The ornamental design for a combined sun visor and radio receiver, as shown and described.

CLAIM

DESCRIPTION

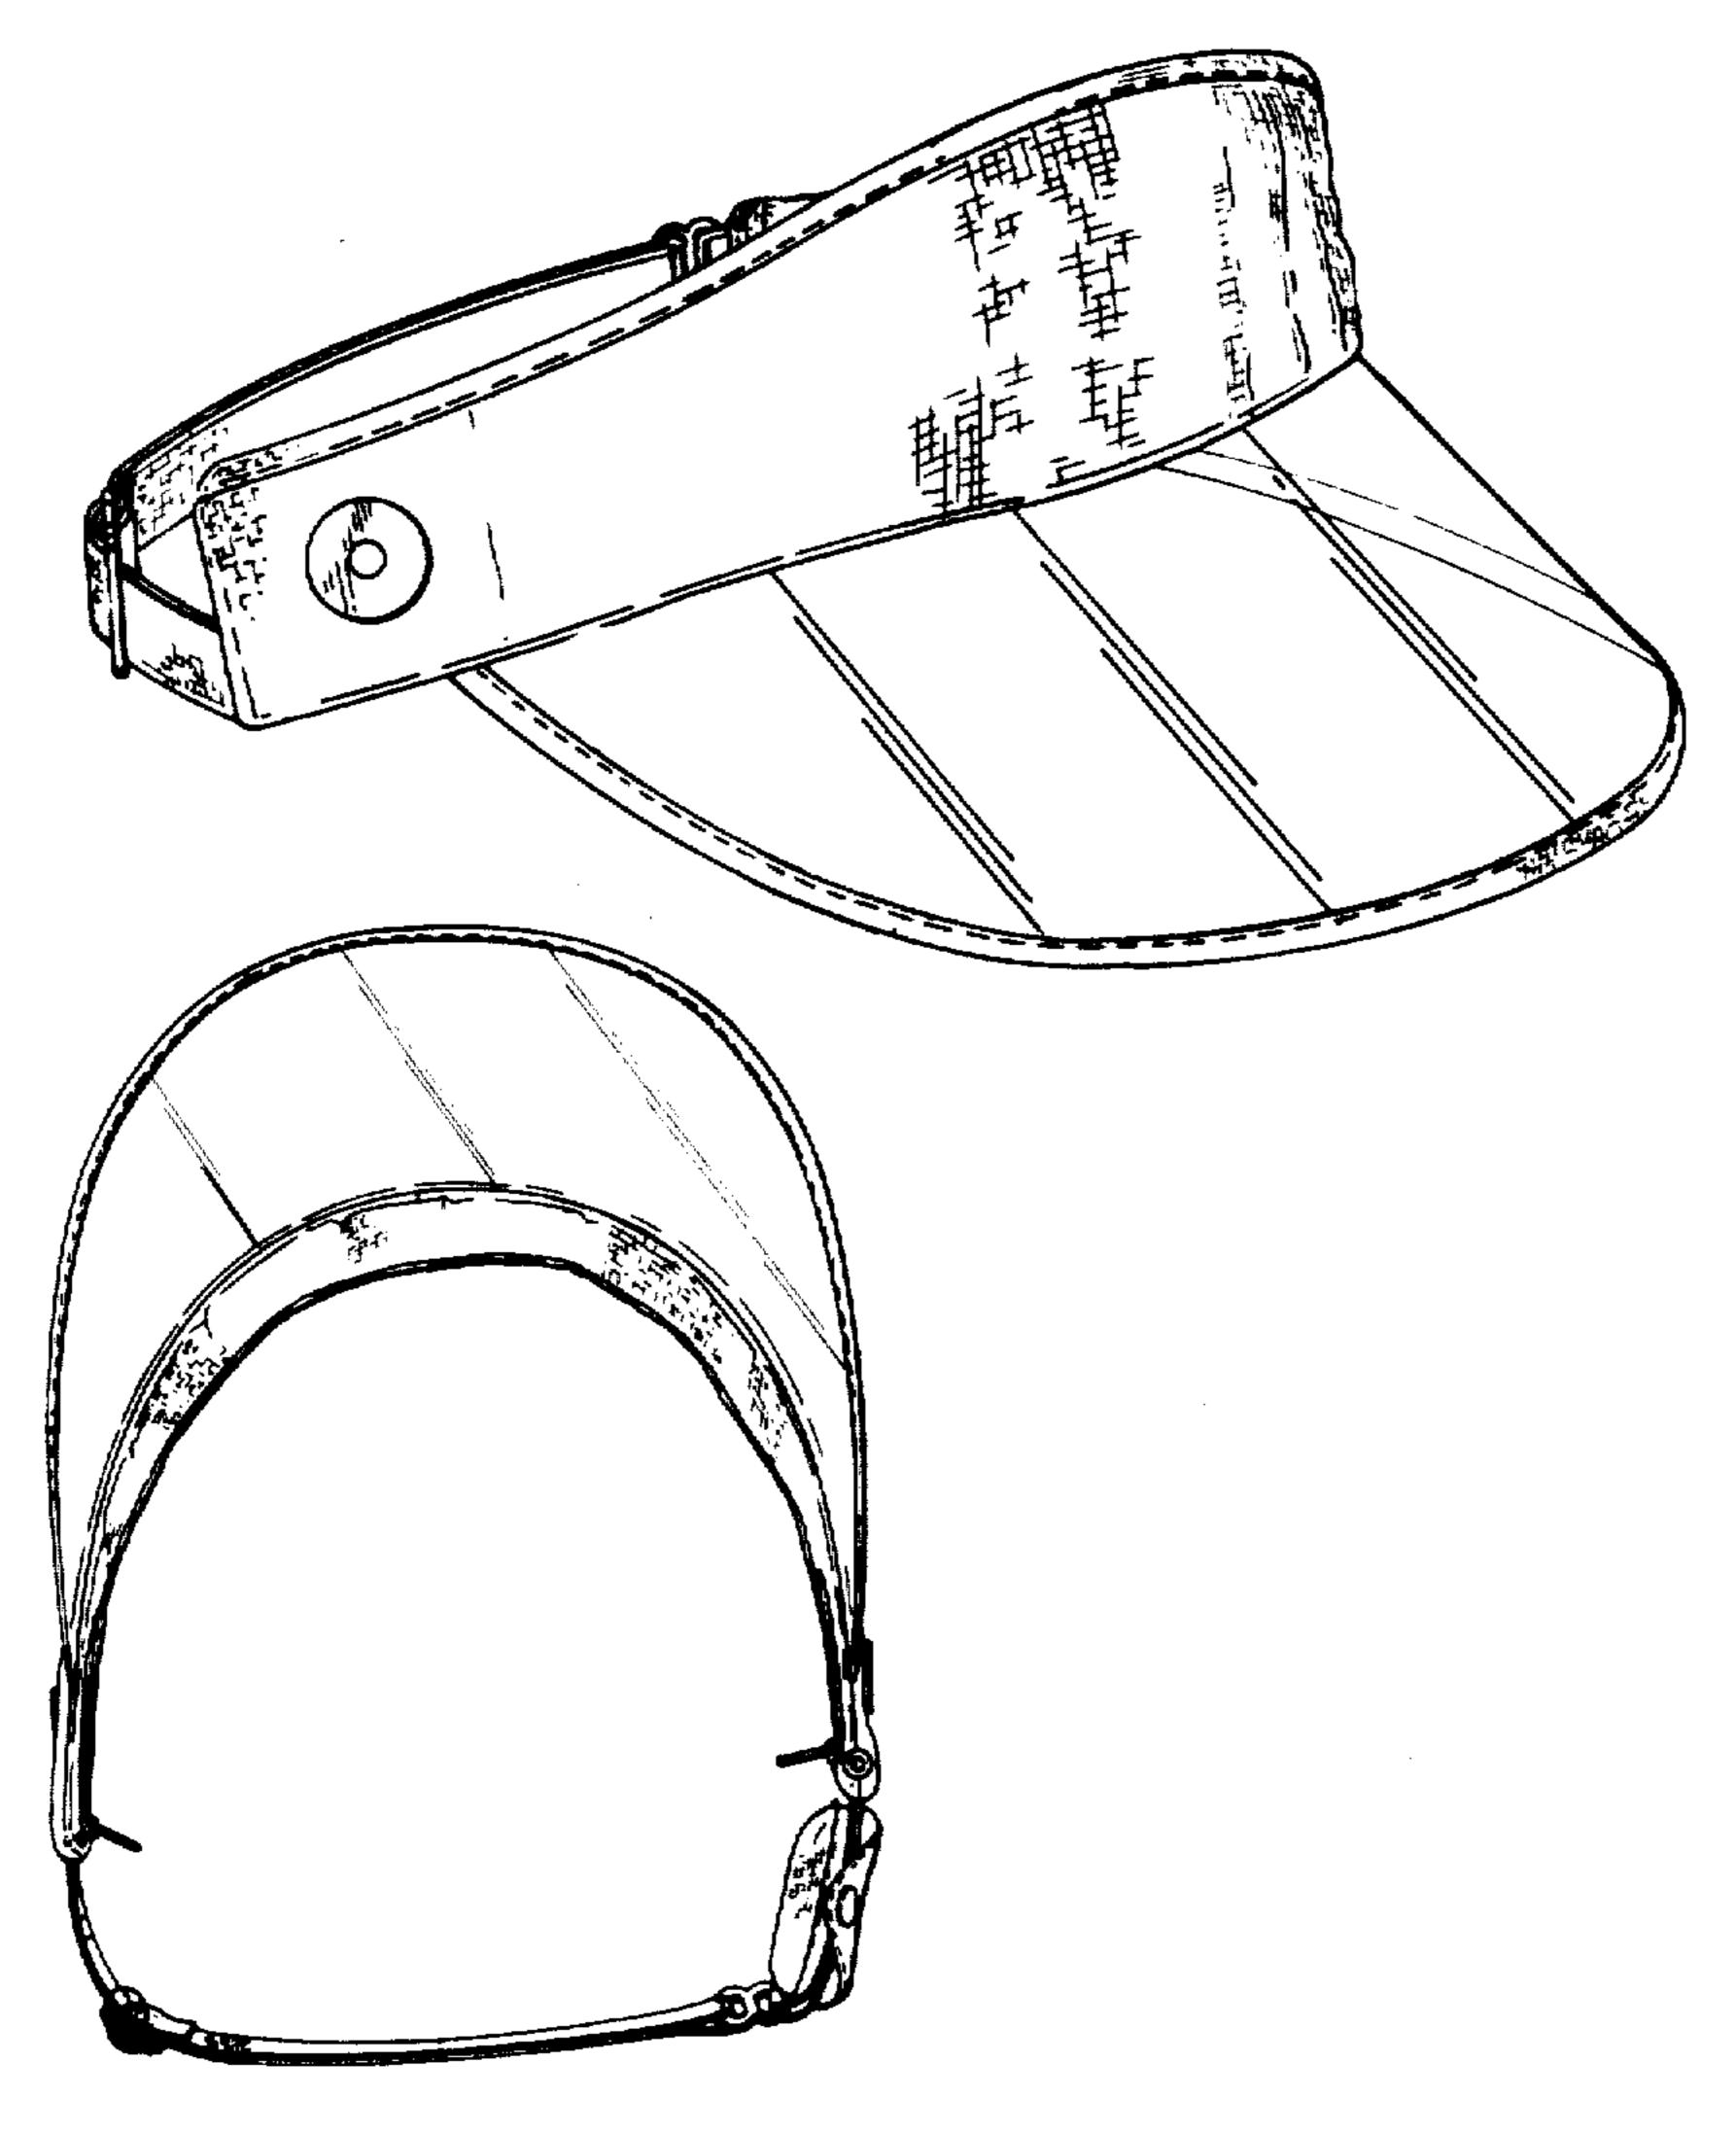

