[57] CLAIM

The ornamental design for a convertible rocking chair,
substantially as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a convertible rock-
ing chair design according to the present invention
illustrating the design in the position for rocking;

FIG. 2 is a rear perspective view illustrating the rocking
chair design;

FIG. 3 is a front perspective view of the convertible
rocking chair illustrating the design in a non-rocking
position;

FIG. 4 is a rear perspective illustrating the design in a
non-rocking position;

FIG. 5 is a front perspective view of an alternate em-
bodiment of a convertible rocking chair according to
the invention illustrating the design in a rocking posi-
tion;

FIG. 6 is a rear perspective view of the design of FIG.
5;

FIG. 7 is a front perspective view of the convertible
rocking chair design of FIG. 5 illustrating the design in
a non-rocking position; and

FIG. 8 is a rear perspective view of the design of FIG.
5 in the non-rocking position.
