[57] CLAIM

The ornamental design for a center hub for a steering wheel, as shown and described.

## DESCRIPTION

FIG. 1 is a perspective view of a center hub for a steering wheel showing our new design, it being understood that the broken lines are for illustrative purposes only; FIG. 2 is a top plan view thereof;

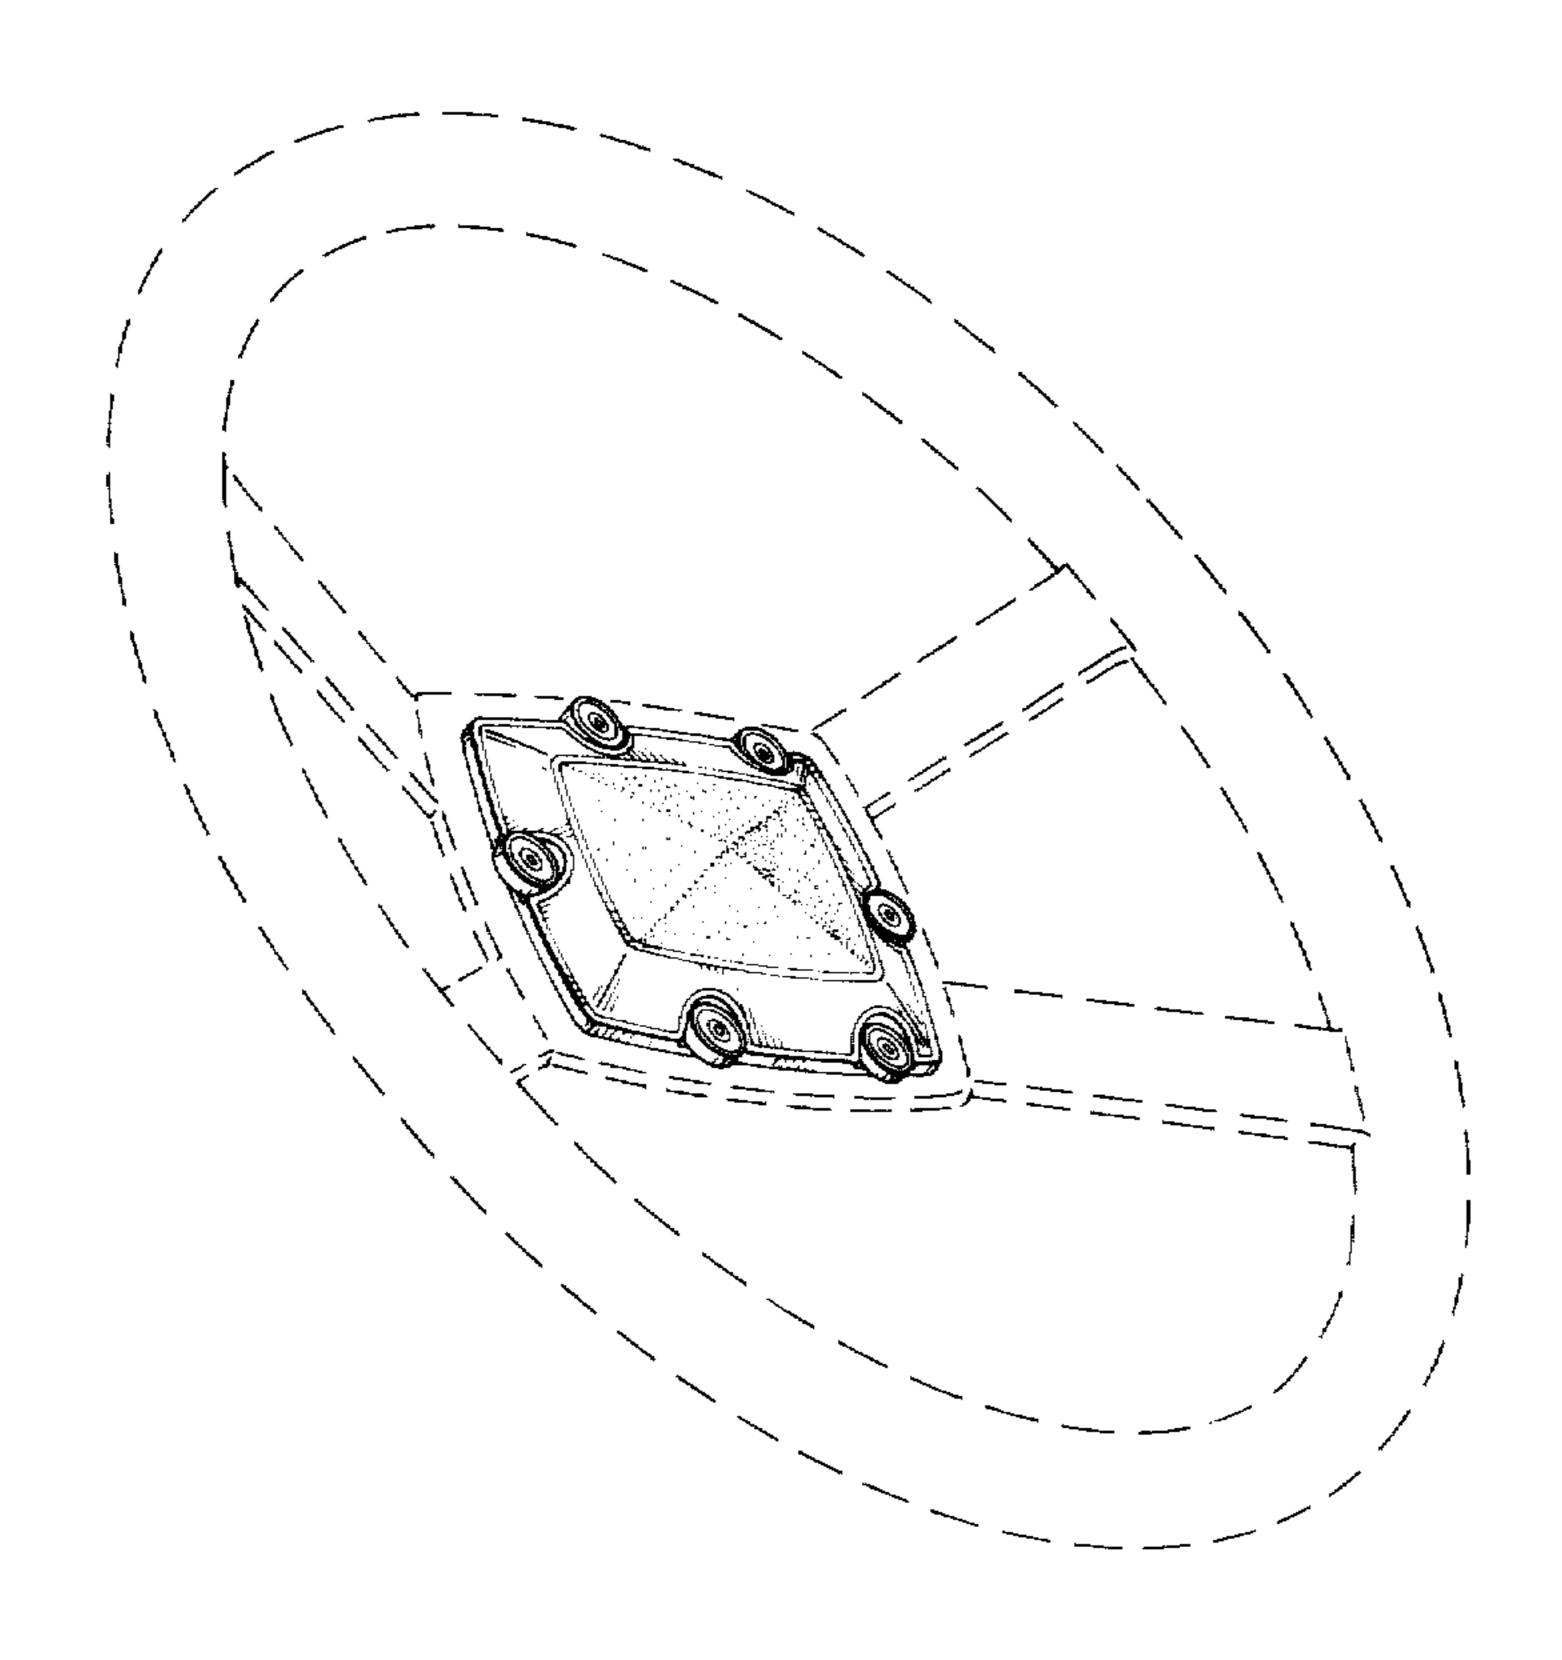

FIG. 3 is a front elevational view thereof, it being understood that the rear is a mirror image of the front as

shown; and

74/552

FIG. 4 is a right side elevational view thereof, it being understood that the left side is a mirror image of the right side as shown.

