[57] CLAIM
The ornamental design for a battery charger, as shown
and described.

DESCRIPTION
FIG. 1 is a perspective view of the battery charger
showing my new design, with typical attachable cell-
holding modules being shown in broken lines for illus-
trative purposes only;
FIG. 2 is an elevation view of the right side of the
design;
FIG. 3 is a front elevation view of the design, with the
sides of the battery charger oriented at the top and
bottom of this view;
FIG. 4 is both a top plan view thereof, the bottom plan
view being a mirror image;
FIG. 5 is an elevation view of the rear of the design,
with the left side of the battery charger being at the
bottom of this figure;
FIG. 6 is an elevation view of the left side of my new
design.
