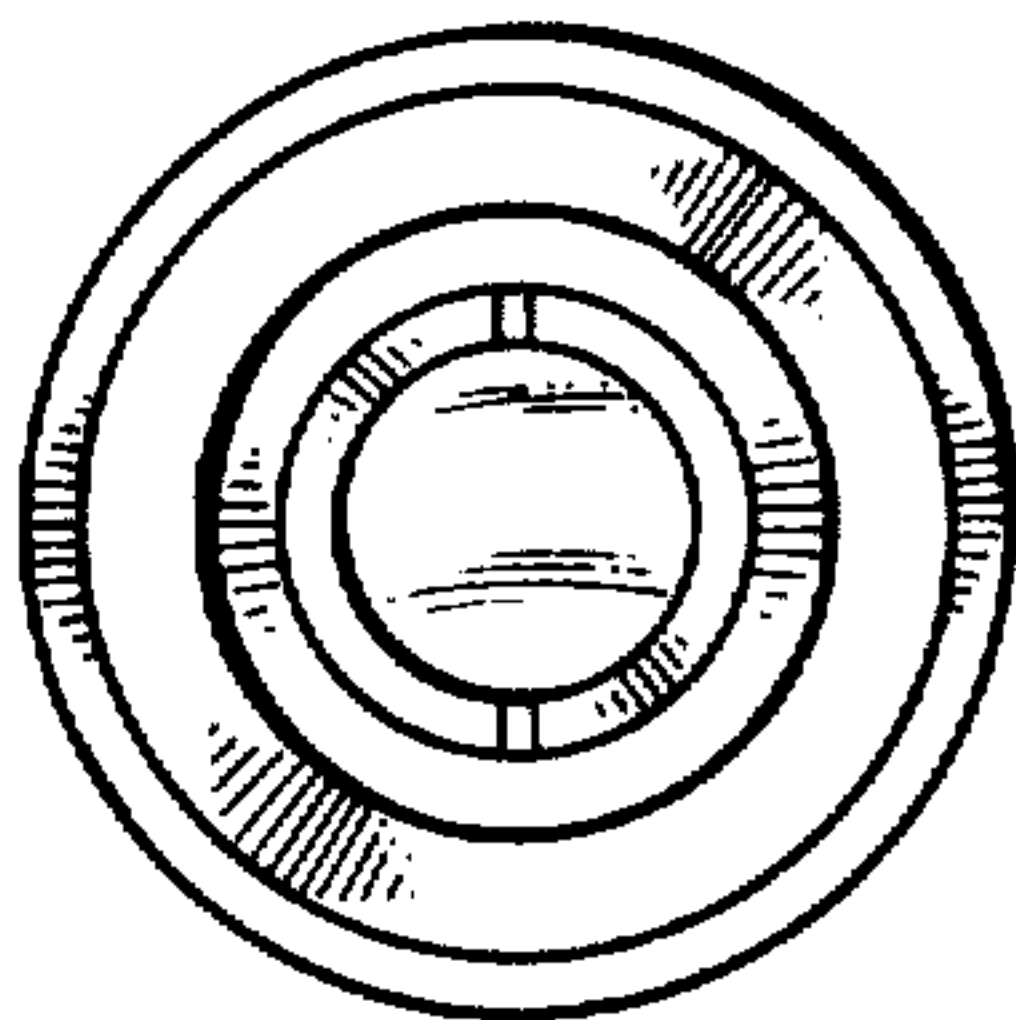

FIG. 3