FIG. 1 is a perspective view of a combined sun visor and radio receiver showing my new design;

FIG. 2 is a right side elevational view thereof;

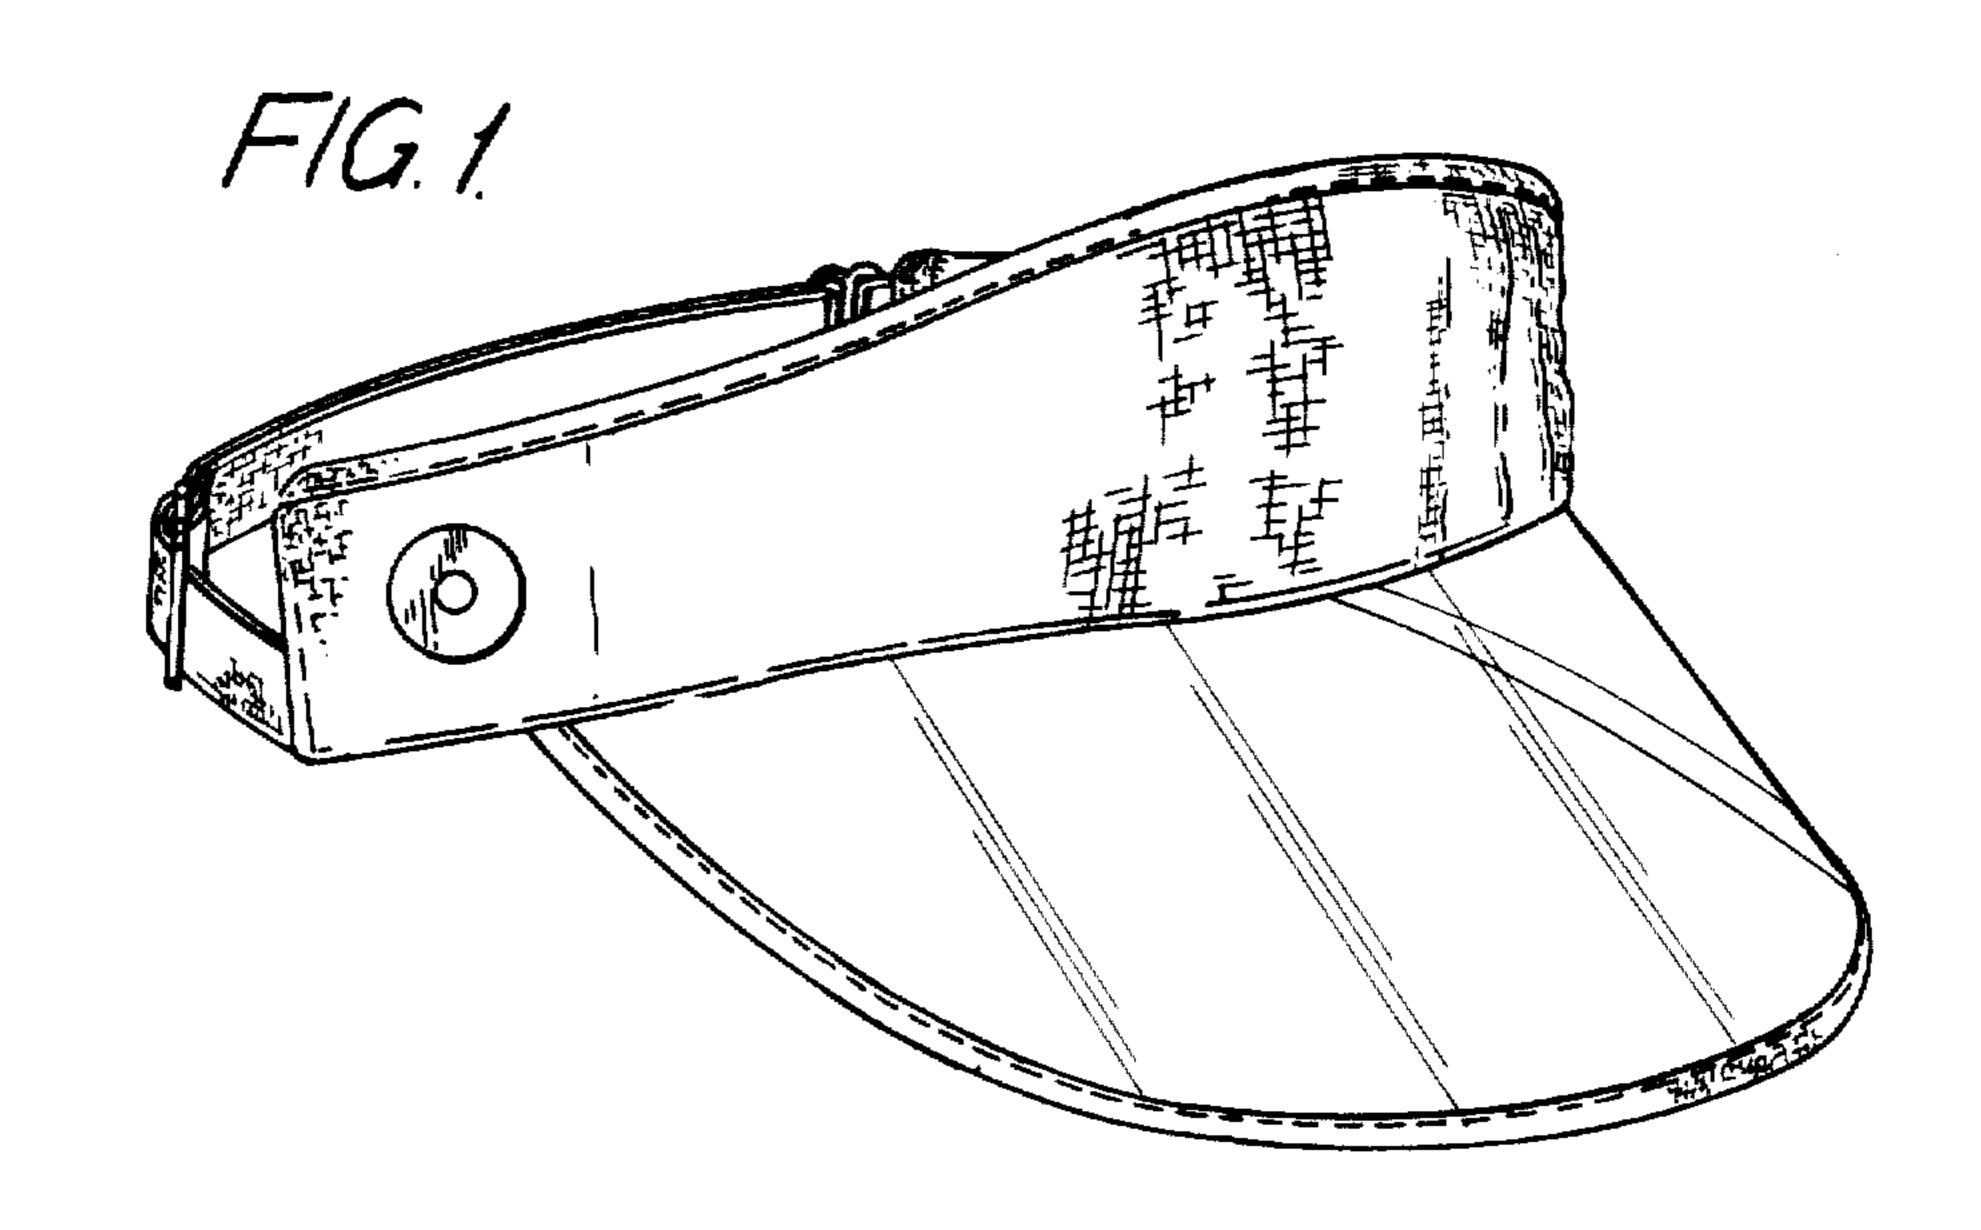

