[57] CLAIM

The ornamental design for a telephone and terminal appliance, substantially as shown and described.

DESCRIPTION

FIG. 1, is a perspective view taken from the top and right side of a multiple mode communication terminal showing our new design.

FIG. 2 is a perspective view thereof taken from the top and left side thereof, the keys being omitted for convenience of illustration.

FIG. 3 is a top plan view thereof, the keys being omitted for convenience of illustration.

FIG. 4 is an enlarged perspective view thereof taken from the top and front.

FIG. 5 is a side elevational view thereof taken from the left of FIG. 4.

FIG. 6 is a rear elevational view.

FIG. 7 is a side elevational view thereof.

FIG. 8 is a bottom plan view thereof.
