[57] CLAIM
The ornamental design for a collapsible table, as shown

DESCRIPTION

FIG. 1 is a perspective view of the collapsible table with the center flaps closed and end flaps collapsed;

FIG. 2 is a side elevation of the collapsible table as viewed from the left in FIG. 1, the right side elevation being identical;

FIG. 3 is a top plan view of the collapsible table as shown in FIG. 1;

FIG. 4 is a front elevation of the collapsible table as shown in FIG. 1, the rear elevation being identical; FIG. 5 is a bottom plan view of the collapsible table as shown in FIG. 1; a portion of the top thereof having

been omitted for convenience of illustration;

FIG. 6 is a perspective view of the collapsible table with the center flaps collapsed and one end flap raised;

FIG. 7 is a side elevation as viewed from the right in FIG. 6;

FIG. 8 is a top plan view of the collapsible table as shown in FIG. 6:

FIG. 9 is a front elevation of the collapsible table as shown in FIG. 6 as seen looking into the end with the raised flap, the rear elevation being identical to FIG. 4; FIG. 10 is a bottom plan view of the collapsible table as shown in FIG. 6;

FIG. 11 is a top plan view of the collapsible table with the center flaps closed and both end flaps raised;

FIG. 12 is a bottom plan view of the collapsible table as shown in FIG. 11;

FIG. 13 is a front elevation of the collapsible table as shown in FIG. 11, the rear elevation being a mirror image;

FIG. 14 is a side elevation as viewed from the left of FIG. 11:

FIG. 15 is a top plan view of the collapsible table with the center flaps open and the end flaps collapsed;

FIG. 16 is a side elevation of the collapsible table as shown in FIG. 15 as viewed from the left side;

FIG. 17 is a front elevation of the collapsible table as shown in FIG. 15, the rear elevation being identical; FIG. 18 is a bottom plan view of the collapsible table as shown in FIG. 15:

