[57] CLAIM

The ornamental design for a pair of motorcycle fairing body extenders, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a pair of motorcycle fairing body extenders showing our new design;

FIG. 2 is a side elevational view of the left fairing extender;

FIG. 3 is an enlarged top perspective view of the left fairing extender;

FIG. 4 is an enlarged rear perspective view of the left fairing extender; and

FIG. 5 is an enlarged bottom perspective of the left fairing extender.

The right fairing extender is a mirror image of the left fairing extender and is not illustrated in detail. The broken line representation of a motorcycle fairing in FIGS. 1 and 2 is for illustrative purposes only and forms no part of the invention.
