[57] **CLAIM**

The ornamental design for a telephone attachment, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a telephone attachment embodying our design, and showing a telephone instrument in broken lines;

FIG. 2 is a side elevational view thereof as viewed from the right side of FIG. 1, also showing a telephone instrument in broken lines;

FIG. 3 is a front elevational view thereof as viewed from the left side of FIG. 2;

FIG. 4 is a side elevational view thereof as viewed from the left side of FIG. 3;

FIG. 5 is a rear elevational view thereof as viewed from the right side of FIG. 2;

FIG. 6 is a side elevational view thereof as viewed from the left side of FIG. 5 and is identical to FIG. 2 except that the showing of a telephone is not included in FIG. 6;

FIG. 7 is a plan view thereof as viewed from the top of FIG. 3;

FIG. 8 is a plan view thereof as viewed from the bottom of FIG. 3.

The several figures are shaded to show that the telephone attachment is transparent. The broken line showing of a telephone instrument is for illustrative purposes only.
