[57] CLAIM

The ornamental design for a refrigerator cabinet suitable for use on railroads and in other vehicles subject to considerable vibration, substantially as shown.

DESCRIPTION

FIG. 1 is a front elevational view of a refrigerator cabinet suitable for use on railroads and in other vehicles subject to considerable vibration showing my new design;
FIG. 2 is a side elevational view thereof, the opposite side being substantially a mirror image of that shown;
FIG. 3 is a rear elevational view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a front perspective view thereof; and
FIG. 7 is a front perspective view thereof with the door in open condition.