The bottom of the center hub for a steering wheel is understood to be flat and unornamented.

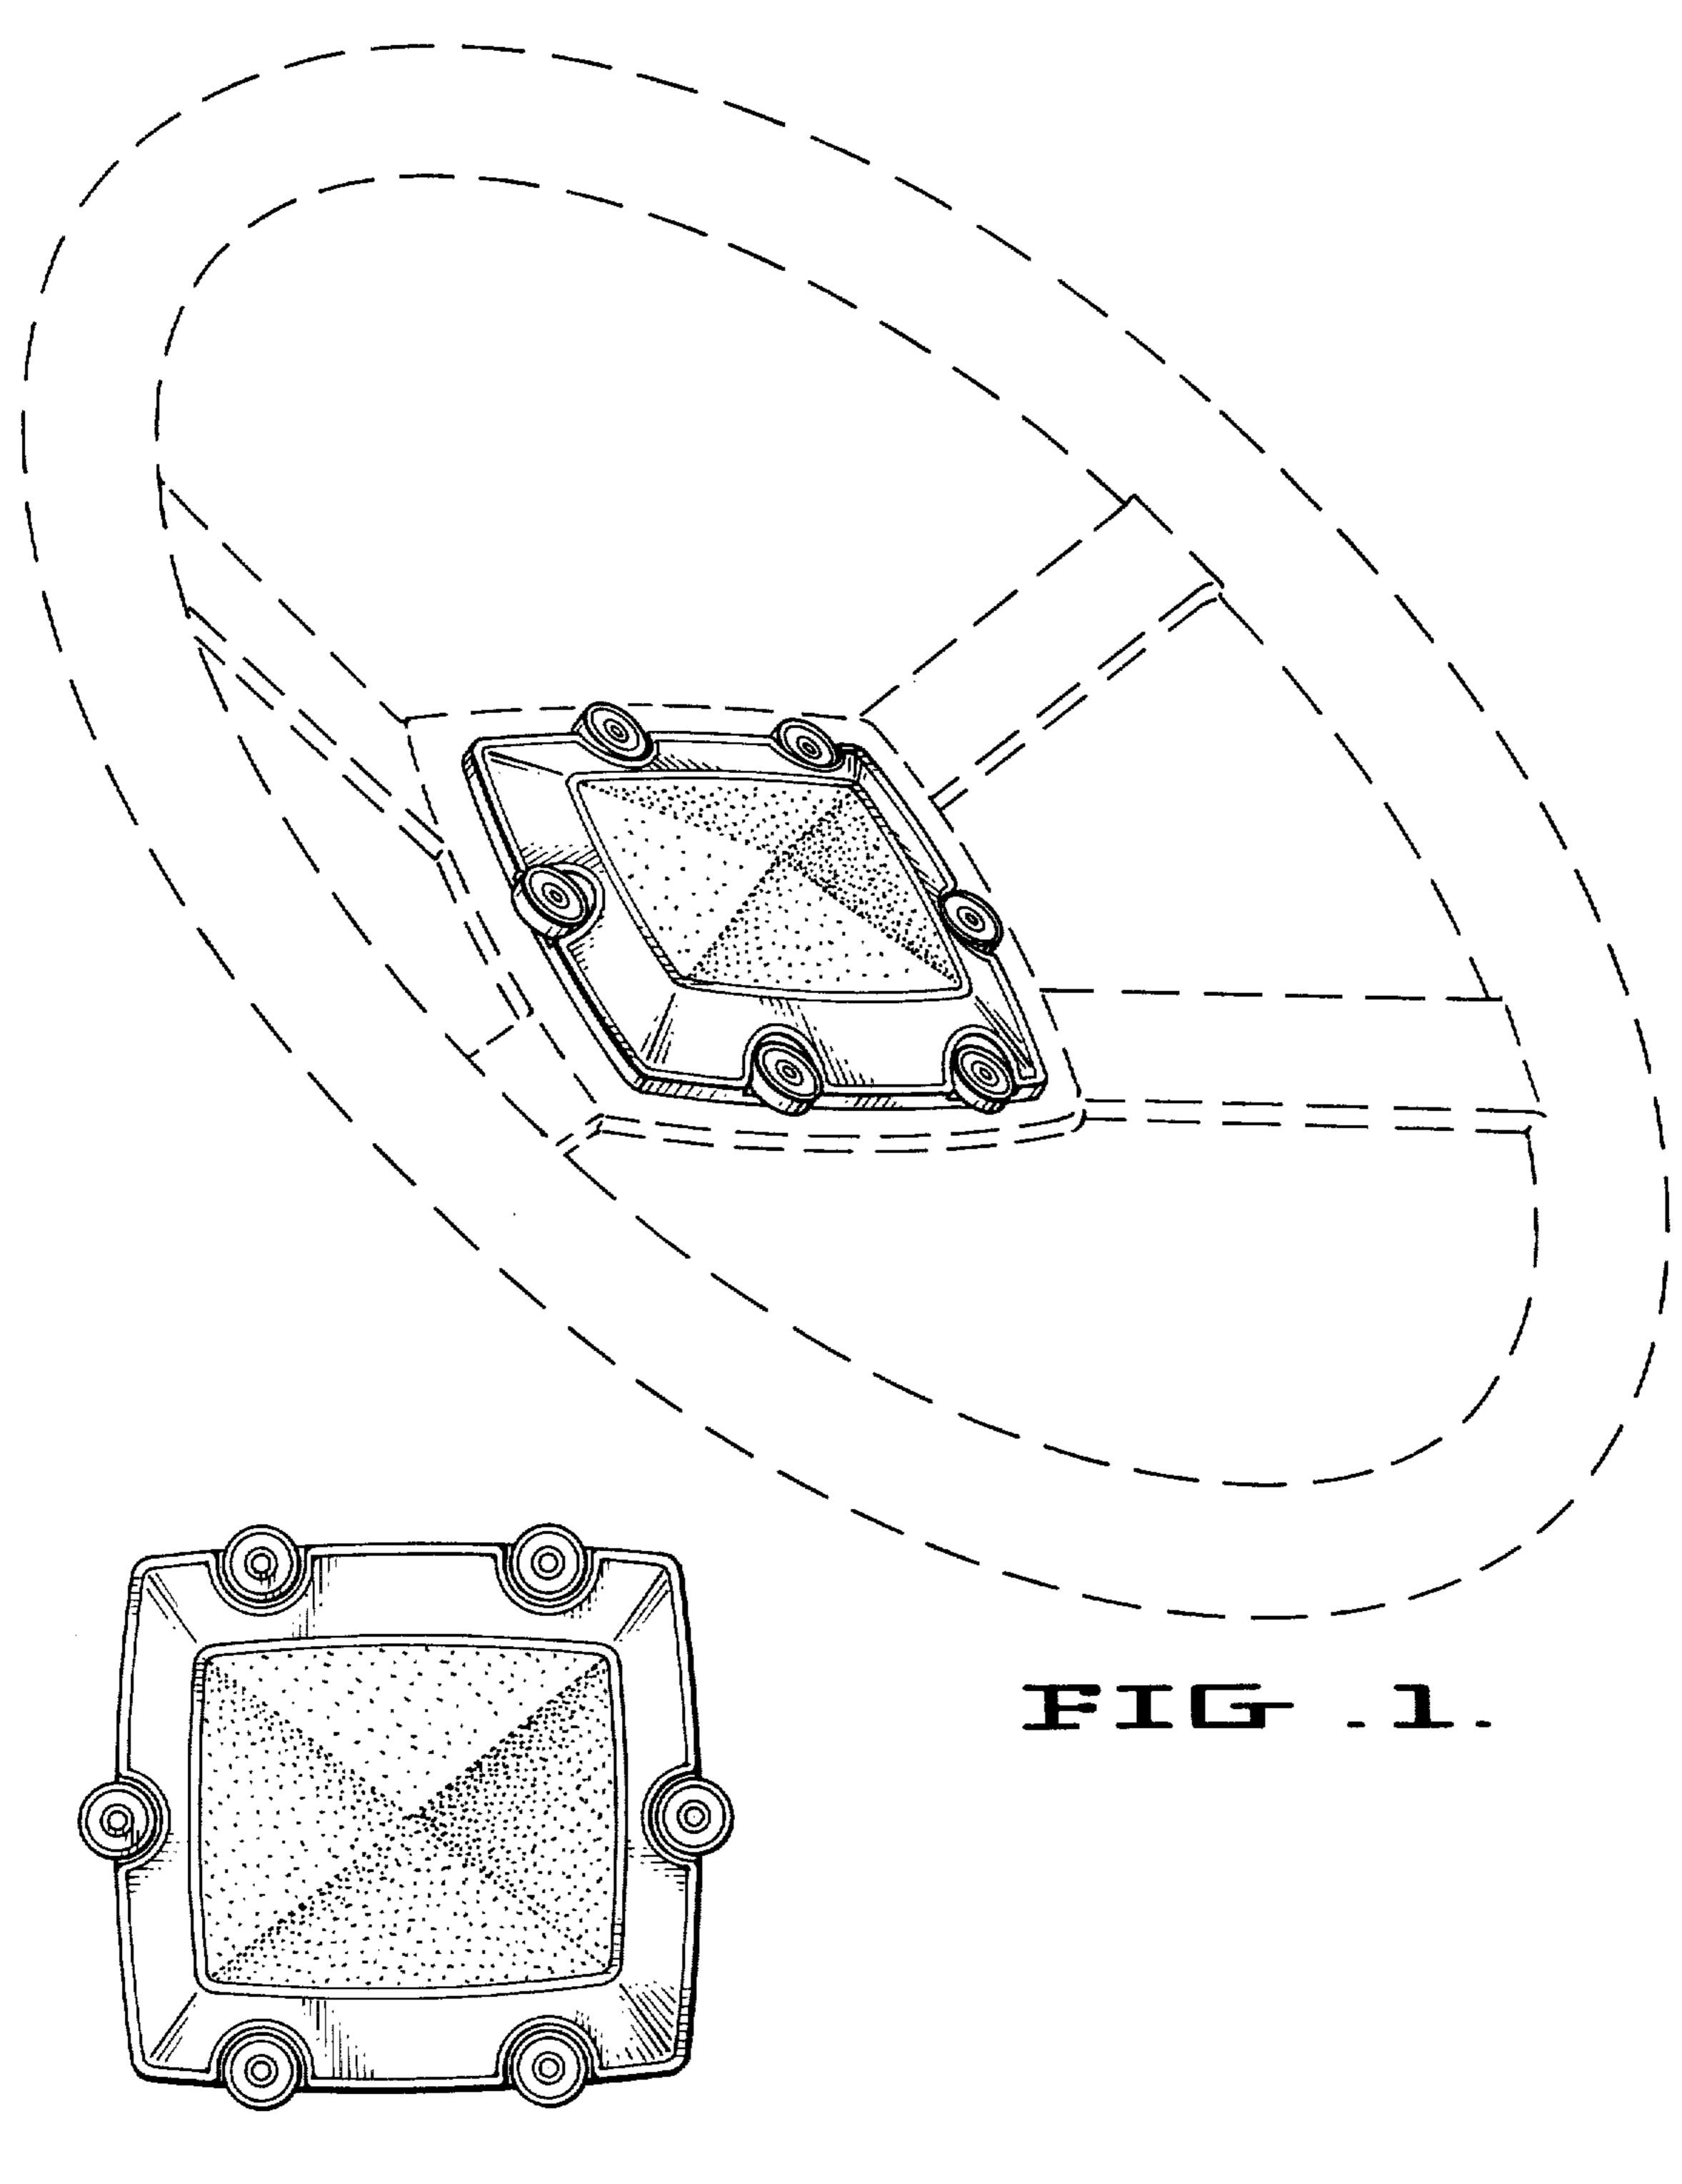

FIG-2

