[57] **CLAIM**

The ornamental design for a combination of arrays of electrical wire markers in an insert and box arrangement, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combination of arrays of electrical wire markers in an insert and box arrangement showing my new design, in which both the insert and box are transparent. FIG. 1 shows the top, front, and left side of the box and insert, and the insert is shown as being partly drawn out and contains electrical wire markers, some of which are omitted for ease of illustration.

FIG. 2 is another perspective view thereof and shows the bottom, rear, and right side.

FIG. 3 is a perspective view showing the insert without any electrical wire markers therein, and shows the bottom, rear, and right side thereof. A perspective view showing the top, front, and left side thereof is identical thereto.

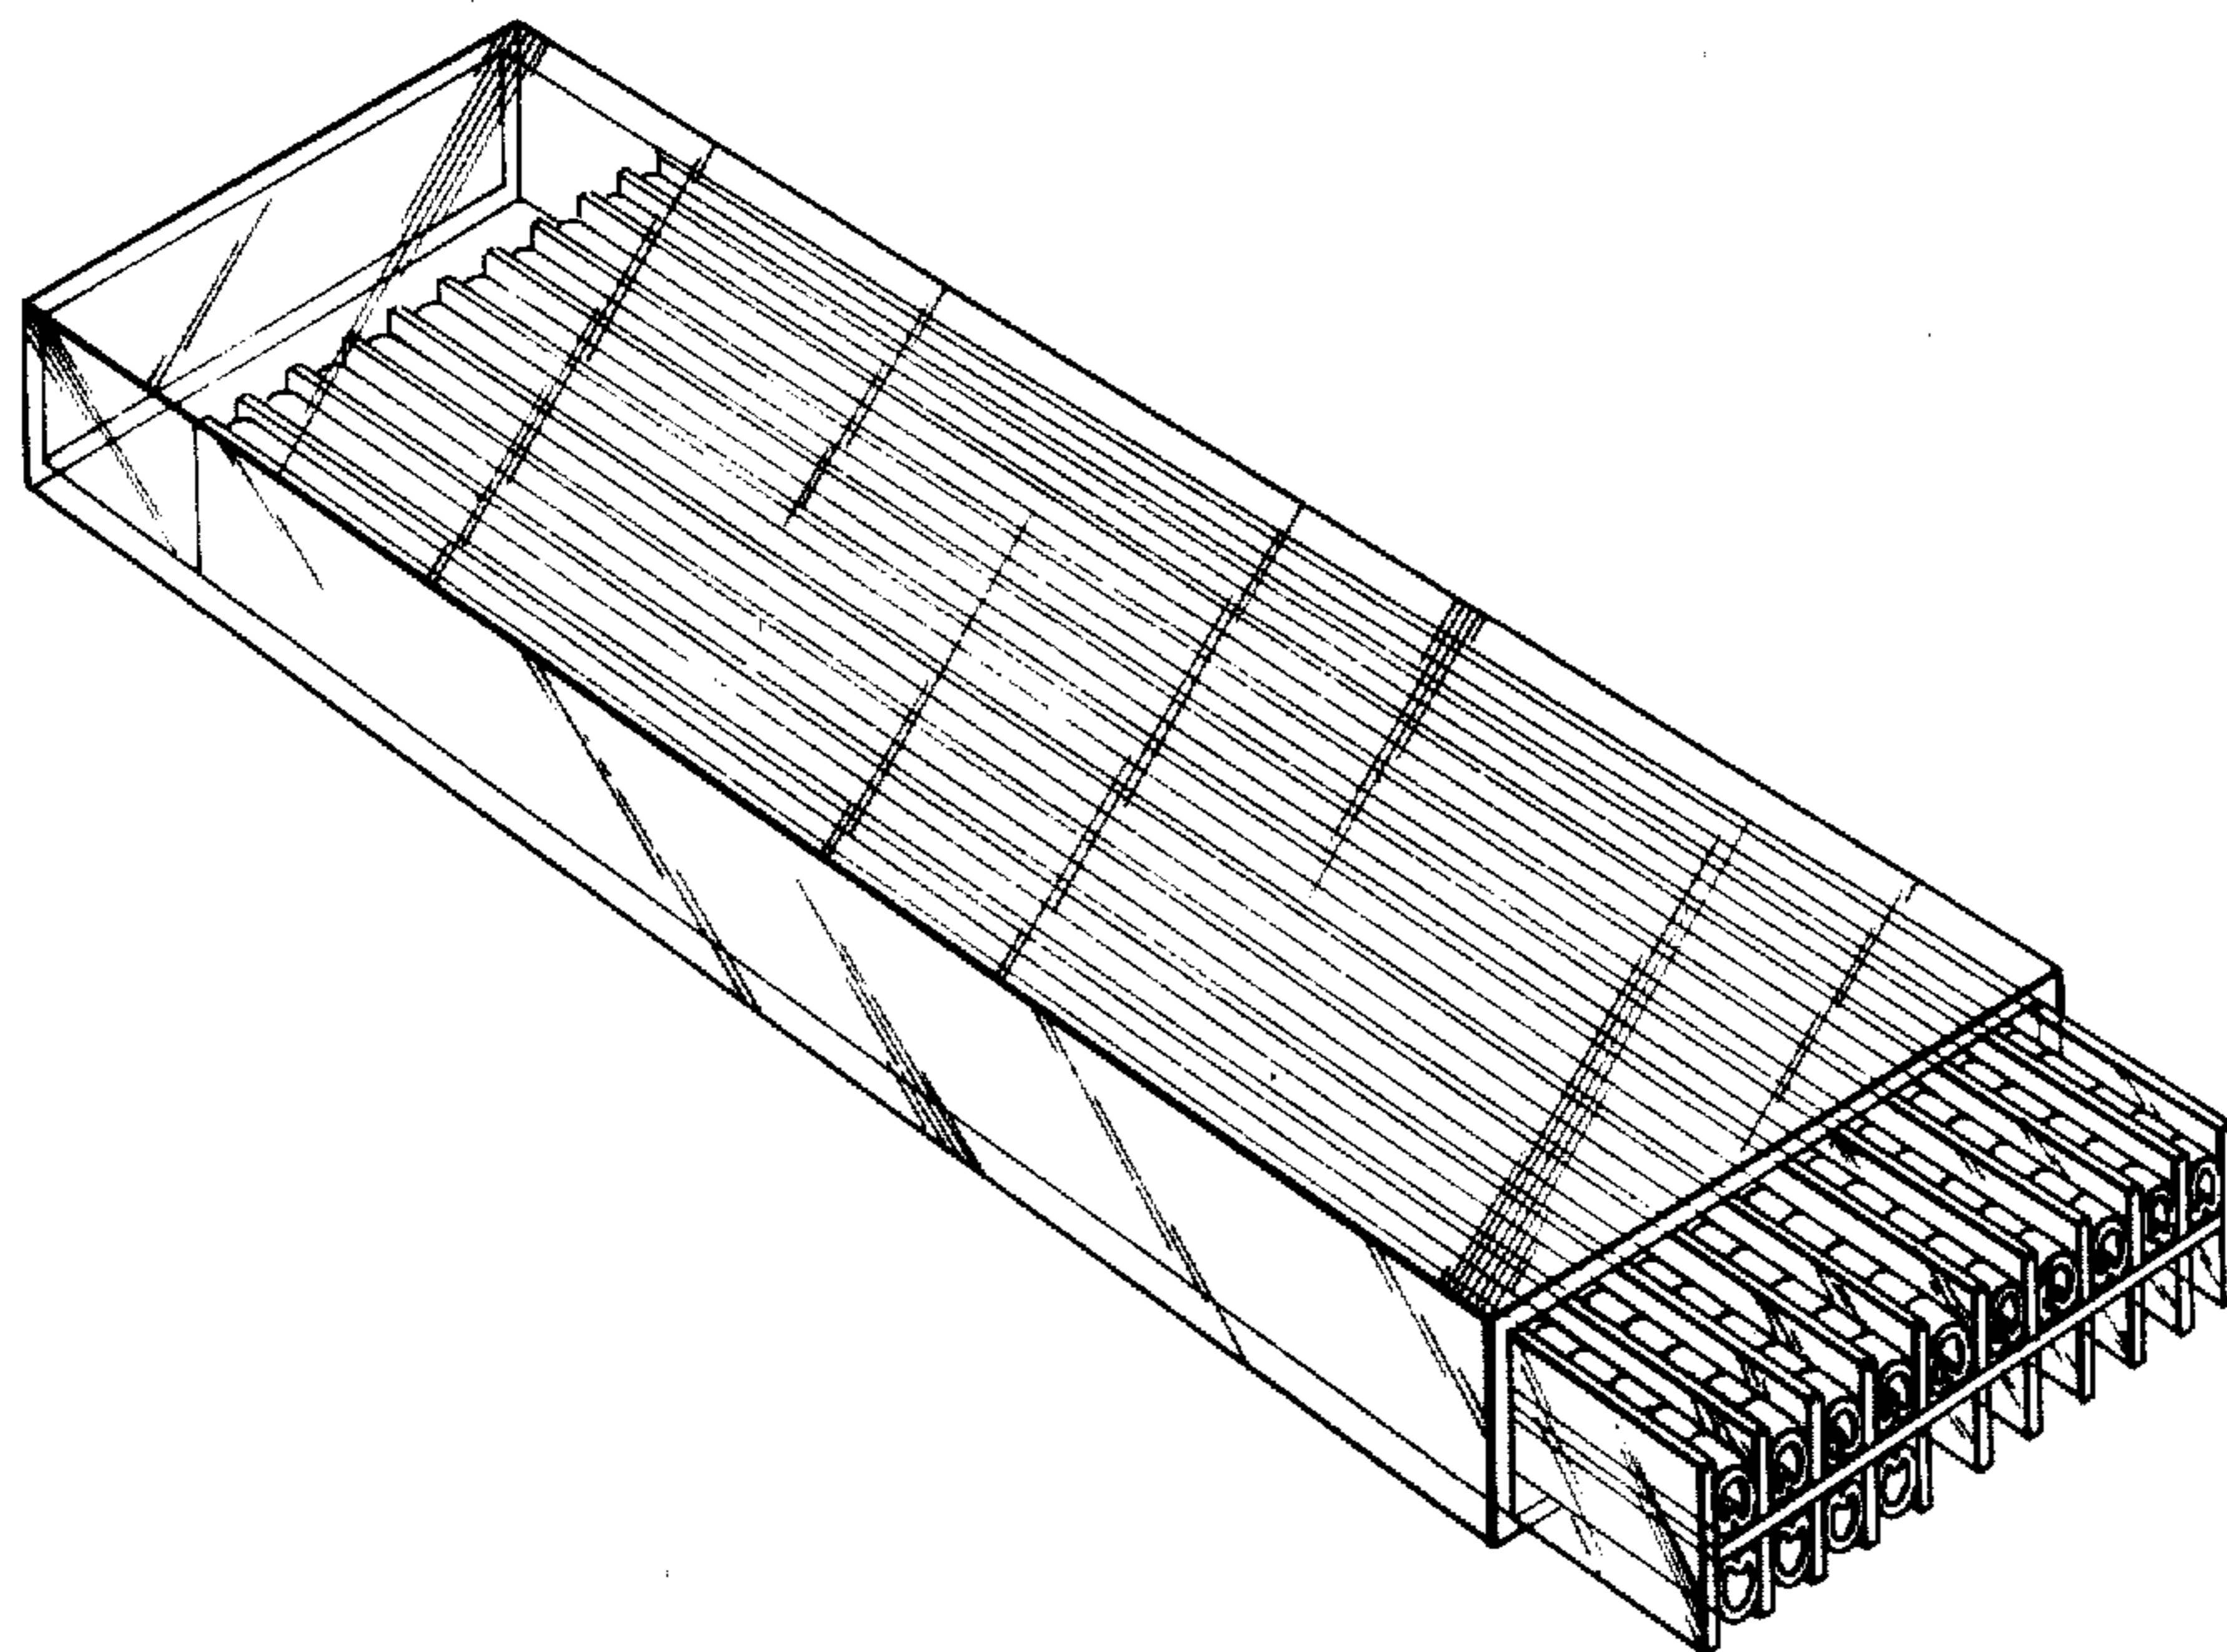

FIG. 1
