[57] CLAIM
The ornamental designs for a loudspeaker magnet hous-
ing, as shown and described.

DESCRIPTION
FIG. 1 is a top plan view of a first embodiment of the
magnet housing.
FIG. 2 is a side view of the first embodiment of the
magnet housing shown in FIG. 1.
FIG. 3 is a perspective view of the first embodiment of
the magnet housing.
In FIGS. 1 and 2, the phantom lines show the remainder
of a loudspeaker construction of a type with which the
designs of the present invention are frequently em-
ployed. The designs of such a loudspeaker construction
shown in phantom line do not form a part of the present
invention. What is shown is the rear and side views of
the magnet housing, the portion which is attached to
the remainder of the loudspeaker structure is not a part
of the present designs and under normal conditions of
sale and operation is not visible to the public.
