[57] CLAIM

The ornamental design for a vehicle tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a vehicle tire showing our new design it being understood that the tread design is repeated throughout the circumference of the tire, the opposite side being substantially the same as that shown; FIG. 2 is a side elevational view thereof; FIG. 3 is an end elevational view thereof; and FIG. 4 is an enlarged cross-sectional view taken along line 4—4 in FIG. 3.