FIG. 3 is a bottom plan view thereof; and

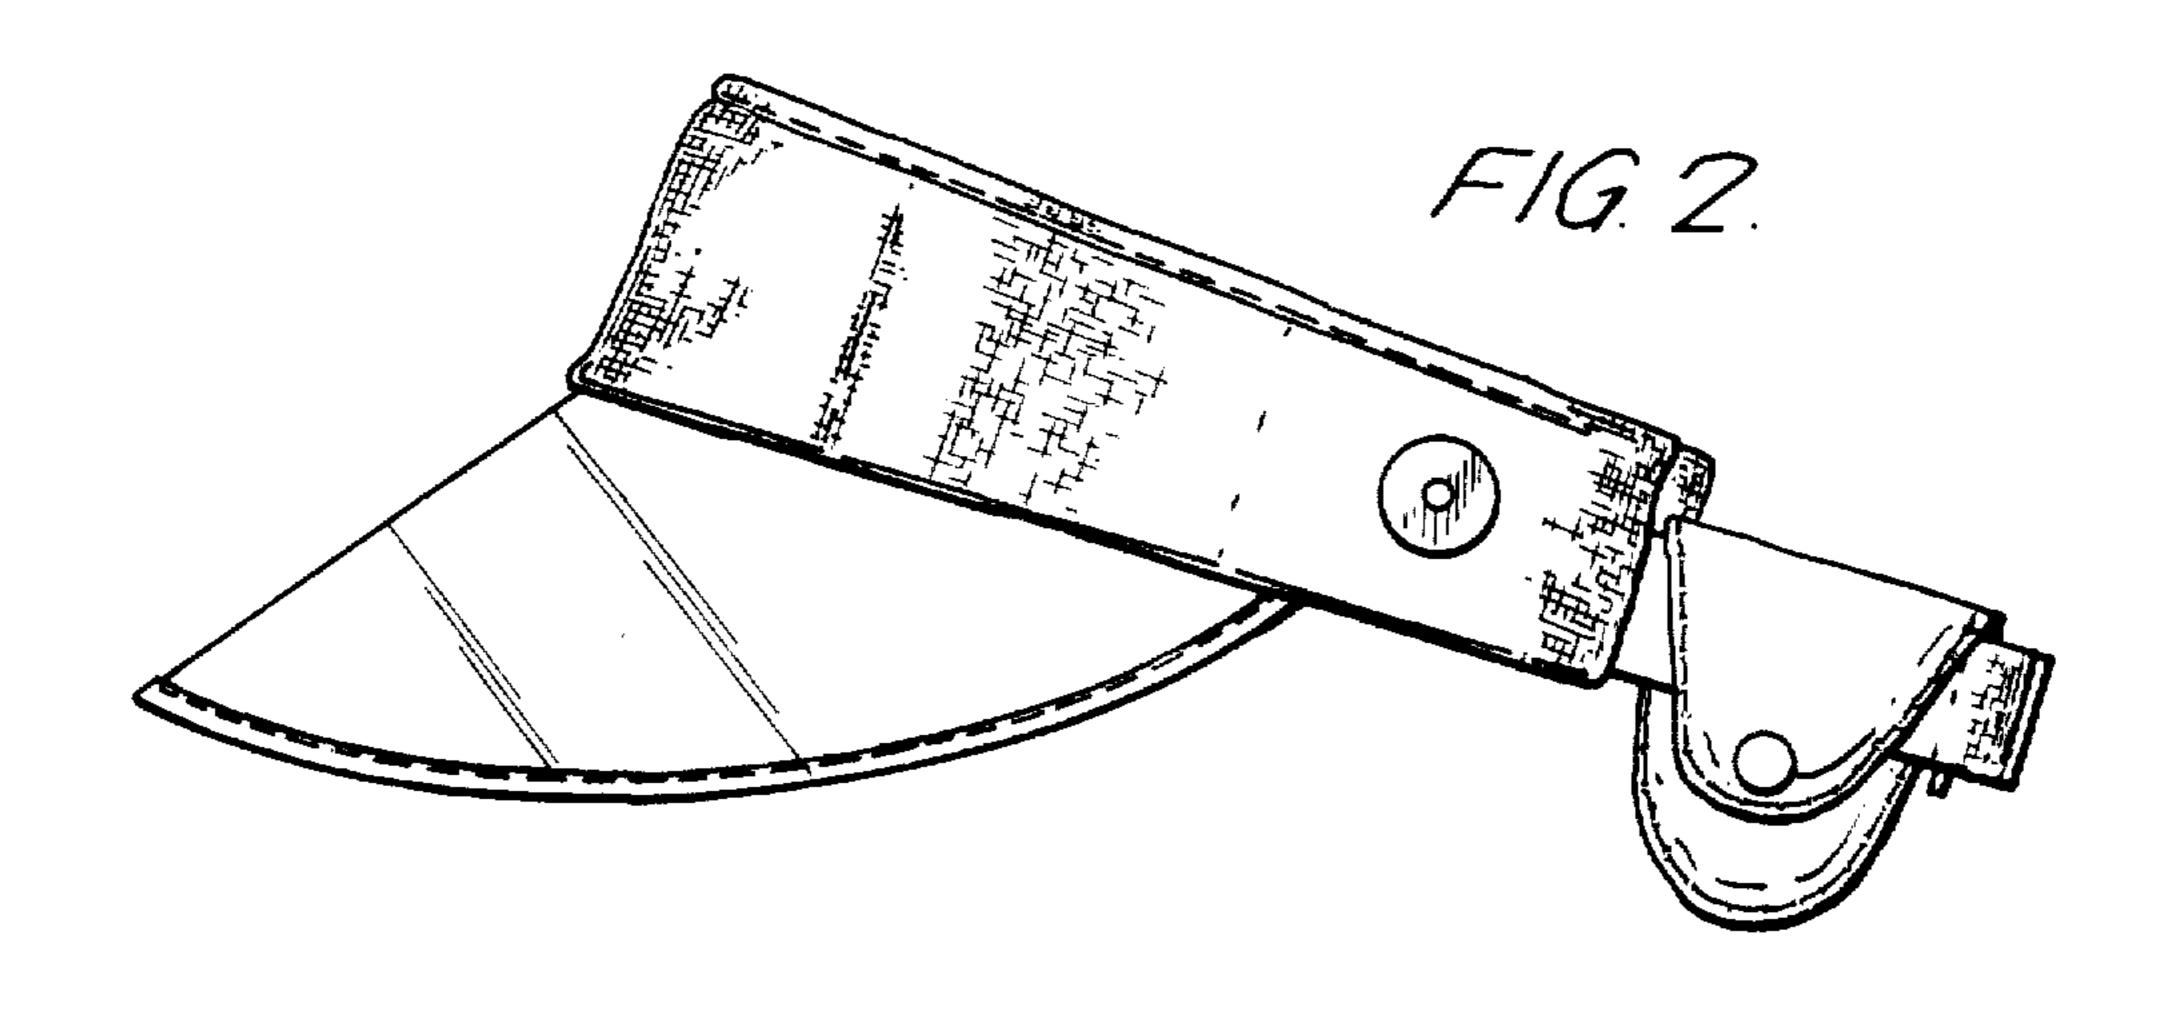

FIG. 4 is a rear elevational view thereof.

The broken lines on the border of the visor and on the forehead portion indicate stitching.
