[57] **CLAIM**

The ornamental design for a jar lid opener, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a jar lid opener showing my new design, the bottom plan view is a mirror image thereto;

FIG. 2 is a right side elevational view thereof;

FIG. 3 is a left side elevational view thereof; and

FIG. 4 is a perspective view thereof, the broken line showing of a jar is for illustrative purposes only.
