[57] CLAIM

The ornamental design for a desk telephone, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a desk telephone showing our new design;  
 FIG. 2 is a perspective view taken in an alternative position from that of FIG. 1;  
 FIG. 3 is a rear elevation thereof;  
 FIG. 4 is a side elevation thereof, the opposite being a mirror image of the side shown;  
 FIG. 5 is a top perspective with the telephone handset removed from the base portion;  
 FIG. 6 is a view similar to FIG. 2 with the telephone handset removed and rotated from the base portion;  
 FIG. 7 is a front perspective of a modified embodiment of the telephone illustrated in FIG. 5; and  
 FIG. 8 is a top front perspective view of the desk telephone with the handset in place on the base portion.  
 The bottom of the telephone set has no ornamental features and so a view thereof has been omitted.  
 Photographs showing the dial or pushbutton table telephone set are enclosed.
