[57] **CLAIM**

The ornamental design for an electric fence spotter, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an electric fence spotter showing my new design in a folded condition, the fence wire being shown in broken lines for illustrative purposes only;

FIG. 2 is a front elevational view of the electric fence spotter in an unfolded condition;

FIG. 3 is a rear elevational view thereof; and

FIG. 4 is a side elevational view thereof.

The shading through the center portions of FIGS. 1, 2, and 3 indicate a normally plane surface. The shading at the top of FIG. 3 represents adhesive material.