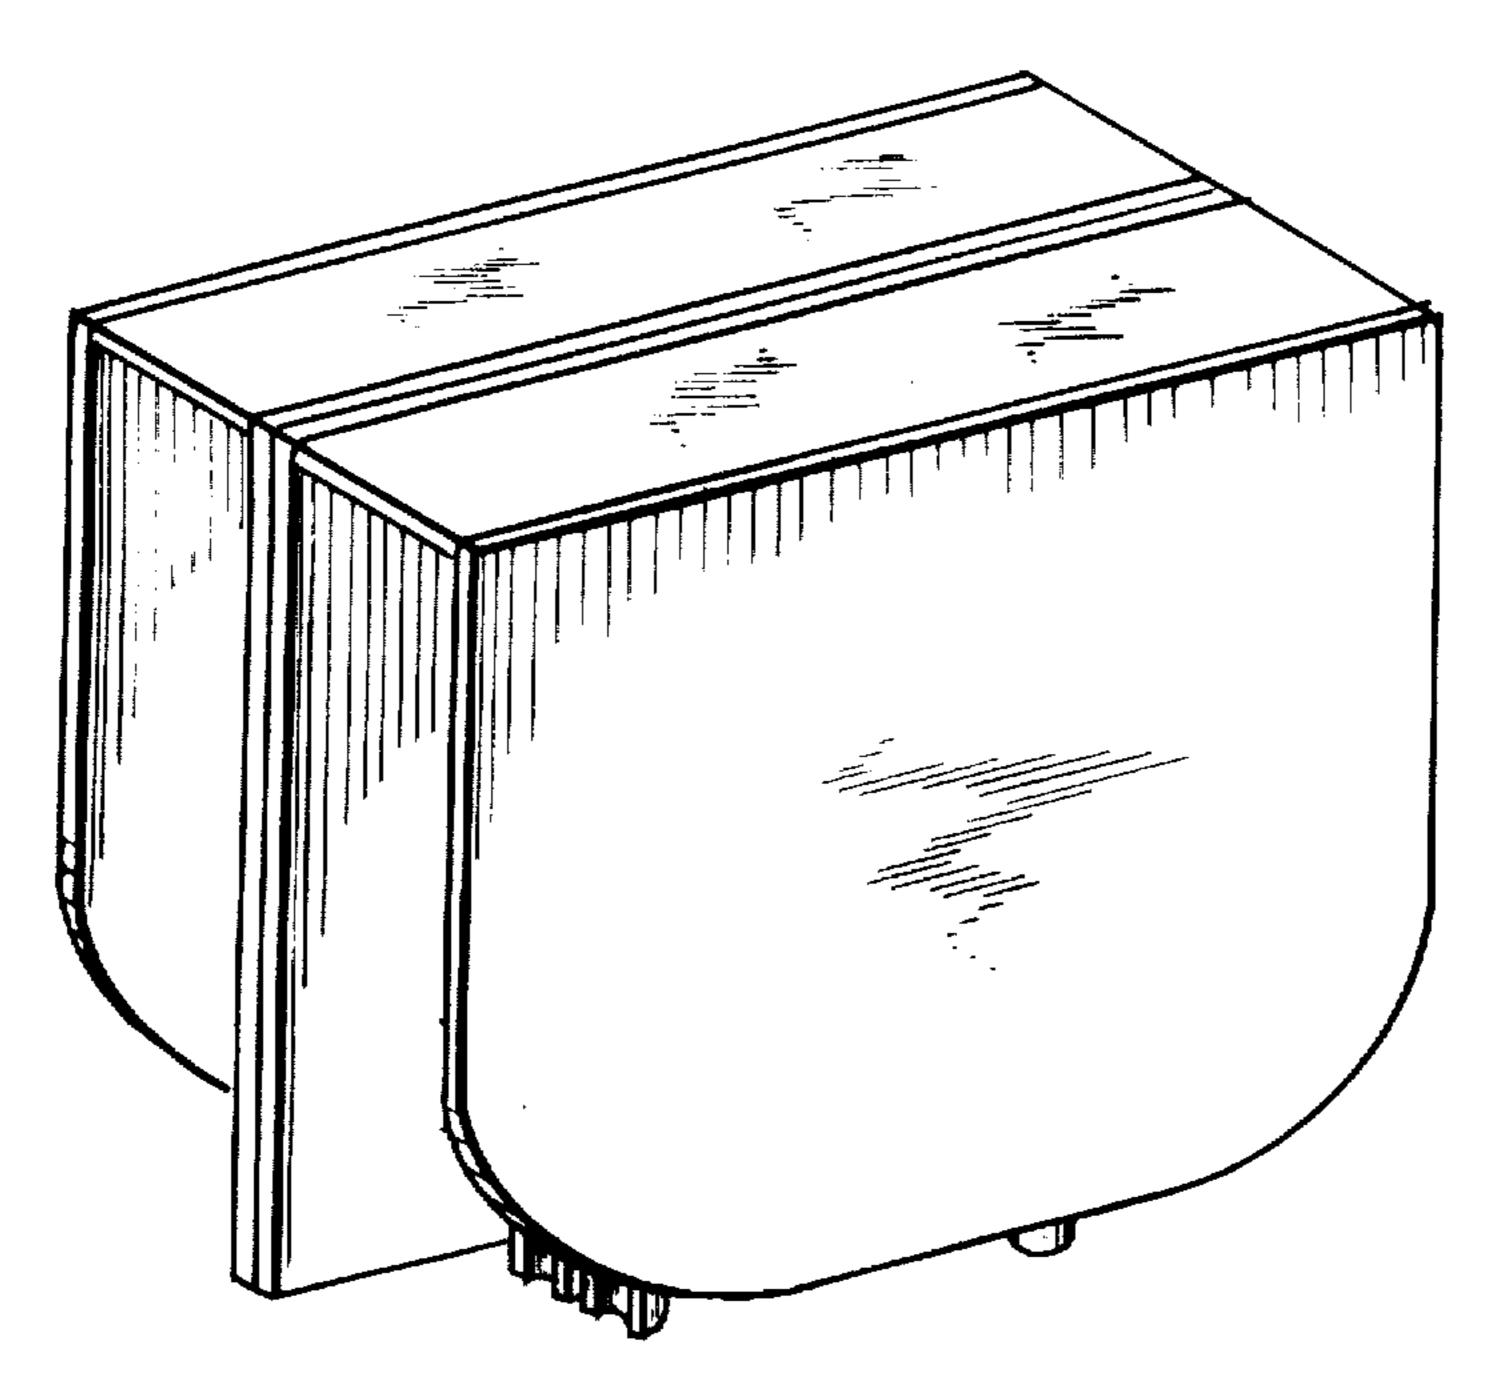

FIG. 19 is a top plan view of the collapsible table with the center flaps open and both end flaps raised;

