[57] CLAIM

The ornamental design for an orthopedic fixation canula, as shown.

DESCRIPTION

FIG. 1 is a top plan view of the orthopedic fixation canula showing my new design;
FIG. 2 is a side elevation view of the orthopedic fixation canula of this invention, from one side, the other side being an identical mirror image;
FIG. 3 is a bottom plan view of the orthopedic fixation canula;
FIG. 4 is a front elevation view of the orthopedic fixation canula looking toward the extending handle; and
FIG. 5 is a back elevation view of the orthopedic fixation canula taken on the opposite side of the handle.