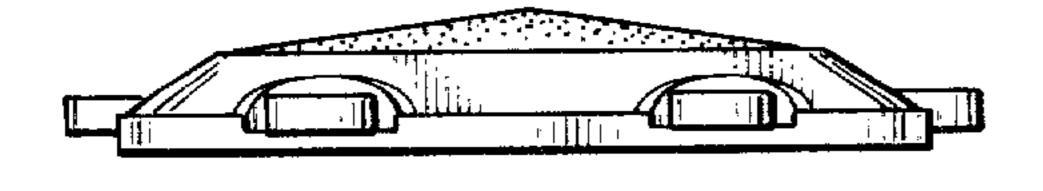

FIG. 3.

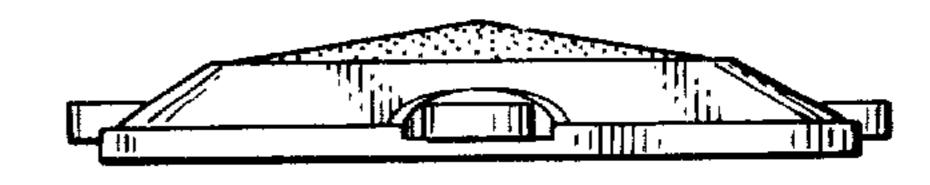

FIG-4.