FIG. 20 is a bottom plan view of the collapsible table as shown in FIG. 19;

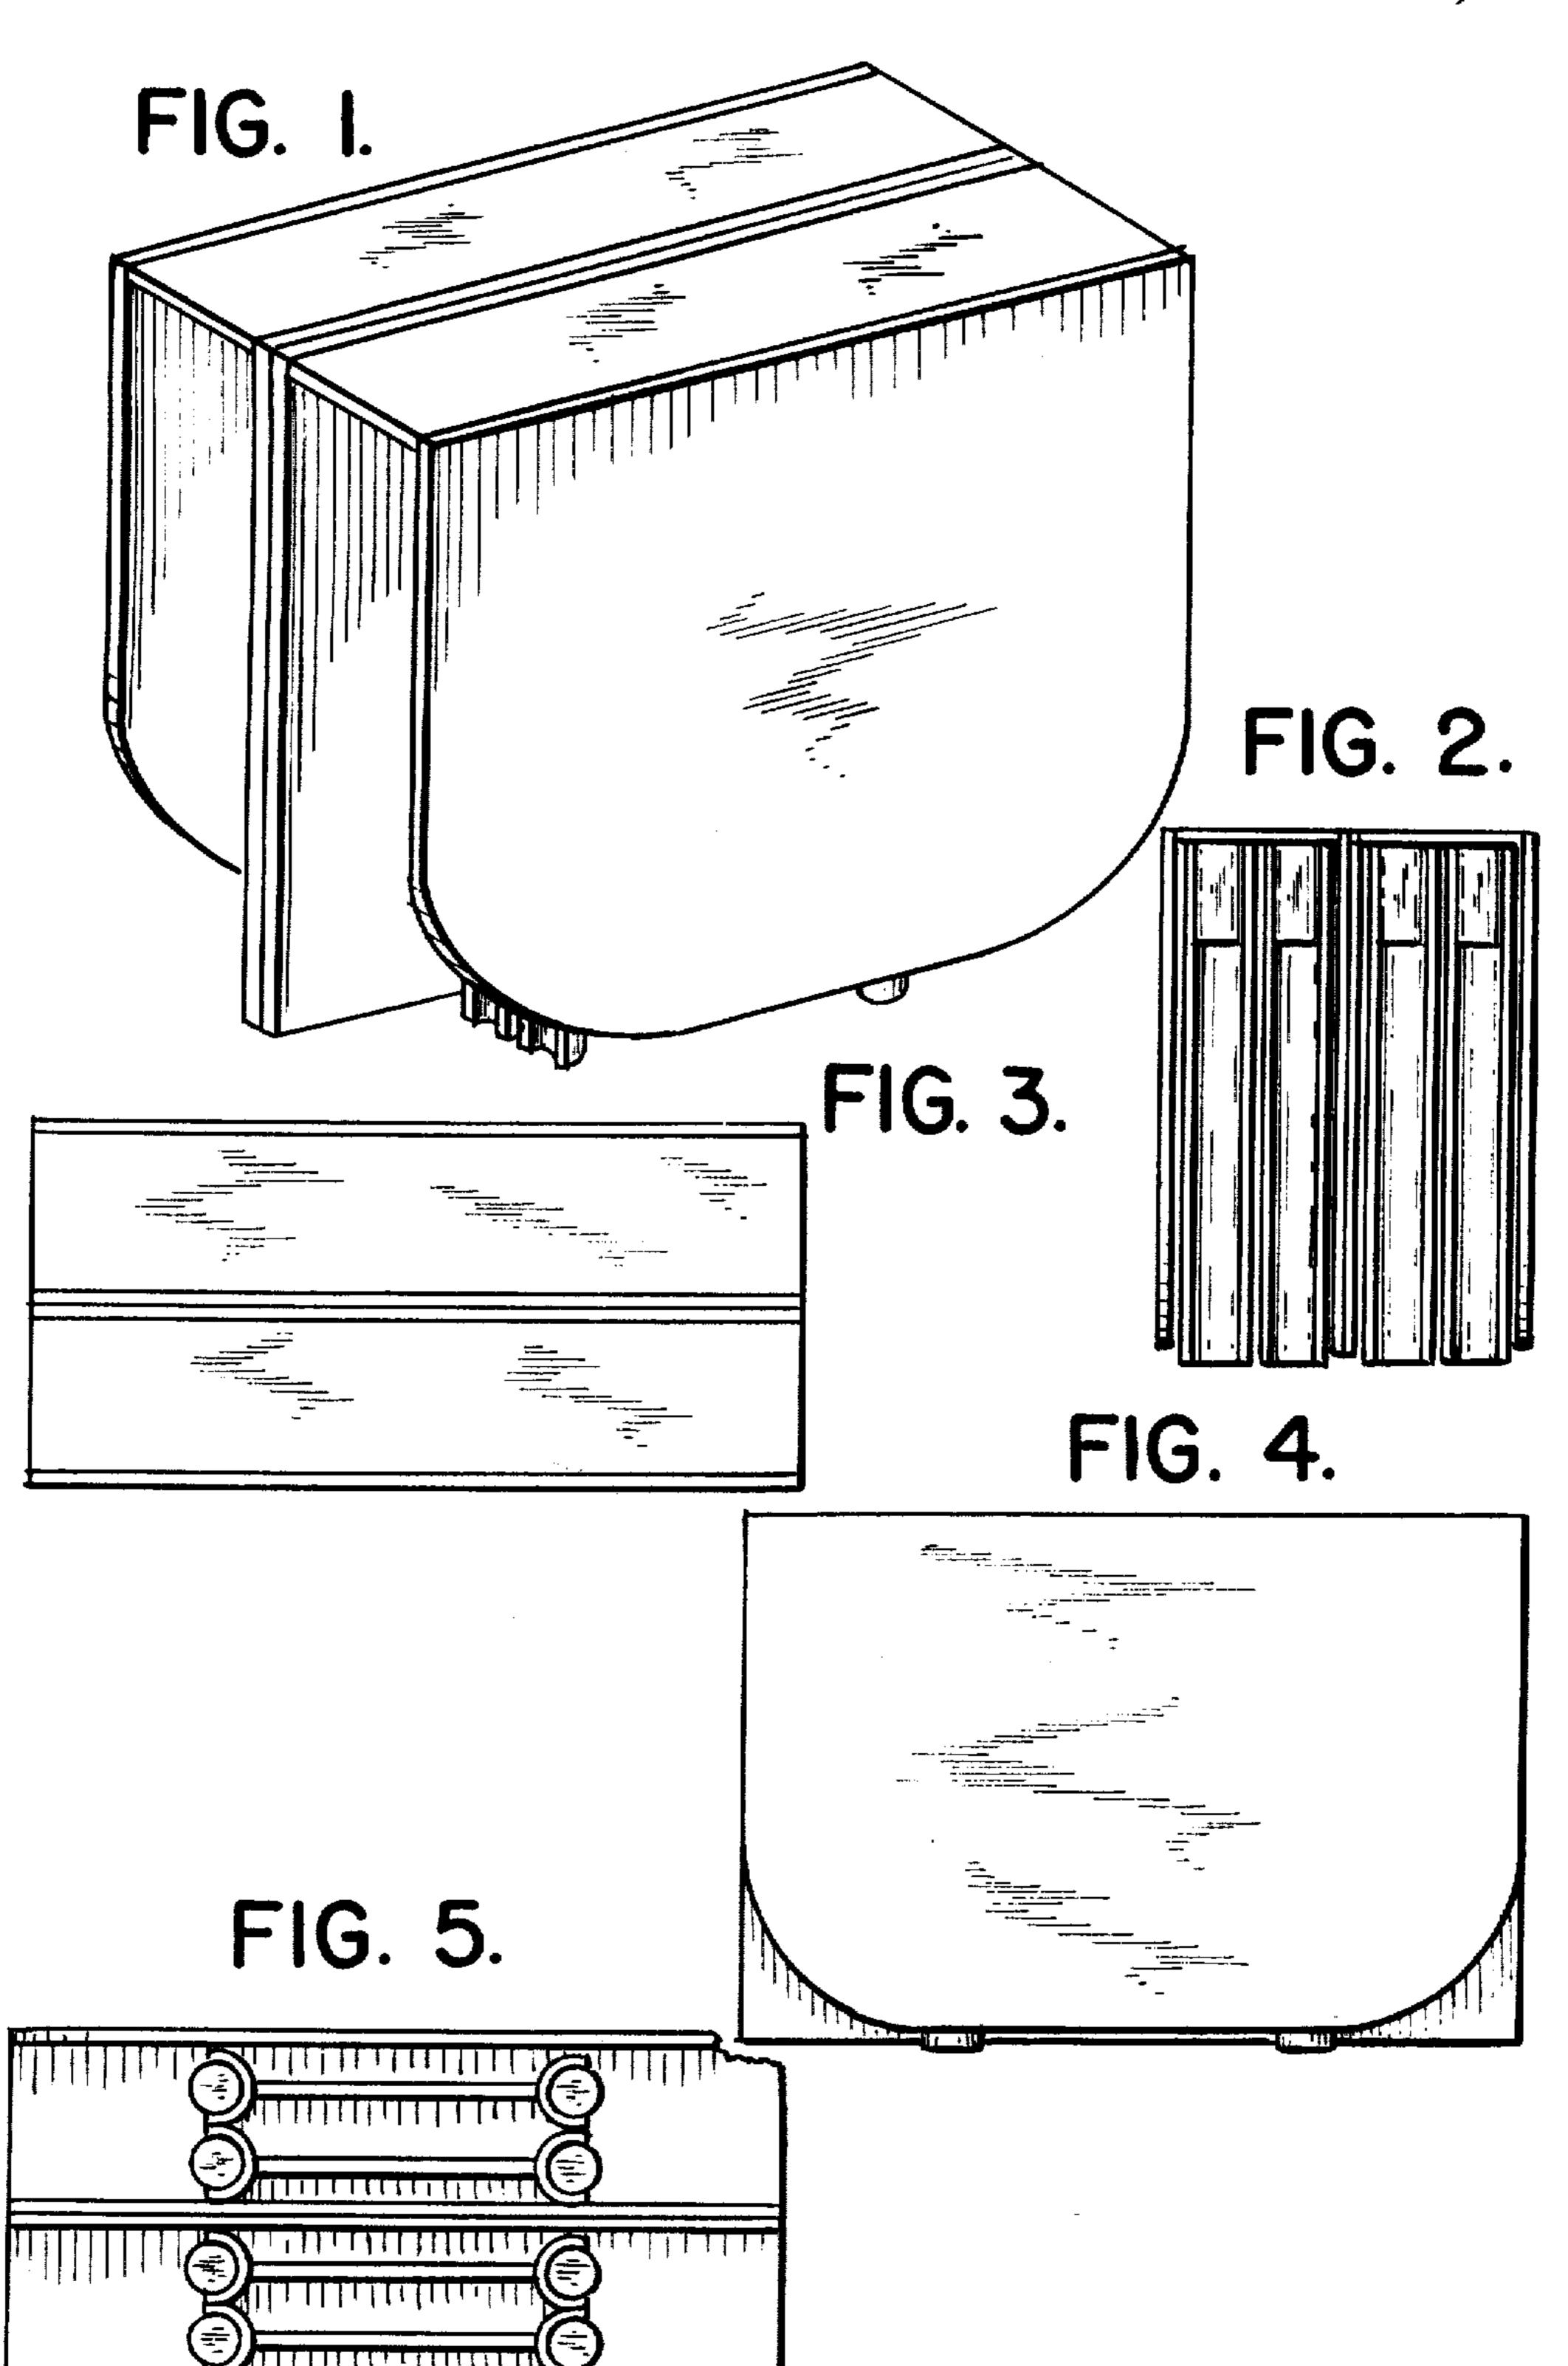

FIG. 21 is a front elevation of the collapsible table as shown in FIG. 19, the rear elevation being a mirror image;

