[57] CLAIM

The ornamental design for a multiple seating unit, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a multiple seating unit showing my design; and

FIG. 2 is a rear perspective view thereof taken from below.

FIG. 3 is a front perspective view of a modified form of my design; and

FIG. 4 is a rear perspective view thereof taken from below.

FIG. 5 is a perspective view of another modified form of my multiple seating unit; and

FIG. 6 is a perspective view of the other side and end thereof taken from below.

FIG. 7 is another modified form of my multiple seating unit design; and

FIG. 8 is a perspective view showing the other side and end thereof taken from below.

The surfaces of the seat and backrest cushions, not shown in FIGS. 5 and 7, are the same in appearance as the seat and backrest surfaces shown. The seating units are shown broken away to indicate indeterminate length.