FIG. 22 is a perspective view of the collapsible table as shown in FIG. 19; and

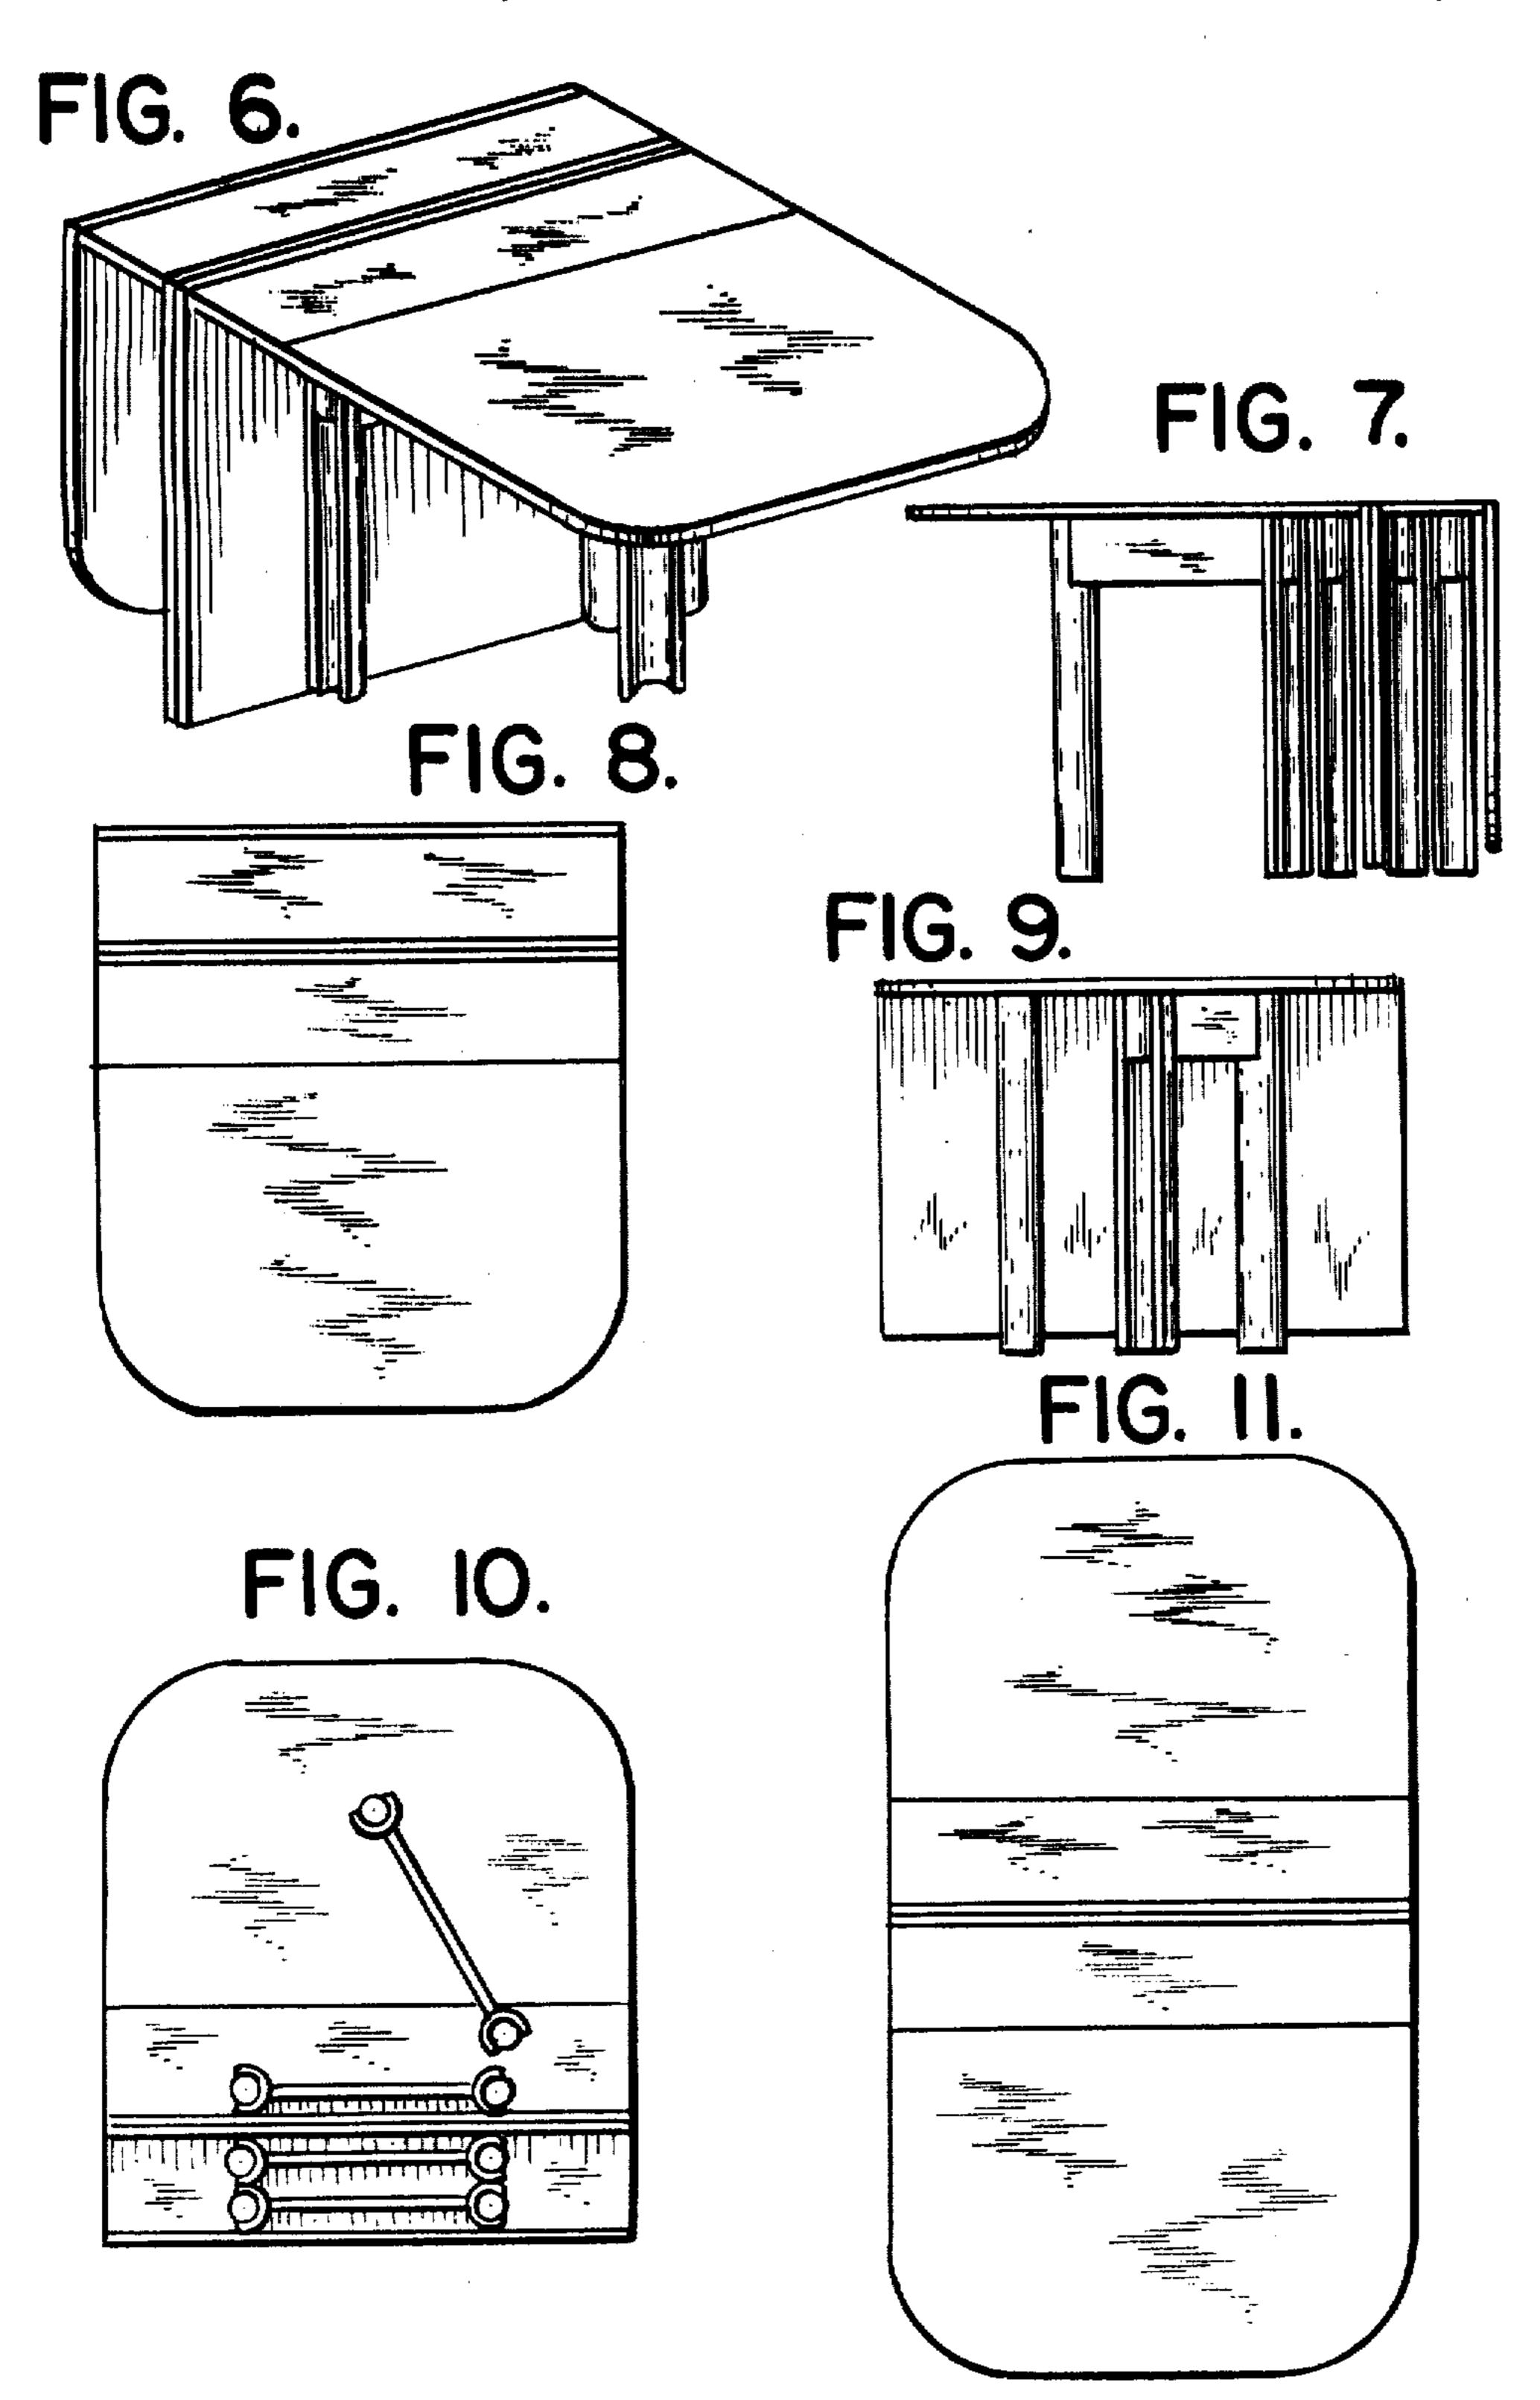

FIG. 23 is a side elevation of the collapsible table as shown in FIG. 19 as seen from the right side in FIG. 20.
